For the information of any voters who may not be advised in the matter, it can be stated that legal voters are not required to register again for the coming special congressional election in this district in June. MOORE WAS FOURTH.

Smith, of McMinnville College, Won The Intercollegiate Oratorical Contest.

Guy Moore, representing the Oregon Agricultural College in the inter-collegiate oratorical contest, held at Villard Hall in Eugene, last Friday night, was awarded fourth place. His subject was, "Oliver Cromwell, the Man of Action."

First honors fell to Erastus A. Smith, of McMinnville College; Miss Lucy Gause, of Pacific College, stood second, with Harvey B. Densmore, University of Oregon, third. The other institutions followed in this order: Oregon State Normal school, Pacific University, Albany College, Willamette University.

Mr. Smith took for his subject, "The Homeless Nation," and the decision of the judges, Rev. W. S. Gilbert, Mr. E. House and Prof. B. F. Mulkey, is said to have given universal satisfaction.

After the contest, a banquet was served, delegates, orators and colligians taking part. Toasts were responded to by representatives of every college in the association. Miss Minnie Smith, of the O. A. C., answered to the toast "Famous Maxim—The Man From the Farm."

At the business meeting, held in the afternoon, H. E. Thomas, of Pacific University, was elected president; Clark, of Pacific College, was elected secretary, while William Metzger, of McMinnville, was chosen treasurer.

An amendment to the constitution was passed, whereby the local oratorical contest in the various colleges to choose a representative to appear in the state contest will be held the last Friday in January, instead of the first Friday in February as heretofore.

They Breed Fine Stock

In an article on breeders of blooded stock, a special correspondent of the Pacific Farmer has this to say of two prominent breeders of this immediate locality:

J. E. Hamilton, a native son, owns over 800 acres of land, including the Hamilton donation claim, four miles southeast of Corvallis. The farm is used mainly for stock raising. He keeps 40 to 50 head of cattle, Shorthorns and grades, about a dozen registered, part from stock brought to this vicinity from Kansas by J. B. Porter some years ago. Mr. Hamilton's father, Joseph Hamilton, was a pioneer of '47 from Iowa, settling on the Hamilton place the following year. Grandma Hamilton is still living, and has her home with her son on the old place.

Wallace J. Hulburt, native of Linn county, owns a good farm of 140 acres, three miles east of Corvallis, and is in mixed farming. In poultry breeding he makes a specialty of White Plymouth Rocks; has bred them for ten years and has many splendid birds of the Fishel strain. At the January show at Albany, G. W. Downs, Sr., judge, Mr. Hulburt won on his White Rocks: First cockerel, scoring 95½; 1st and 2nd cockerels, 95½ and 95; 2nd and 3rd pullets, 94½ and 93; 1st pen, 187 1-16. His score, 195½, was highest for cockerel in the show. Mr. H. also breeds Bronze turkeys, and has a number of choice birds.

Arrangements for State Fair.

The State Board of Agriculture held a two-days session in Salem last week, during which time all necessary committees were appointed, the premium list revised and all preliminary arrangements made for the greatest State Fair the state of Oregon has ever held.

The board accomplished a great amount of work for the brief session held. Among the most important matters transacted was the adoption of a resolution to co-operate with the Lewis and Clark Commission in gathering up agricultural exhibits for the 1903 State Fair, said exhibits to be forwarded to the St. Louis Exposition in 1904.

Every inducement will be offered to secure an excellent representation from each county in the state at the State Fair, and as a first step in this direction the board has decided to offer some very tempting premiums, which, it is thought, will not fail to produce the desired effect and bring out such a display of county exhibits as will crowd the pavilion to its utmost capacity. The board will offer \$1300 in premiums this year in eight prizes, as follows: First, \$300;

second, \$250; third, \$200; fourth, \$150; and the fifth, sixth, seventh and eighth, \$100 each.

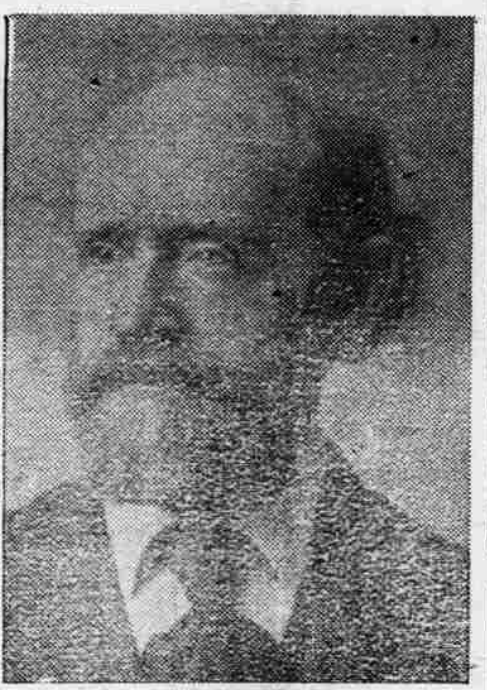

Department officers were elected, Prof. F. L. Kent being chosen as superintendent of creamery.

