

Now in Operation.

For the past few weeks Cal Thompson and brother, Albert E. Thompson, have been quite busy fitting up their steam laundry.

The plant is most up-to-date in every particular. It is equipped with a 12-horse power boiler and an 8-horse power engine.

What is called a "tub" starch-er is in use. The wringer is a peculiar little contrivance; the inner part of it is perforated and it is set in revolution by steam.

The next thing to consider is the dry room. Here are various sections of racks that run back and forth into the room after the plan of folding doors.

At present the Thompson brothers have two assistants helping them at the laundry. Samples of the work they are doing is most creditable and nobody could be displeased with it.

The Delinquent List.

The tax list of delinquent property that is shortly to be advertised by Sheriff Burnett will, it is thought, be the lightest that was ever published in this county.

Between February 17th, and March 15th, 1902, in the neighborhood of \$55,000 in taxes were paid to the sheriff.

Thursday, Sheriff Burnett turned the tax rolls over to the clerk, who is obliged to return them to the sheriff at the expiration of ten days.

Practical Knowledge.

Evidence of the practical benefit to be derived from a course at the Oregon Agricultural College, is constantly to be found.

of affairs, but he is equipped with just that kind of knowledge which he would gain from actual experience.

A letter just received from Kirby MacLean, who is now at Westville, California, substantiates what we have just said.

His letter contains this testimonial to the efficiency of the mechanical department of the college.

Council Notes.

At its regular meeting Monday evening, Oct. 13th, the council transacted the following business:

In the matter of a sewer through block 33, the sewer committee made no recommendation, and the matter was referred back to the committee.

The report of the chief of police was read and filed. Petition of Jacob Whitaker and others in regard to parties making connection with sewer through block 5, county addition, and block 19, Dixon's addition, was referred to the sewer committee.

An ordinance, granting G. R. Farra a franchise for a water system in Corvallis, passed its second reading and was referred to the special committee on water works.

The reports of the viewers appointed to assess the cost of the various sewers, were read and adopted.

The question of a shed being constructed on the west side of block 5, as to violation of the fire ordinance, was referred to the street committee.
