## PLAIN FACTS.

There is no other single subject upon which greater efforts have been put forth to confuse the minds of the people than upon that of trusts. Prejudice, ignorance, envy, malice, class distinction, distrust and almost every evil human passion has been stirred up and incited to make an indiscriminate onslaught upon trusts and whatever is supposed to produce or aid them. The leaders of the democratic party press have been most active in fomenting an unreasoning opposition to everything to which the name of trust may be applied.

It is of no consequence to them that many so-called trusts are made necessary by industrial conditions and are in harmony with the best interests of the people at large. They are formed because it is desirable to maintain a high wage scale and yet reduce the selling price of a commodity. This is a feature of economy of production, and it always benefits the consumer.

It is easily apparent that there is no essential danger in such trusts for they come into sharp competition with one another. These being the causes and objects of by far the greater number of so-called trusts, we readily see how senseless and ill-founded is opposition to them.

There is a class of trusts which is inimical to the public welfare. These seek to control the country's means of transportation, by forming mergers which destroy all competition and enable them to monopolize the carrying trade of the whole country. Of this kind is the moribund Northern Securities Company. Some others not only control means of transportation but also control the production of commodities which are of the character of public necessities. Of this kind is the Anthracite Coal trust. Such trusts as these should be effectually controlled or utterly destroyed. On this point there should be no difference of opinion among right meaning men.

It is just here we charge the democratic party with gross insincerity in its expressed opposition to trusts. A little review of recorded history will prove this charge true.

A republican, John Sherman, drafted and presented the Anti-Trust law; a congress republican in both branches passed it; a republican president, Benjamin Harrison—signed it.

Harrison was succeeded by Grover Cleveland. During the four years of Mr. Cleveland's administration this law was a dead letter. He was importuned to enforce it. Prominent men of his own party besought him to do so. His attorney-general, Olney, usurping the power of the supreme court declared the law was unconstitutional, and refused to take one step toward enforcing it.

The first effort to enforce it was made by a republican president, Theodore Roosevelt. The first attorney-general to institute prosecution of offenders against it was a republican, P. C. Knox.

Brought before the United States supreme court the law was concurred in by five judges all of whom are republicans. The dissenting minority included every democratic judge on the supreme bench.

We might multiply the evidence of democratic insincerity on this subject, but for the present will forbear.

What, then, is the purpose in so constantly ringing the charges on trust? We answer that it is simply part of their plan of assault on protection. Having mystified, alarmed and angered the people concerning trusts they hasten to prefer two false charges. They charge the republican party favors trusts, and protection fosters them. Facts prove the contrary and convict democratic leaders of insincerity.

## DEMOCRATIC RECIPROCITY.

If any one who knows the history of reciprocity, and who remembers President McKinley's last words on this subject will read what Judge Parker says of it in his letter of acceptance, he will find several surprising things.

William McKinley, once denounced as the personification of robbery by tariff, who was depicted as the pliant tool of corporations and trusts, has now become a wise man, whose political sagacity, and honest purpose have written at least one plank in the democratic platform. This plank says: "We favor liberal trade relations with Canada and peoples of other countries where they can be entered into with benefit to American agriculture mining or commerce."

This is the democratic plank on reciprocity. It says nothing about benefit to manufacturers, yet Judge Parker says McKinley's last speech prompted this plank. He extols McKinley, quotes approvingly from his Buffalo speech and then makes the foregoing assertion.

But he garbles that speech; he puts McKinley's language into altogether different relations than he used it. His evidently studied effort to do so reminds one of the preacher who quoted the bible and proved thereby that there are oxen in heaven.

Judge Parker appears to know less about reciprocity than this preacher knew of the bible. We have almost everything we do not produce already on the free list. This makes it very difficult to formulate acceptable and beneficial treaties of reciprocity. We do not desire to import commodities which we produce ourselves. Other nations reason just as we do. If Judge Parker does not know this he has some sort of excuse for his muddy logic when he attempts to reason on the subject. We would rather choose to believe him ignorant than insincere, but on this question of reciprocity his party is most insincere. Here is the evidence of this.

President Roosevelt called congress in extra session to pass upon a new treaty of reciprocity with Cuba. The measure passed the house November 19, and the senate December 16, 1898. In the house there were 21 votes, and in the senate 18 votes recorded against the measure. These 39 opposing votes were all cast by democrats. Now we may catch the real meaning of that plank which Parker says was prompted by McKinley. It means, "We favor liberal trade relations where they can be entered into with destruction to American Protection." McKinley never prompted this.

