

EDITORIAL COMMENT.

The president of one of the leading business colleges of the East says: "The universities and business schools must teach to it is hardly possible for educational processes to do more than prepare the young man to make a good start as a beginner. They must also teach him to endure with patience the day of small things. It is a mistake to imagine that all of the arts which come with experience may be acquired in a school."

When a good man gets in to politics he never quite loses his ambition to get out of it and go higher. This is forcibly demonstrated in the statement made by the Portland Telegram that Ex-Governor T. T. G. is seriously contemplating taking up newspaper work. The governor's ability as an interesting writer is well known, and he can look for success in his new venture. He has not yet decided whether to purchase a newspaper or to join the staff of some metropolitan journal.

Mr. Smith, the well-known apple raiser, who has made Hood River apples famous all over the United States, recently made a trip through Willamette Valley, speaks intelligently of the conditions and prospects of this crop in this part of the state. His verdict is forcible, though severe. He says: "They could raise as good apples through this valley as we do in Hood River, if the farmers were not too lazy to take care of their trees." Ranchers of Benton county, is this statement correct?

There is one man in the country who has certainly followed to the best of his ability, President Roosevelt's advice and cannot be accused of race suicide. That is Mr. Lorin Farr, one of the mighty pillars of the "Church of Zion." He is now only 87 years old, but as "young as 60," with two wives out of five still surviving, and with 326 children, grandchildren and great-grandchildren gracing his last family reunion, making with their wives 555 persons. No wonder the Mormon church is a growing institution.

A judge of one of our courts in the state of New York announces that "before granting the final papers admitting a foreigner to become a citizen of the United States it is necessary for the applicant to have a knowledge of our language." He further states: "When a man has been in this country five years and is unable to talk our language, in my opinion he is not fit to be admitted to citizenship, and I will act accordingly." This sentiment is certainly encouraging and in contrast with the practice on the subject in the East as heretofore understood.

Sir Thomas Lipton, the plucky owner of the three Shamrocks, sorrowfully but gracefully acknowledges the superiority of American brains when applied to yacht building, and retires from further contest for the cup. Even his splendid courage was not proof against the inevitable. In a recent conversation on board the "Erin" in New York, he said: "American brains and development have beaten us. If the day ever comes when England produces a Herreshoff then I will challenge for the cup again. It will not be until then. It is unpleasant to be compelled to admit it, but the brains in boat building are on this side of the water." History repeats itself, and still "there is no second."

It is a trite maxim that "one story is good until another is told," and the reported killing of Mr. Magelssen, our deputy consul at Beirut, in Syria, and the consequent order from the Navy Department for the concentration of the entire Mediterranean fleet at Beirut, calls forth a vigorous protest from Checkib Bey, the sublime Porte's envoy to the United States.

"You ask me about the massacres in Turkey," says the Minister. "No one would be so foolish as to hold your Government responsible every time a negro is lynched. Your Government de-

plores these outrages, but it cannot always prevent them. We have the missionaries, and my government earnestly strives to protect them. It is merely justice, however, that when the missionary comes to Turkey he should confine himself to the religious and intellectual training of his pupils, and not endeavor to make them dissatisfied with their present form of government. I am sure you do not expect us to encourage the undermining of our government."

There may be some justice even on the side of the "unspeakable Turk."

MRS. DEWEY'S EXPERIENCE.

She Was Cured With Electricity After All Other Methods Had Failed. Unseen forces are more powerful than we know. Electricity performs cures silently but surely. To this many thousands that have been cured can testify. Many who know nothing of its opposite; but truth always meets with fierce opposition, which in the end only hastens the victory. We do not profess to cure the incurable, but we do cure the curable.

To the Public:—I was a patient under Dr. Darrin's care eight years ago, and wish to relate my experience, that others may benefit by it. For many long years I had been afflicted with a disease peculiar to my sex, accompanied with pain in my chest, heart and stomach. I had lost flesh until my weight was 105 pounds. After a few months' electrical and medical treatment by Dr. Darrin, I recovered my health and gained 40 pounds, and am now enjoying good health.

F. E. DEWEY, 386 Davis Street, Portland. ADOLPH WUNDER, A GERMAN CITIZEN, RELATES HIS EXPERIENCE. To the Editor:—After reading and hearing of so many cures by Dr. Darrin, I concluded to try him for deafness in one ear, though I had little faith in his treatment by electricity. On my way to his office I could not hear the noise of the street car, or wagons rolling over the stone pavements. After treatment I am able to hear without difficulty the church services, the ticking of a watch or a pin drop, and all sounds of life. I wish you to publish this, as it may give others courage to have the new treatment. I consider the cure little less than a miracle. My address is 394 Morris street, Upper Albina, Or. ADOLPH WUNDER.

MR. SEIFERT'S TESTIMONY. To the Editor:—Nine years ago I was taken ill with dyspepsia, liver and kidney complaints, pain in my side and eye trouble. All remedies seemed to fail until I went under Dr. Darrin's treatment last June. Now I am happy to say I am rapidly recovering good health and my wife is on the road to recovery, being afflicted similar to myself. Refer your readers to me at Kings Valley, Benton county, Or. H. SEIFERT.

DR. DARRIN'S PLACE OF BUSINESS. Dr. Darrin can be consulted free at the Hotel Revere, Albany, from 10 to 5 o'clock daily; evening 7 to 8, Sunday 10 to 3, until December 1, only. The doctor makes a specialty of all diseases of the eye, ear, nose and throat, catarrh, deafness, bronchitis, la grippe, heart, liver, bladder and kidney diseases or those who suffer from apathy and indifference; also consumption, genitourinary and skin diseases in either sex, such as blood taints, seminal weakness and lost vigor, varicocele and stricture. All curable chronic diseases treated at \$5 a week or in that proportion of time as the case may require. The poor treated free, except medicine, from 10 to 11 daily. No case will be published except by the permission of the patient. All business relations with Dr. Darrin strictly confidential. Electrical appliances furnished. One visit is desirable, though many cases can be treated by home treatment by writing symptoms. Eyes tested and glasses fitted.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acker's Blood Elixir, which we sell under a positive guarantee. It will always cure scrofulous or syphilitic poisons and all blood diseases. 50 cts and \$1.00. Allen & Woodward.
