

### Spring Medicine

There is no other season when good medicine is so much needed as in the Spring.

The blood is impure, weak and impoverished—a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

### Hood's Sarsaparilla and Pills

Make the blood pure, vigorous and rich, create appetite, give vitality, strength and animation, and cure all eruptions. Have the whole family begin to take them today.

"Hood's Sarsaparilla has been used in our family for some time, and always with good results. Last spring I was all run down and got a bottle of it, and as usual received great benefit." Miss BROWN, Boston, Mass.

Hood's Sarsaparilla promises to cure and keeps the promise.

## LOOK OUT FOR CATARRH

When the cold wave flag is up, freezing weather is on the way. Winter is here in earnest, and with it all the miserable symptoms of Catarrh return—blinding headaches and neuralgia, thick mucous discharges from the nose and throat, a hacking cough and pain in the chest, bad taste in the mouth, fetid breath, nausea and all that makes Catarrh the most sickening and disgusting of all complaints. It causes a feeling of personal defilement and mortification that keeps one nervous and anxious while in the company of others.

In spite of all efforts to prevent it, the filthy secretions and mucous matter find their way into the Stomach and are distributed by the blood to every nook and corner of the system; the Stomach and Kidneys, in fact every organ and part of the body, become infected with the catarrhal poison. This disease is rarely, if ever, even in its earliest stages, a purely local disease or simple inflammation of the nose and throat, and this is why sprays, washes, powders and the various in-haling mixtures fail to cure. Heredity is sometimes back of it—parents have it and so do their children.

In the treatment of Catarrh, anti-septic and soothing washes are good for cleansing and purifying the head and throat, but this is the extent of their usefulness. To cure Catarrh permanently, the blood must be purified and the system relieved of its load of foul secretions, and the remedy to accomplish this is S. S. S. It restores the blood to a natural, healthy state and the catarrhal poison and effete matter are carried out of the system through the proper channels. S. S. S. restores to the blood all its good qualities, and when rich, pure blood reaches the inflamed membrane and is carried through the circulation to all the Catarrh infected portions of the body, they soon heal, the mucous discharges cease and the patient is relieved of the most offensive and humiliating of all complaints.

S. S. S. is a vegetable remedy and contains nothing that could injure the most delicate constitution. It cures Catarrh in its most aggravated forms, and cases apparently incurable and hopeless. Write us if you have Catarrh, and our physicians will advise you without charge.

### THINGS YOU MAY NOT DO.

An Easy Thing to Break the Law and Still Mean No Evil.

Even in a free country such as this there are things that one may not own or have in his or her possession, however innocent may be the intent. Possession frequently may mean legal entanglement and State or National Government must be reckoned with.

For instance, a garden full of Canada thistles is calculated to make a deal of trouble for the owner of a Canada thistle from a currant bush. These thistles are persons non grata in the United States generally and a substantial fine awaits the person who allows the weed to grow upon ground under his control.

It is not a good thing for the citizen to make a collection of burglars' tools, however scientific may be his study of the criminal classes, for in the mere possession of them the law concedes that the holder has ulterior motives regarding them. At any rate it requires a good round sum to make such a collection, as frequently a single tool out of a kit may cost \$25. If some burglar should be scared out of your house, leaving his kit or any portion of it, a safe place in which to put it is the nearest police station.

The United States Government will make trouble for you if you have any portions of a brewing or distilling plant. Beer vats and distilling kettles may not be used for any other purpose than brew and distilling, and if a person should go only so far as to make a bathtub out of one or the other of them he would be incurring the displeasure of his government.

Possession of counterfeit money is a felony. It is presumed that a man, woman or child should be able to determine whether a coin or bill is genuine, and the attempt to pass it may be followed by extreme consequences.

If you should be at a country railroad station and see a mail pouch lying on a rail, where the incoming train would cut it in two, you would better let it lie. Touching a pouch of United States mail with even a foot is a technical crime, and it is altogether owing to the disposition of the postmaster and the United States marshal of the district how much trouble may be made for you.

Altogether the postal department has some stringent regulations. If you receive a letter from a friend on which the stamp is not canceled it is against a specific statute for you to pluck off the stamp and use it again. There are several kinds of vigorous language which you cannot transmit by letter.

