Salt Rheum

It may become chronic.

It may cover the body with large, inflamed, burning, itching, scaling patches and cause intense suffering. It has been known to do so.

Do not delay treatment.

Thoroughly cleanse the system of the humors on which this ailment depends and prevent their return.

The medicine taken by Mrs. Ida E. Ward, Cove Point, Md., was Hood's Sarsaparilla. She writes: "I had a disagreeable itching on my arms which I concluded was salt rheum. I began taking Hood's Sarsaparilla and in two days felt better. It was not long before I was cured and I have never had any skin disease since."

Hood's Sarsaparilla

Promises to cure and keeps the promise. It is positively unequaled for all cutaneous eruptions. Take it.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Street-Car Pass for Dog.

A Detroit man has a pass which entitles him to carry his dog with him on the street cars. The pass is in the shape of a photograph of the dog, on the back of which is an order, signed by the superintendent of the lines, directing the conductors of all cars to permit the dog to ride. The dog—a Boston terrier—is known to nearly all the conductors, and it is rarely necessary for the owner to show his order.

The Distinctions.

St. Jacobs Oil for Chest Colds, Bronchitis, Croup and Pleurisy.

An outward application for bronchial difficulties is many times far more effective than syrups, cough mixtures, cod liver oil, etc., simply because it penetrates through to the direct cause, which is, as a rule, an accumulation of matter or growth tightly adhered to the bronchial tubes.

St. Jacob's Oil, possessing as it does those wonderful penetrating powers, enables it to loosen these adhesions and to induce free expectoration. Cases have been known where expectorations have been examined after St. Jacob's Oil has been applied, and the exact formation was clearly shown where the adhesions had been removed or pulled off the bronchial tubes. All irritation of the delicate mucous membrane of the bronchae is quickly removed by the healing and soothing properties of St. Jacob's Oil. In cases of croup and whooping cough in children St. Jacob's Oil will be found superior to any other remedy.

St. Jacob's Oil is for sale throughout the world. It is clean to use—not at all greasy or oily, as its name might imply. For rheumatism, gout, sciatica, neuralgia, cramp, pleurisy, lumbago, sore throat, bronchitis, soreness, stiffness, bruises, toothache, headache, backache, feetache, pains in the chest, pains in the back, pains in the shoulders, pains in the limbs, and all bodily aches and pains it has no equal. It acts like magic. Safe, sure and never failing.

The Change of Life

Is the most important period in a woman's existence. Owing to modern methods of living, not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

Those dreadful hot flashes, sending the blood surging to the heart until it seems ready to burst, and the faint feeling that follows, sometimes with chills, as if the heart were going to stop for good, are symptoms of a dan-

gerous, nervous trouble. Those hot flashes are just so many calls from nature for help. The nerves are crying out for assistance. The cry should be heeded in time. Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life.

It builds up the weakened nervous system, and enables a woman to pass that grand change triumphantly.

"I was a very sick woman, caused by Change of Life. I suffered with hot flushes, and fainting spells. I was afraid to go on the street, my head and back troubled me so. I was entirely cured by Lydia E. Pinkham's Vegetable Compound."—MRS. JENNIE NOBLE, 5010 Keyser St., Germantown, Pa.

Thrown from His Cab and Killed.

The following is a most interesting and, in one respect, pathetic tale:—

Mr. J. Pope, 42 Ferrar Road, Streatham, England, said:

"Yes, poor chap, he is gone, dead—horse bolted, thrown off his seat on his cab he was driving and killed—poor chap, and a good sort too, mate. It was him, you see, who gave me that half bottle of St. Jacob's Oil that made a new man of me. 'Twas like this: me and Bowman were great friends. Some gentleman had given him a bottle of St. Jacob's Oil which had done him a lot of good; he only used half the bottle, and remembering that I had been a martyr to rheumatism and sciatica for years, that I had literally tried everything, had doctors, and all without benefit, I became discouraged, and looked upon it that there was no help for me. Well," said Pope, "You may not believe me, for it is a miracle, but before I had used the contents of the half bottle of St. Jacob's Oil which poor Bowman gave me, I was a well man. There it is, you see, after years of pain, after using remedies, oils, embrocations, horse liniments, and spent money on doctors without getting any better, I was completely cured in a few days. I bought another bottle, thinking the pain might come back, but it did not, so I gave the bottle away to a friend who had a lame back. I can't speak too highly of this wonderful painkiller."

SEATS OF MONARCHS.

King Edward and Czar Nicholas Have Several Royal Chairs.

Great Britain has no distinctive and exclusive throne. Instead, there are four—the wooden chair, with the slab of Scotch stone, in Westminster Abbey, which has served as the coronation seat of the monarchs of this realm for seven centuries; the sumptuous chair of state in the House of Lords; the chair on which the late Queen sat when holding a drawing room in Buckingham Palace, and the gilt arm chair at Windsor, in which the sovereign sits to receive let-

ters of credence or recall from foreign envoys, or accord audience to dusky potentates.

