

TONGUE STRONGLY ENDORSED.

Even the most ardent supporters of Mr. Tongue were surprised at the size of his majority in this county. Two years ago he received but 31 votes more than Bernard Daly in Benton county, and his majority this year over J. K. Weatherford is 198. Mr. Tongue could ask for no higher endorsement; the people of Benton county could give no better evidence of appreciation of his services and confidence in his ability.

While it was known that Mr. Tongue had gained in popularity and his course in congress met with general approval, it was believed that Mr. Weatherford would be given a complimentary vote here and in Linn county. He is an estimable gentleman, and possesses marked ability. For years he has lived in this vicinity. He is a graduate of the State Agricultural college, and is now president of the board of regents of that institution. In his speech at the court house at the close of the campaign, he assured republicans that he was for retention of the Philippine Islands until a permanent government was established, and if, when this had been accomplished, the people of the United States shall declare by their ballots in favor of permanently holding that territory, he will cheerfully acquiesce.

But the people were for Mr. Tongue and nothing could win them from him.

The "initiative and referendum" amendment to the state constitution carried by an overwhelming majority in Benton county, as it probably did in the state. It now remains to be seen what use will be made of this opportunity to "make or break" legislation by those who voted for the amendment.

The new legislature, leaving out the senator from Linn county where Kelly and Miller are tied, will be 72 republicans to 17 democrats on joint ballot. In the senate are 24 republicans and five democrats, and in the house 48 republicans and 12 democrats.

The election of Geo. H. Williams to be mayor of Portland is gratifying to people generally throughout the state. He is Oregon's "grand old man," and a keen interest was taken in his contest with Mr. Inman.

The prohibition vote for Hiram Gould for congress from this district was 103 in Benton county. In 1896 that party polled 23 votes; in the spring of 1900, 98; and for Wooley for president the same year, 81.

The socialist vote in this county for supreme judge, an office conceded to bring out the full party strength, was 130.

Brain-Food Nonsense.

Another ridiculous food fat has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. Green's reliable remedies at Graham & Wortham.
