SENATORIAL ASPIRANTS.

It is yet too early to indicate who is most like to succeed Senator Simon. That he should desire re-election is natural and legitimate, but there are several men who are looked upon as aspirants for the office, and doubtless there are others yet in perdue. It is certain that Mr. Simon will not be re-elected without a contest. Sol Hirsh and C. W. Fulton are quite certain to be candidates, and Mr. Hermann and Judge Caples are said to be entertaining dreams of representing Oregon in the U. S. senate, so the incumbent is bound to meet all sorts of opposition to his re-election.

It is well understood that either Mr. Hirsh or Mr. Fulton will be very acceptable to Senator Mitchell, and will receive his support. Of these two it is probable Mr. Hirsh would be more acceptable, for he is not a trained lawyer, so his legal acumen would not enable him to pluck honors from Mr. Mitchell. It is asserted, too, that in the event of Mr. H. W. Corbett declining to enter the race Mr. Hirsh will receive the powerful support of the Oregonian. We are much inclined to doubt this, for the Oregonian is about as difficult to capture as the wild man of Borneo, and besides this there is material for an U. S. senator within the sound of its own press room.

C. W. Fulton is a lawyer. It is claimed that his candidacy would appeal to the young men of the party. Why this should be so is not apparent, but he is energetic, of plausible address and has quite a personal following.

Binger Hermann will probably enter the race, but cannot expect Mitchell's support, for he is too ambitious to always play the music set by Mr. Mitchell, and no risk of other strains than his must be incurred.

John F. Caples would strongly appeal to the old guard, and he has many qualifications for senator but it is doubtful if he has any aspirations in that direction.

It is not certain that Mr. Corbett will again be a candidate. If he should be, it is given out that Senator Simon will not seek the nomination, but will support Mr. Corbett.

It is asserted that no man can be nominated and elected without the support of Mr. Mitchell. The GAZETTE does not believe this; it does not believe the republican party of Oregon is willing to accept the domination of any one man, and least of all of Mr. Mitchell. He cannot control Portland and Multnomah county as he did a year ago. The Portland city charter will not present opportunities for partisan dicker in the next legislature. The primary election law drawn to perpetuate the anti-Simon, anti-Corbett interest will fail of its purpose.

The republicans of Multnomah county will not again be cajoled into giving even a little support to men so entirely destitute of political honor and principle as the majority of that county's delegation in the last legislature proved themselves to be. The republican party of the state, outside of Multnomah county, will never again permit factional quarrels there, or the selfish ambition of one man anywhere to place it in such a position that it must again incur the responsibility for, and face the odium of such utterly vicious and corrupt legislation as was attempted and accomplished at the last session of the legislature.

We believe there is vitality and virility enough in the party to compel vaulting, selfish ambition to stand aside, and to throttle factious opposition to the will and purposes of the majority.

Especially let the republicans of Multnomah county see to this, then they may reasonably hope to name the man who will be chosen next U. S. senator.

The GAZETTE intends to keep an observant eye on certain ambitious schemes which bode no good to republicanism, and which it will fiercely and fearlessly oppose.

For the Country's Good.

A farmers' institute was held at Monroe recently. It was the first meeting of this kind that was ever held in that place. The attendance was good and matters of importance to the farming classes were discussed. Among others, Dr. James Withycombe and Professors Knisely and Kent, O A C, attended this meeting. Hon. E. H. Belknap made the address of welcome, and the response was made by Dr. Withycombe.

Prof. Knisely gave a very interesting talk on "Some Soil Problem," which proved very instructive. He spoke of drainage, saying that if a plant has plenty of available plant food and the drainage is poor the crop will not be good. The professor said that he had conducted more than 350 experiments on farms and found more poor farmers than poor farms, and in many cases found fertilizers not necessary, the difficulty being that the farmers had robbed the soil of humus. If the soil is kept in the proper physical condition it will hold moisture.

The subject of "Profit in Dairying" was ably handled by Prof. Kent. He said, among other things: "In computing the returns from a cow it is customary to allow the price of the calf, the value of the skimmed milk, and the manure produced to offset the labor required in caring for the animal; hence, the amount received for butter, cheese or milk sold, less the value of the food consumed, may be considered as the net returns. The creameries and cheese factories furnish a ready means of determining the gross returns from a herd, and a little careful figuring will give a very close approximation of the value of the feed consumed. It then becomes a comparatively easy matter to determine the average net returns per cow, but averages are sometimes misleading, and the most successful dairymen apply the Babcock test and scales."

Dr. Withycombe gave a brief discourse on "Diversified Farming." He said that this is a progressive age, and the past two decades have seen astounding revolutions in merchantile pursuits and manufacturing enterprises, in fact, this holds good in every department of human energy, with the possible exception of farming. Among our farmers the same old systems of exclusive grain-growing seem to prevail, and but slight deviations from the well beaten path of our ancestors are noted.

Dusty Picnic.

The big union picnic of the W. of W. and the sixteen school districts of the southern part of our county was successfully held last Saturday. The W. of W., Dusty Camp 429 made a record for thrift, industry and entertainment. Much of the credit for such a successful gathering is due the boys from the Dusty Camp. The school furnished one of the best literary programs ever rendered in Benton county. There were two bands present to furnish music for the day. The procession was very pretty. It extended over a quarter of a mile. The contests were: chopping contest, won by Philomath Camp; sawing contest, won by Dusty Camp; tug of war, won by Dusty Camp; Clay pigeon shoot, won by Philomath team. The other contests were, nail driving, drinking, cracker eating, and apple eating.

The well dressed man "gets there." Come and see our new spring suits. Nolan & Callahan.

Skin affections will readily disappear by using DeWitt's Witch Hazel Salve. Look out for counterfeits. If you get DeWitt's you will get good results. It is the quick, positive cure for piles.—Graham & Wells.

You will waste time if you undertake to cure indigestion or dyspepsia by starving yourself. That only makes it worse when you do eat heartily. You always need plenty of good food properly digested. Kodol Dyspepsia Cure is the result of years of scientific research for something that would digest not only some elements of food but every kind. And it is the one remedy that will do it. —Graham & Wells.
