COLLEGE JOTTINGS.

Items of Interest In and Around the O. A. C.

The Senior reception which was tendered the new students in the armory on last Friday night was a pleasing success. The first feature of entertainment was an interesting program rendered in a very delightful manner. It consisted of an instrumental duet by Misses Sprout and McDonald, an address of welcome by Karl Stelwer, the class president, a recitation by Miss Alice Wicklund, an address by Prof. Berchtold and a mandolin duet by Miss Stewart and Mr. Stokes. Each student was presented upon entering, with a little book in which names were to be written. On each book was a number. After the program, they were told that the numbers on the boys' books corresponded with the girls and that partners should be secured in this way, which proved no small part of the entertainment. After all had found their partners, they seated themselves and partook of a dainty menu, which was served by a bevy of pretty girls. Just as the last grape was disappearing from many a plate between the owner's rosy lips, the lights dipped thus reminding the young pleasure seekers that the time for departure had arrived, as one group after another passed out of the building it was with a universal feeling of an evening well spent.
