I am so happy and so glad,  
I do not now feel blue and sad,  
I laugh and talk and take my ease;  
I come and go just as I please.  
I tell you what I sold my home  
When I listed it with White & Stone.  
I was feeling very blue and sad,  
My wife she made me almost mad;  
She did not want on the farm to stay,  
She wanted to sell it and move away,  
So I listed it for more than a year  
And still I found myself right here.

The agents took my place in hand  
They were so sure they could sell the land.  
I sometimes think they did not try  
For they never brought a man to buy,  
They gave me a wink with a knowing smile  
And tried to fool me all the while!

With that knowing smile and wink  
I saw they would, or sell my home  
So I listed it with White & Stone.  
You bet, I found them just and true;  
They will do your work all right for you.

They will always help you if they can,  
They deal with you as man with man.  
They're always ready with good advice,  
And are not afraid to advertise.  
So, if you would buy or sell a home  
Just have a talk with White & Stone.

## NEW PIANOS!!

**\$50.00 TO \$75.00**  
cheaper than you can buy them in Portland or of Portland agents. We claim to sell instruments of the same quality \$20 or \$25 cheaper than any other agents within 50 miles. This may seem like a bold statement, but we are prepared to back it up with incontrovertible evidence, if given a chance.

**ARGUMENT.**  
All large dealers, like the Portland firms, have enormous expenses that we do not have in the way of immense rent, electric light, clerk hire, freight, drayage and numerous other bills. Especially is this true of their agents who cart their pianos around from town to town, creating bills which you have to share if you buy of them. Large firms save about \$10 on a piano by buying in large carload lots. Do you think that makes up for the above expenses? We are in a position to sell cheaper than any large firm and the way our customers are increasing gives evidence that people are finding it out. **Beware of special sales, piano clubs and the like.** No firm can sell goods at wholesale prices to the retail trade and no firm does. We always make a profit on our pianos and never give anyone a special price, or sell to you for less than your neighbor, as we have but one price the year around. There is not another dealer in the Pacific Northwest, to our knowledge, which has strictly one price on each piano from which they ever deviate. At least have a talk with
