FIGHT MOMENTARILY EXPECTED

The convicts Tracy and Merrill, whose daring escape from the penitentiary at Salem, last Monday morning at 7 o'clock has been followed by a persistent hunt by men and bloodhounds, are now surrounded and their capture is momentarily expected.

The following dispatch was received by the GAZETTE, just before going to press.

SALEM, June 12, 3:30 p. m.—Convicts Tracy and Merrill are now at Butte creek bridge near Needy. The Clackamas sheriff and posse have joined the Marion county sheriff and posse. They have Tracy and Merrill surrounded and a fight is expected at once. STATESMAN.

Medals Have Arrived.

The medals and diplomas awarded to Oregon exhibitors at the Pan-American Exposition last year have arrived, and A. P. Tift, chairman of the Oregon commission, has been busy sending them out to the lucky exhibitors. There are a total of 132 medals to be given out, of which 27 are gold, 33 silver and 72 bronze, in addition to 102 honorable mention diplomas. Each recipient of a medal also receives a diploma. The gold medals are plated, but the silver and bronze are made of the genuine metal.

The delay in receiving the awards was due to the failure of the Exposition management to bear the cost of manufacturing the medals. The plates consequently had to be paid for by the Oregon commission, which, by its economy, saved enough of its appropriation to stand the expense. The plates are all cast in the official Pan-American dies. It is gratifying to know that Oregon's exhibits were second to none and were awarded more medals than any other state.

The following exhibitors in this vicinity received awards: Agricultural College—Collection of grasses and forage plants; bronze medal. H. F. Fisher—wheat flour; silver medal. Corvallis Lumber Company—Oregon hardwoods; silver medal. Agricultural College—Wheat and oats; gold medal. J. R. Brown—Flax; gold medal.

evening. Harry received quite a severe kick on the right leg, while Con's nose indicates that it assisted in breaking the force of his fall when he was dragged overboard. Sympathizing friends are requested not to pry too deeply into the details of this adventure. However, all jokes aside, it was a narrow escape for all concerned.

Children's Day.

Children's Day was appropriately observed by the Sunday School of the Presbyterian church last Sabbath. The program embraced music and recitations of more than ordinary merit. A duet rendered by Mrs. Andrew Carrick and Mr. Otto Herse would have been heartily enjoyed at any other place and on any other occasion. The anthem, "Praise Ye the Lord," by the full choir, was sung in correct time and expression and with inspiring effect upon the audience.

Four little girls neatly rendered an appropriate song, and the Primary class sang a gesture song which was very expressive.

Now at Work.

Messrs. Colbert and Gregory have their furniture factory running smoothly. The greatest trouble these gentlemen have experienced has been to secure lumber suitable for their purposes. They were recently enabled to secure 7,000 feet of well-seasoned fir and a limited supply of hard wood. They desire oak, fir and maple principally to manufacture furniture.

At present they are filling an order for 200 bedsteads. They will manufacture refrigerators, screen doors, bedsteads and various kinds of furniture. Some of the mouldings they have got out are exceedingly fine. A party brought to town a small supply of black walnut a short time ago and had it made into moulding. It worked up splendidly and will make capital picture frames. The walnut in question was grown in Benton county.

From what is learned it appears that our citizens are inclined to lend their assistance and patronage to the upbuilding of this new industry.
