

### Catarrh

Is a constitutional disease. It originates in a scrofulous condition of the blood and depends on that condition. It often causes headache and dizziness, impairs the taste, smell and hearing, affects the vocal organs, disturbs the stomach. It is always radically and permanently cured by the blood-purifying, alterative and tonic action of

Three years ago I had a severe attack of la grippe, which left me almost a physical wreck. To add to my wretched condition, a severe form of Rheumatism developed. I tried all the physicians in our city, but none of them could do me any permanent good. I used all the rheumatic cures I could hear of, but received no benefit. After beginning R. S. S. I was relieved of the pains and have gained in flesh and strength and my general health is better than for years. I consider R. S. S. the grandest medicine in the world and heartily recommend it to any one seeking relief from the tortures of Rheumatism.

B. F. GREGORY, Union, S. C.

Liniments, plasters, electricity and lead case, cannot be called cures, for the disease returns with every change of the weather. S. S. S. cures Rheumatism by working a complete change in the blood; the acids are neutralized, the circulation purified and the rich, healthy blood that is carried to the irritated, aching muscles and joints, soothes and heals them. S. S. S. cures Rheumatism even when inherited or brought on by the excessive use of mercury. Opium, in some form, is the basis of nearly all so-called Rheumatic Cures, which deaden the pain but do not touch the disease and lead to ruinous habits. Alkalies and the potash and mineral remedies so often prescribed, affect the tender lining of the stomach and weaken the digestion, thus adding another burden to the already weak and impoverished blood. S. S. S. contains no mineral or dangerous drug of any kind, but is a simple, vegetable remedy and the most perfect blood purifier known. Send for our book on Rheumatism and write our physicians if you wish any information or advice. We would be glad to mail you a book free; we charge nothing whatever for medical advice.

Indigestion and stomach trouble have many results that are not always readily traced to their real cause. Sometimes the kidneys are apparently affected but more often an irregularity of the heart's action produces a far more alarming symptom. The cause is easily explained and is removed when the stomach trouble is cured. A case in point is that of Mrs. W. T. Clark, of 318 West Thomas street, Rome, N. Y. She says:

"To begin with, I had gastritis, which brought on sinking spells for about an hour every morning. I was very weak and nervous and finally was compelled to take to my bed. My illness began in the spring of 1897, and continued for about four months. For about half this time I was confined to my bed. I suffered greatly from the stomach trouble and nervousness, but what alarmed me most was the sinking feeling at the heart."

"I had read about Dr. Williams' Pink Pills for Pale People and when some of my friends recommended the pills very highly, I decided to give them a trial. I bought one box and by the time this was used up the sinking spells had ceased. I felt better but continued taking the pills until I had used 12 boxes. I still keep the pills in the house for I believe that they are a splendid medicine. I always recommend Dr. Williams' Pink Pills to my friends who are ailing for I know that they will do all that is claimed for them."

A Hebrides Island for Sale.

It is announced that the Duke of Argyll intends to sell Trec, the most fertile island of the Argyle Hebrides. It is some twelve miles long and four miles broad. By reason of its fatness, Trec is prettily described in an ancient Celtic legend as "the kingdom whose summits are lower than the waves." Around the coast there are some forty ruined watch towers of unknown history and several "standing stones." The Duke's factor's house was erected in the middle of the eighteenth century on the site of the venerable ruin of a turreted castle—London Chronicle.

Fears a Bamber Famine.

If it were not for the foreign supplies England receives a timber famine would have overtaken the country long ago, because the home-grown supply has not been able to meet a tithe of the demand for long enough, and that only of inferior kinds of timber. If the foreign supply of fir alone was to fall off sensibly now the whole building trade of the country would come to a partial standstill and the wagon companies would be next to idle.

Tried to Please Her.

Mistress—I'd just like to know what was the meaning of all that loud and angry talking down stairs last night?

Domestic—That was just me and me husband, mum.

"Your husband? You told me when you came that you were not married."

"I wasn't, then, mum; but you complained about havin' so much love-makin' in 'n' kitchen, so I married one of 'em."—New York Weekly.

Altogether Different.

"It's all very well before a girl's married for her to get a frowner in her hair," remarked the Observer of Events and Things, "but it's an entirely different matter if after she's married she gets her hair in the flour."—Yorker Statesman.

The Only Way.

An Illinois attorney argued to the court, one after another, a series of very weak points, none of which seemed to the court to have any merit, until the court finally said:

"Mr—, do you think there is anything in these points?"

"Well, judge, perhaps there isn't much in any one of them alone, but I didn't know but your honor would kind of bunch them."

King Henry's Debts.

Duke Henry—My dear, why are all of those royal carriages standing out in front of the palace?

Queen Wilhelmina—I wonder that you ask. They are standing there to prevent the wretched collection agency from stopping its dead wagon in front of the door. That's why.

The New Bicycle.

Bicycle manufacturers state that the bicycle for this year will be practically the same model as 1900, as improvement seems to be impossible. Precisely the same is true of Hostetter's Stomach Bitters. It represents the limits of science, and it is impossible to make a better medicine for the stomach, liver, kidneys and blood. Try it for dyspepsia, indigestion, constipation, flatulency, or sour stomach, and you will be convinced. Never take a substitute.

A Time for Everything.

"I have made all the arrangements for your divorce," said the lawyer.

"Shall I secure it at once?"

"No," replied the sensational actress, "after some reflection." "Not yet. My press agent is on his vacation."

The cause is easily explained and is removed when the stomach trouble is cured. A case in point is that of Mrs. W. T. Clark, of 318 West Thomas street, Rome, N. Y. She says:

"To begin with, I had gastritis, which brought on sinking spells for about an hour every morning. I was very weak and nervous and finally was compelled to take to my bed. My illness began in the spring of 1897, and continued for about four months. For about half this time I was confined to my bed. I suffered greatly from the stomach trouble and nervousness, but what alarmed me most was the sinking feeling at the heart."

"I had read about Dr. Williams' Pink Pills for Pale People and when some of my friends recommended the pills very highly, I decided to give them a trial. I bought one box and by the time this was used up the sinking spells had ceased. I felt better but continued taking the pills until I had used 12 boxes. I still keep the pills in the house for I believe that they are a splendid medicine. I always recommend Dr. Williams' Pink Pills to my friends who are ailing for I know that they will do all that is claimed for them."

No discovery of modern times has proved such a blessing to women as Dr. Williams' Pink Pills for Pale People. Acting directly on the blood and nerves, invigorating the body, regulating the functions, they restore the strength and health in the exhausted patient when every effort of the physician proves unavailing. These pills are sold in boxes at 50 cents a box or six-boxes for \$2.50, and may be had at all druggists, or direct by mail from Dr. Williams' Medicine Co., Schenectady, N. Y.

Indigestion and stomach trouble have many results that are not always readily traced to their real cause. Sometimes the kidneys are apparently affected but more often an irregularity of the heart's action produces a far more alarming symptom. The cause is easily explained and is removed when the stomach trouble is cured. A case in point is that of Mrs. W. T. Clark, of 318 West Thomas street, Rome, N. Y. She says:
