Prohibition Rally.

About 350 people assembled at the Court House Monday night to hear Dr. E. L. Tiffany, the celebrated temperance evangelist of New York speak on the billed subject, "Good Citizenship."

Dr. Reeves of the M. E. Church, South presided. There was some very clever singing by the Philomath Ladies' Quartette and the lecture was very creditable.

The majority of those present were there out of sympathy for local option movement, now being inaugurated and in the interest of which it was supposed the meeting was called. It turned out to be a Prohibition mass meeting.

Although originated and fostered by the Prohibition party, the local option proposition was made the object of many scurrilous remarks by the different speakers. Why this was so it is difficult to tell.

It is the evident intention of the party to discard local option altogether and taking advantage of popular sentiment to push the temperance issue along strictly party line.

Popular sentiment being very strong just now in favor of temperance measures may help the Prohibition party some, but in view of the stronger sentiment against that party being able to accomplish the desired end, it is very much doubted if it is pursuing the wisest course. The canvass for campaign funds at the close of the meeting was evidence enough that the people want nothing whatever to do with the Prohibition party as an organization or as a power behind local option to make it effective.

Every method known to the ministerial profession was restorted to, to extract money from the large audience, but less than $5 was secured.

There is a large and well-defined class of citizens in favor of temperance measures from a purely non-partisan point of view, yet when made a political issue will discard it.

Parents Meeting in Alsea.

The Hope Grange will meet with the schools of Alsea Valley, at the Grange Hall, in Alsea, next Saturday. This will be a rousing meeting, and much good for the schools is expected to result from it. Questions of vital importance to the best interests of advanced education will be discussed, and parents and friends of the schools will take part in the exercises. A special invitation has been issued to all friends of education to be present and assist, and a good turn out is confidently expected.

Arrangements for the entertainment of the children have been made, and an hours program prepared. This will be one of the most pleasing features of the days exercises. A basket dinner at noon will serve to brighten up the wit of the speakers for the afternoon debate.

It is the duty of every parent in the valley to attend this meeting.
