STONES FILL THE AIR.

Chicago Street Car Strikers and the Po lice Engage in Battle.

Chicago, Nov. 26 .- Fierce fighting, in which the police used their clubs freely and twice their revolvers, marked the opening of the State street cable line by the Chicago City railway yesterday. As far as can be ascertained, nobody was seriously injured, although there were many broken heads among the rioters who came in contact with the clubs of the police.

While the fighting was going on in the streets, the usual conferences were in progress and propositions and counter propositions were passing back and forth. Late in the afternoon, it was said by Mayor Harrison, President Mahon, of the street car men, and the attorneys for both sides, that an agreement had been reached, but little definite information was known concerning