While one may not touch a mail pouch, it is different with a letter which a carrier has delivered at the address on the envelope. Dropping the letter at the place marked, the carrier absolves his government from any other responsibility, and if after the letter has been delivered another person takes it and opens it there is no recourse through the Postoffice Department.

Carrying concealed deadly weapons almost universally is against the provisions of both State statutes and city ordinances. In this respect there is a queer fact concerning the carrying of a revolver in some places. If a man has one in his pocket and is arrested incidentally on suspicion he was locked up and assessed the usual fine; if he chances to be carrying one and is attacked by thugs he may use the weapon, killing one or two of his assailants, and not even be arrested.

**THE SPEAKERSHIP.**  
Some Facts About the Position Which Reed and Henderson Quit.  
Among the earliest duties which will devolve upon the recently elected members of the Fifty-eighth Congress will be the choice of a speaker, and present indications make it probable that the speaker will be chosen from the West.

The speaker of the Fifty-seventh Congress, David B. Henderson, was the first to be chosen from the territory west of the Mississippi.

The first speaker was F. A. Muhlenberg of Pennsylvania. The post of speaker was held in the twenty-fourth and twenty-fifth Congresses by James K. Polk, afterwards President.

Speakers of the House of Representatives who have been candidates for President are numerous and include Henry Clay, John Bell and James G. Blaine. Schuyler Colfax, after having been speaker, was Vice President of the United States.

The oldest surviving speaker is G. Joshua A. Grow, born in 1823, and speaker from 1861 to 1863.

A prominent Southern lady, Mrs. Blanchard, of Nashville, Tenn., tells how she was cured of backache, dizziness, painful and irregular periods by Lydia E. Pinkham's Vegetable Compound.

"Gratitude compels me to acknowledge the great merit of your 'Vegetable Compound.' I have suffered for four years with irregular and painful menstruation, also dizziness, pains in the back and lower limbs, and a fitful sleep. I dreaded the time to come which would only mean suffering to me. Six bottles of Lydia E. Pinkham's Vegetable Compound brought me health and happiness in a few short months, and was worth more than months under the doctor's care, which really did not benefit me at all. I feel like another person now. My aches and pains have left me. I am satisfied there is no medicine so good for sick women as your Vegetable Compound, and I advocate it to my lady friends in need of medical help."—Mrs. B. A. BLANCHARD, 423 Broad St., Nashville, Tenn.—\$5000 for-feit if original of above letter pronounced genuine cannot be produced.

When women are troubled with menstrual irregularities, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

It must be apparent to every one that qualities of the highest order are necessary to enable the best of the products of modern commerce to attain permanently and economy of consumption a devotedly heralded, they may not hope for world-wide preeminence unless they meet with the general approval, not of individuals only, but of the many who have the happy faculty of selecting, enjoying and lauding the real worth of the choicest products. Their commendation, consequently, becomes important to others, since to meet the requirements of the well-informed of all countries the method of manufacture must be of the most perfect order and the combination the most excellent of its kind. The above is true not of food products only, but is especially applicable to medicinal agents and after nearly a quarter of a century of growth and general use the excellent remedy, Syrup of Figs, is everywhere accepted, throughout the world, as the best of family laxatives. Its quality is due not only to the excellence of the combination of the laxative and carminative principles of plants known to act most beneficially on the system and presented in the form of a pleasant and refreshing liquid, but also to the method of manufacture of the California Fig Syrup Co., which ensures that uniformity and purity essential in remedy intended for family use. Ask any physician who is well informed and he will answer at once that it is an excellent laxative. If at all eminent in his profession and has made a special study of laxatives and their effects upon the system he will tell you that it is the best of family laxatives, because it is simple and wholesome and cleanses and sweetens the system effectually, when a laxative is needed, without any unpleasant after-effects. Every well-informed druggist of reputable standing knows that Syrup of Figs is an excellent laxative and is glad to sell it, at the regular price of fifty cents per bottle, because it gives general satisfaction, but one should remember that in order to get the beneficial effects of Syrup of Figs it is necessary to buy the genuine, which is sold in original packages only; the name of the remedy—Syrup of Figs and also the full name of the Company—California Fig Syrup Co.—printed on the front of every package.