## LAST SUMMER'S WORK.

Permanent Cures Performed By Dr. Darrin in Salem—Now at Hotel Corvallis.

Among the many cases treated by Dr. Darrin, and presented to us for publication, we select the following which speaks volumes for the doctor's skill and the permanency of his cures. Mrs. Ross and Mr. Darby are well known in Marion county.

### MR. DARBY CURED OF CATARRH.

Salem, Or., June 19, 1903—Dr. Darrin. For eight years I have been afflicted with catarrh in the head and throat, causing bleeding of the nose. Your treatment by electricity and medicines cured me completely. I will say that for the small amount you charged me, I would not endure the catarrh for one day though it cost me ten times the amount I give you to cure me. I offer you these few lines of testimony with my own free will. C. W. DARBY.

### MRS. ROSS' GOOD LUCK

Salem, Oregon, June 15, 1903.—To the Editor, D-a: Sir: I am proud to witness to the public the skill of Dr. Darrin as a physician. Nearly two years ago I presented myself to him a miserable diseased physical wreck, body and mind, never having a thought of seeing a we-day again, but hoping to receive from him some temporary relief. One year ago I did not dare take a mouthful of solid food into my stomach. I lived on soup and coconuts on account of my intense suffering—apparently afflicted with an acute and incurable disease of the stomach. I took the treatment of Dr. Darrin three months and have since been able to sit down to any kind of food and relish it to my satisfaction, never fearing any evil results. My afflictions were chronic dyspepsia, constipation, liver and kidney complaints, pains in the heart and lungs and diseases peculiar to my sex. Now life is a pleasure, I am a stranger to pain of any form. Have not had such health in twenty years. I feel lifted into a new world and enjoy all things on account of feeling well again. Publish this, that others may be benefitted. Refer your readers to me at Salem Oregon.

Very Respectfully,

MRS. BEULAH R. ROSS.

### DR. DARRIN'S PLACE OF BUSINESS.

Dr. Darrin is located at the Hotel Corvallis until October 30 and will give free examination to all from 5 or 7 to 8 daily. The poor free except medicine, 10 to 11 daily, and those able to pay at the rate of \$5 week or in that proportion of time as the case may require. All curable chronic diseases of men and women a specialty. Eyes tested free and glasses fitted at reasonable prices.

### Glad of It.

J. D. Reed, the brakeman who carved Jack Chiswell at Newport on Sunday, August 18, who Soule says: "has disappeared from Newport, and his getaway is a good thing for Lincoln county. Neither Reed nor the man he slashed with a knife are worth the good money which the trial would cost the county." At the time he retired from Newport he left the following full grown bills as a heritage for the taxpayers to remember him by, and which are now filed in our county court. Geo. Sylvester, Justice preliminary hearing, \$18; F. M. Carter, medical services \$54.25; O. F. Jacobson, board \$43.00; C. B. Baker, guarding prisoner (until able to travel) \$32.50. A snug little remembrance to the taxpayers of \$147.75. A costly luxury at our chief resort. The only thing the court could not understand was what the 25 cents in Dr. Carter's bill was for.—Toledo Reporter.

Henry Ambler has an unusually fine display of apples in his office.

Wade Malone the Alsea merchant was transacting business here yesterday.

A bunch of half a dozen ears of white dent corn is on display at the GAZETTE office, the gift of E. J. Harrington. The ears are fully nine inches in length, well formed filled and ripened. The planting was done in May.

S. W. Jackson, who left here a week ago for Sheridan to visit his daughter, Mrs. Bates, was taken seriously ill while there on Sunday, so that a physician had to be called. Dr. Parrot accompanied by Mr. Jackson's son Elgar, left Sunday to be at his bedside.

A quiet wedding occurred Sunday at 10 a. m. at the residence of Mrs. M. J. Ingram in this city. Frank Clark of Newberg, and Sophrona Ingram, a niece of Mrs. Ingram, were united in marriage, Rev. T. S. Hindmarch officiating in the presence of immediate relatives and friends. The bride wore a dainty dress of white and carried a beautiful bouquet of pink roses. The newly married couple left yesterday for Newberg, where they will reside.
