This exhibit will also be sent to the California Convention, to be held in San Francisco Blocks 28 and 29 Averys Second next month, and also to the World's Fair at St. Louis in 1904. Our reporter learns from Mr. Emery that the photos selected from his exhibit were of two little girls living in Corvallis, one a 11x14 carbon of Lois Gould and an 8x10 carbon of Inez Grant. The perfect poses and sweet faces of these little tots will therefore meet the admiring gaze of many thousands during the two years which will elapse before their return home.

John M. Robertson, the liberal candidate for parliament in England, has a very interesting article in the International Review on the black and white races in Africa, and the effects of religion. From this article we quote a few paragraphs that are worthy of serious thought.

He shows, what will be a sur-