The Czar of Russia is even more diversely throned. Each of a dozen chairs of state are at various times styled the Russian throne. The two most remarkable are the chairs of Ivan the Terrible and the one in St. George's Hall of the Winter Palace at St. Petersburg. The former is of turquoises. In the back alone there are 10,000 of these gems. The other chair is of costly woods, with ivory and gold, richly jeweled, and embossed with the imperial eagle. The seat is of ermine, and the arms are ivory tusks.

Further east, in Teheran, the Shah displays himself on a white marble throne, looted from Delhi in 1739. It is of ivory, overlaid with gold, and ablaze with gems, its value being estimated at over £1,000,000.

Women in Old Egypt.

The religious Egyptian believed his ulterior happiness and his everlasting union with the divinities in the eternal world to be wholly dependent upon his preparations beforehand, and with these the wife had much to do. She was, in fact, as the mother of his children, his savior and liberator, for none but a son could pray for the father's soul on its way to paradise, and she was entitled to and received his homage and loyal obedience. In those days the "gray mare was the better horse," and she was treated accordingly.

SAVED BY A FRIEND

One Woman Rescued From Death by Another.

"If it had not been for one of my friends I would not be here to tell the tale."

These were the words of Miss Frances Hathaway, of No. 416 Pine street, Kalamazoo, Mich., whose interview is published in the Holland, Mich., Times.

"It is really remarkable that I did not lose my life," she said. "When I was 16 years old was taken ill. I was pale and weak and grew easily tired and the family doctor seemed unable to help me at all."

"Didn't you try any other physicians?" asked the newspaper man.

"Yes, but they did not help me either. My parents tried various remedies and treatment but I only kept getting worse. By the time I was 19 years old I was thin and bloodless as a ghost."

"What did the doctors call your disease?" inquired the reporter.

"They said my blood had turned to water and I had anaemia. I felt dreadful. It was about this time that Miss Huntley advised me to try Dr. Williams Pink Pills for Pale People, as she had been cured of a somewhat similar trouble by their use. I bought a box and before I had taken all the pills I found that they were doing me good. My appetite increased and the healthy color began to show in my cheeks and lips. I continued to use the pills until I had taken fifteen boxes when I found myself entirely cured."

"Have you ever had any return of the trouble?" asked the reporter.

"No; never a bit. I cannot remember a time when I was as strong and healthy as now. I know that Dr. Williams' Pink Pills for Pale People saved my life and I believe that no other medicine could have done so."

Anaemia is not the only disease which succumbs to the potent influence of Dr. Williams' Pink Pills for Pale People. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions and all forms of weakness either in male or female. They are sold by all druggists or direct from Dr. Williams' Medicine Co., Schenectady, N. Y. Price 50 cents per box; six boxes, $2.50.

CANCER SSS

The diseases most feared are those which are inherited—handed down from generation to generation, and family to family. By far the most destructive of these is Cancer, which finds the greatest number of its victims among the children and grand-children of those whose blood was tainted with this dreadful malady. You may carry this poison in the blood for years, but as the vital powers begin to wane a slight bruise or cut, wart or mole, sore or pimple may develop into Cancer. From middle life to old age is the time when the slumbering poison is most apt to break out, a sore or ulcer often degenerating into Cancer, and Tumors become more progressive and ulcerate through the skin, the sharp, shooting pains causing the most intense suffering.

The Cancer patient naturally grows despondent as one after another the usual remedies fail, and the sore shows no sign of healing. The impurities that have been accumulating in the system, perhaps for generations, cannot be eliminated nor the poisoned blood made pure by salves, washes and plasters. The proper treatment is to purify and build up the blood, remove the cause, when the sore or ulcer heals.

S. S. S. goes directly into the blood, destroys the virus, stops the formation of Cancerous cells and cleanses the system of impurities. What we say of S. S. S. as a cure for Cancer is supported by the testimony of those who have tested it and been restored to health.

Mr. J. B. Arnold, of Greenwood, S. C., writes: "A tiny ulcer came, just under the left eye. It began spreading, and grew worse rapidly, destroying the flesh as it went. As Cancer is hereditary in my family I became thoroughly alarmed, consulting the best physicians and taking many blood medicines, none of which did me any good, when one of our leading druggists advised me to try S. S. S., and by the time I had taken the second bottle the Cancer began to show signs of healing, the discharge grew gradually less and finally ceased altogether, the sore dried up and nothing remains but a slight scar. I feel that I owe my life to S. S. S."

Begin in time, don't wait until the blood is so polluted and the system so thoroughly saturated with the poison that no medicine, however efficacious, can check the progress of the disease. If there is a taint in your blood get it out at once, don't wait for some external evidence of it, the appearasce of a tumor or ulcer. We have prepared a special book on Cancer which we will mail free. Our physicians are ready to help you by their advice and such direction as your case requires. Write us fully and freely—no charge for medical advice. THE SWIFT SPECIFIC CO., ATLANTA, GA.
