tain specified ages with the means same way. of securing such an elementary Fences and gates will be the ligently to assume the ordinary 7:30. duties of American citizenship, while it also shall be a solid function of the public school from which it should not be diverted by fine theories as to the place it should occupy in an extended educational scheme beginning with the public school and ending with the university. The public school has its own proper mission which certainly

believed to be as efficient as any Wells, of like grade in the state. Only by constant and watchful care on part of those having them in control may their efficiency be maintained and increased.

Parents and guardians whose children and wards are attending them should frequently visit the schools, become acquainted with the teachers and encourage both papils and teachers by manifesting a lively interest in their work. Every right-minded teacher will

the Judge of the County Court of said Benton County, Oregon, has appointed Monday, July 1, 1901, at two o'clock P. M. thereof, as the time, and the County Court Boom in the County Court House in Corvallis, Oregon, as the place for the hearing of objections to such final account.

PERCY R. KELLY, Administrator. efficiently. Where such private schools exist within the radius of the schools controlled by them, directors should sharply inquire whether or not the abuse of power, neglect of duty or inefficleney of any teacher in the public schools under their direction, on their own part contribute to and it never fails. The price is only them become so efficient in their own proper sphere as to preelude all shadow of necessity for other agencies working on the same educational lines.

How to Build Walks.

every thing we may attempt in west of court house. planting. If these walks are not carefully studied out, and happily arranged, our grounds are a failure; while most effective Foley's Honey and Tar results may be easily attained by cures colds, prevents pneumonia.

well digested plan. However small the grounds, let the paths be sufficiently wide to be really serviceable, and have a hospitable look as nothing detracts from the appearence of a place as do narrow walks. A walk should be from five to six Oregonians feel just pride in feet wide. It is the common their system of public schools, disposition of a path to have it for which the state has made lead around, close to the house, such generous provision and for from the front to the back door, the support of which our people leaving only a little strip of turf next the building, and this en-There can be no question that cumbered with flowers.