Is Corvallis Shut Out?

A joint committee composed of representatives from different valley towns, the local Board of Trade, Chamber of Commerce and the Travelingmen's Protective Association met at the office of Richard Koehler, manager of the Southern Pacific lines in Oregon, and presented their protest against the present train service in a formal manner. After talking over the matter for some time Manager Koehler suggested the use of a small motor, now used between Dallas and Airline, to connect the other and more important town with the Dallas and Sheridan trains.

This change would make it possible for the Independence and McMinnville people to make the trip to Portland, spend several hours here and return the same evening; also for Portland people to make the trip up the valley and return the same day. Mr. Koehler has promised to look into the matter and the desired change, will, in all probability, be made in the course of ten days.—Oregonian.

New Surveyor-General

JOHN D. DALY.

Senator John D. Daly, of this city, who has received the unanimous endorsement of the Oregon delegation to succeed Surveyor-General Meldrum, is a native of New York, born in 1837, and raised in New Jersey. He came to California in 1864 and engaged in business in Stockton, which he continued for several years. In 1878 he came to Oregon, settling at Yaquina Bay, and was the editor and proprietor of the Yaquina Bay News. A few years ago he removed to Corvallis and started the Oregon Union. He was editor of the Union until its consolidation with the GAZETTE. In 1894 he was elected to the lower branch of the legislature from Benton county. In 1898, he was elected to the state senate, being re-elected in 1902. He is recognized as one of the ablest lawmakers in the state, and his counsel was constantly sought by members and officers of the legislative body. Mr. Daly has served for a number of years as a member of the board of regents of the Oregon Agricultural college, and is now secretary of that body.

Victory For O. A. C.

For the second time this season the University of Oregon has been defeated at basketball by the crack team from the Agricultural college. In the contest at Eugene last Friday afternoon the "farmers" won by a score of 24 to 22. The Register gives the following account of the game: The basket ball game between O. A. C. and U. O. was the afternoon attraction yesterday that drew an audience of 400 students and townspeople to the armory. The Oregons went down before the Corvallisites by a score of 24 to 22.

The game was characterized by a number of brilliant plays on both sides. The two teams were about evenly supported and the favorites were especially urged to do something.

For the visitors Moores did the best work, throwing three field baskets in each half, Pilkington, the noted full back, also did good work.

For the local team Captain Thayer did great work making two field goals in the first half and one in the second. Taylor, who replaced Hug in the second half, played a wonderful game throwing four field baskets.

PHILOMATH PUBLIC SCHOOL.

Interesting Facts About One of The Best Conducted Schools in Oregon.

Superintendent Denman visited the Philomath public school last Friday. He says he found the school in a flourishing condition, and the present corps of teachers doing excellent work. Prof. Pratt's room was visited the first period in the morning. The records in his room show the following: Total enrollment, 54; average attendance, 45; number present, 32; number of visitors, 4. Pupils who have been neither absent nor tardy since the beginning of this year's work are: Rena Newton, Glen Mulkey, Lenard Moses, Mabel Meats, Chas. McElroy and Myrtle Burman. The eighth grade numbers 14, and the ninth grade, recently added upon the recommendation of Professor Pratt, numbers 9.

The second period was spent in Miss Springer's room and 20 pupils were found present. The number enrolled is 29; average attendance, 23; number of visitors, 3. Grace Neff has been neither absent nor tardy since the beginning of the year, and May Jenkins, Earl Shrader and Harold Shrader, have not been absent nor tardy for three months. The work in this room in fractions and the four fundamentals is excellent.

Superintendent Denman spent the first period in the afternoon in Mrs. Pratt's room. The number found present was 32; average attendance, 30; enrollment, 48; visitors, 30. Those neither absent nor tardy since the first of the year are: Margaret Newton, Dillon McBride, Lonie Neff, Agnes McGee, Roland Jones, Walter Walton and Harvey Walton. In addition to these, Anna Walton, Roy McGee and Lola Stevens have been neither absent nor tardy for the last three months. The work in reading, spelling and writing was thorough and well done, showing careful attention on the part of the teacher.

The second period in the afternoon was spent in Miss Ivy Durkee's room. Number present, 23; enrolled, 33; visitors, 6. The list of those who have been neither absent nor tardy was not obtained. This list will appear in the GAZETTE, later. Certificates of perfect attendance were sent to all who were neither absent nor tardy for three successive months.

Superintendent Denman says that the Philomath public school can boast of having one of the best, if not the best school library in the county. The number of volumes now in the library is 328. Since Professor Pratt has been principal, 150 volumes have been added, 50 being added recently. The records show 466 books have been taken from the library this year. Under the rules a membership fee of fifty cents is charged, and dues amounting to 25 cents per year are imposed. In the lower grades the teacher makes the selection for pupils, thus insuring proper books for the pupils in these grades.
