# March, April, May

There is a best time for doing everything—that is, a time when a thing can be done to the best advantage, most easily and most effectively. Now is the best time for purifying your blood. Why? Because your system is now trying to purify it—you know this by the pimples and other eruptions that have come on your face and body.

## Hood's Sarsaparilla and Pills

Are the medicines to take—they do the work thoroughly and agreeably and never fail to do it.

Hood's are the medicines you have always heard recommended.

"I cannot recommend Hood's Sarsaparilla too highly as a spring medicine. When we take it in the spring we all feel better through the summer." MRS. S. H. NEAL, McCrays, Pa.

**Hood's Sarsaparilla promises to cure and keeps the promise.**

### The Proper Thing.

"I hope you do not consider it wrong for a young lady to wear fine clothes and jewels," said Miss Giddings.

"Certainly not," replied the parson. "If the heart is full of vain and ridiculous things, there can be no objection to advertising the fact."

### The Wonderful Cream Separator

does its work in 30 minutes and leaves less than 1 per cent butter fat. The price is ridiculously low, according to size, $2.75 to $6.00 each, and when you have one you would not part therewith for fifty times its cost.

JUST SEND THIS NOTICE

with 5c stamps for postage to the John A. Salzer Seed Co., La Crosse, Wis., and get their big catalog, fully describing this remarkable Cream Separator, and hundreds of other tools and farm seeds used by the farmer. [P. C. L.]

### An Awful Jolt.

Saphead—I—aw — knew in advance that we were—aw—going to have a beastly hawd wintah, doncher know.

Miss Caustique—Indeed! And how did you know it?

Saphead—I—aw—felt it in me bones.

Miss Castique—Really? Then you are a believer in the old goose-bone theory.

## CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of Chas. H. Fletcher.

### The Mystery.

"The plain people," said the weary millionaire, "don't know what the rich have to put up with."

"Don't you believe it," replied the plain man. "We know you've got the money to put up with, but we wonder how some of you ever got it."—Philadelphia Press.

### Beware of Ointments for Catarrh That Contain Mercury,

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, price 75c. per bottle.

Hall's Family Pills are the best.

### Preliminary Practice.

"Your friend hasn't had his automobile very long, but he seems to manage it exceedingly well. He seems particularly clever at steering through a crowded street."

"Oh, Popley's all right. He has had years of experience with a baby carriage."—Philadelphia Press.

### Girl Students at Oxford.

The proportion of women students to men students in Oxford is about 300 to 3,006, and it has been only about a score of years since women were admitted, while men have had the advantages of the university for centuries. All the teaching of the women is under the Association for the Education of Women in Oxford. There are no class or lecture rooms, and no teaching except private tutoring in the halls—that is, Lady Margaret Hall, Somerville College, St. Hugh's Hall, etc. The students take up courses arranged by the association. The lectures—by members of the university or by women who lecture for the association—are given in a queer old building, once a dissenting chapel. Girls who do not reside in the halls board around in places recommended by the association, and are called home students.

### Friendly Advice.

"I'd advise you to take this poem to a chiropodist," said the editor in a kindly tone.

"Because why?" queried he of the uncut hair.

"It's feet need attention," replied the editor.

### For Growing Girls.

West Pembroke, Me., March 21.—Mrs. A. L. Smith, of this place, says that Dodd's Kidney Pills are the best remedy for growing girls. Mrs. Smith emphasizes her recommendation by the following experience:

"My daughter was thirteen years old last November and it is now two years since she was first taken with Crazy Spells that would last a week and would then pass off. In a month she would have the spells again. At these times she would eat very little and was very yellow even the whites of her eyes would be yellow.

"The doctors gave us no encouragement, they all said they could not help her. After taking one box of Dodd's Kidney Pills, she has not had one bad spell. Of course, we continued the treatment until she had used in all about a dozen boxes, and we still give them to her occasionally, when she is not feeling well. Dodd's Kidney Pills are certainly the best medicine for growing girls."

Mothers should heed the advice of Mrs. Smith for by so doing, they may save their daughters much pain and sickness and insure a healthy happy future for them.

### Mixed Up.

At a trial in a German court a man appeared as a witness.

"Your name?" asked the judge.

"Vell, I calls myself Fritz but may be so, I don't know if it is Henrich. You see, Mr. Judge, dat mine moder she haf two little poys; one of them was me and one was mine proder, and toder was myself; I don't know which, and my moder, she don't know too; and one of us was named Fritz, and toder Henrich, or one Henrich and toder Fritz. I don't know which it was, and one of us got died, and my moder she could never tell which it was, me or min broder who got died. So you see, Mr. Judge, I don't know whether I am Fritz or Henrich, and my moder she don't know."

In the city of New York alone there are 150,000 people living to-day who would be dead if the mortality of fifty years ago still prevailed.

### The Beginning of It.

Judge—You provoked this fight yourself, didn't you?

Prisoner—No, sor, he done it.

Judge—But you struck the first blow. Why did you?

Prisoner—Bekase he sez to me: "If Oi am wan, ye're another."—Philadelphia Press.

## AS OLD AS THE PYRAMIDS

That blood poison existed among the ancients has been proven beyond question. It has been traced back thousands of years, and is as old as the Pyramids. This blighting curse has been handed down from nation to nation and from individual to individual till it has spread to all parts of the world.

Contagious blood poison, as it is called in modern times, begins with a small sore or ulcer through which the virus enters the blood. This is followed by inflammation and swelling of the glands of the groins, a red eruption breaks out on the body, sores appear in the mouth and the throat becomes ulcerated, and as the disease takes a deeper hold and the blood becomes more thoroughly infected, the hair and eyebrows drop out, the skin is spotted with copper-colored splotches, the bones and muscles ache, and it seems to the victim of this monster scourge there is not a sound spot in the whole body.

The horror of this awful disease can never be told. The one who contracts it suffers in body and mind, and if the poison is not eradicated transmits the taint to his children, and Contagious Blood Poison thus becomes responsible for many of the ills of childhood—Skin Eruptions, Catarrhal Troubles, Sore Eyes, Scalp Disease, White Swelling, Scrofula and others just as bad. S. S. S., the great vegetable blood purifier and tonic, has long been recognized as a radical and safe cure for Contagious Blood Poison. It counteracts the deadly virus and cleanses and purifies the diseased blood, and under its tonic effects the general health improves and soon all signs of blood poison are gone. The strong mineral remedies, Mercury and Potash, which are so often prescribed for the disease, dry up the sores, skin eruptions and all external signs, but leave the stomach and digestion ruined and the system in such condition that the disease usually returns in worse form than ever.

HAD ALL THE SYMPTOMS.

Dear Sirs:

As a result of a serious blood disorder my blood became poisoned and I suffered severely with Rheumatism and other symptoms not necessary to mention. A friend of mine told me that he had been cured of my trouble by S. S. S., and upon his recommendation I began its use. After using it for some time my blood was thoroughly cleansed of all poison and made pure and strong again.

I wish also to speak of its tonic properties. While purging my blood of impurities, it built up my general health, improved my appetite, gave me increased strength, and I felt better in every way.

I am a great believer in S. S. S., and with pleasure commend it to all in need of a blood medicine.

Yours very truly,
ROBERT M. ZWEITZIG.
