In the house the senate amendments to the army appropriation bill were disagreed to and the bill was sent to conference. Williams, (Dem., Miss.) started a lengthy debate by bringing up the treatment by General Miles of Jefferson Davis, president of the Confederacy, when he was a prisoner at Fortress Monroe. The postoffice appropriation bill was debated for an hour.

Wednesday, February 1.

Clark (Mont.) Dillingham and Teller today continued the discussion of the joint statehood bill. Proctor reported the agricultural appropriation bill and gave notice that he would ask to have it considered. Bills were passed granting certain lands to the Oklahoma Agricultural college; amending the land laws so as to permit settlers on public lands to make transfers for public uses before completing title; amending existing laws so as to require captains of passenger vessels to supply information regarding the age and sex of immigrants.

The postoffice appropriation bill occupied the house the major portion of today. With an understanding that the discussion of the question should be continued tomorrow, the bill was laid aside and other matters taken up. The conference report on the fortifications bill was adopted. The bill carries \$6,747,893.

Senator Ankeny will endeavor to have a provision made in the naval appropriation bill for the allowance of a differential of 4 per cent to Pacific coast shippers competing on government warships contracts.

During the day bills were passed as follows: Amending the law so as to reduce the amount of bond required of agents acting for consignees on imported goods; providing for the construction of irrigation and reclamation works in certain lakes and rivers in Oregon and California; granting certain lands within the Flathead Indian reservation, Montana, to certain Catholic societies for religious purposes.

The senate issued an order requiring the house to file its reply by next Monday, and directed that all pleadings shall be in by February 9, that the trial may proceed on February 10. READY FOR PEACE

Grand Dukes Admit Inability to Cope with Japan.

TOO MUCH TROUBLE AT HOME

With Nation in Rebellion Reserves Cannot Be Sent to Cope with Those Sent by Japan.

London, Feb. 7.—The highest authority is claimed by the St. Petersburg correspondent of the London Daily Chronicle for the statement that the grand ducal party has suddenly decided that Russia must sue for peace.

The correspondent states that the grand dukes and their supporters have held frequent conferences of late at which they discussed the Far Eastern war and came to the conclusion that the country could not afford to continue the war under the present conditions. The immediate cause for this change of mind on the part of the very men who have right along stood in the way of peace is said to have been the recent disaster to the Russian arms on the Hun river.

Coupled with the news of this defeat has come to the grand dukes the realization that they cannot compete with Japan's ability to throw army after army into Manchuria, especially in view of the internal situation, which may render further mobilization of reservist troops almost impossible.

The correspondent states that, accordingly, the Russian embassy at Paris has been asked to gain the good will of Great Britain with a view to mitigating the terms which Japan is likely to impose.

STREET CAR OVERTURNS.

Portland Wreck Causes One Death and Thirty-one Injuries.

Portland, Feb. 7.—One man was killed and 31 persons injured, some of them fatally, by the wrecking of a car of the Portland Consolidated railway company on the Mt. Avilla line, at the corner of East Twenty-eighth and East Glisan streets, at 7:20 o'clock yesterday morning. The accident occurred on a sharp curve at the base of a steep incline. The car's momentum was so great that it was unable to make the turn and was overturned. There were 66 passengers on the car at the time of the accident, the majority being business men and employes on their way to work in the heart of the city.

It is a question whether the motorist lost control of the car or whether he did not use the usual precautions until it was too late. Five blocks from the scene of the accident the car was running at a speed greatly in excess of the rate specified in the city ordinances governing street car traffic. One passenger, who stood on the front platform of the car beside the motorman, declares that no effort was made to govern the speed of the car until it was almost rounding the curve. The street car company says the brakes had been set as shown by the fact that the wheels were worn smooth by sliding.

READY TO FIGHT.

Warlike Talk of High British Official Causes Kaiser to Anger.

Berlin, Feb. 7.—At the foreign office it was said this afternoon that Germany would ask England for an explanation of the provocative anti-German speech made at East Leigh, February 2, by Arthur H. Lee, civil lord of the admiralty, in which he said that Britain would smash an unnamed enemy in the North sea before that enemy had time to realize that war had been declared. The foreign office said: "We hope that nothing will result from Lee's speech. We prefer to believe he spoke more as a naval expert than as a statesman or cabinet officer. Yet it is impossible not to put a political construction upon his utterances. We shall, of course, take up the matter."

Will Fight Near Sandepas.

St. Petersburg, Feb. 7.—Military operations in Manchuria continue at a standstill. No importance is attached by the war office to the Japanese movements on the Russian center and left, which are regarded as merely demonstrations. General Heisman, a war critic, expresses the opinion that the Russians are not likely to surrender the positions captured northeast of Sandepas, and that a series of encounters there will probably continue until the weather is favorable for a general advance.

Rivers and Harbors, Next Week.

Washington, Feb. 7.—Although the river and harbor bill was reported to the house today, it will probably not be considered before next week. The naval appropriation bill is ahead of it and will be called up Thursday, when the railroad bill is disposed of. The naval bill will remain under consideration three or four days, showing the river and harbor bill over until next Tuesday or Wednesday. Probably it will be passed about Feb. 15.

Russia Wants More Money.

London, Feb. 7.—It is stated in well informed financial circles in London that negotiations have been completed for floating a new Russian loan of \$200,000,000 in Paris. The loan will bear interest at the rate of 5 per cent annum. The date of the issue has not yet been fixed.

JURY DRAWS NET.

Two Indictments Said To Be in Order for J. N. Williamson.

Portland, Feb. 7.—The last week of the present Federal grand jury is at hand. The long series of investigations which have been taking the time of the jury for the past two months is drawing to a close and will end on Saturday, if the plans of the government attorneys carry.

The present week will be a busy one, for it will bring to light some of the entanglements of those high in the confidence of the state and the nation and will show still further the extent and scope of the land frauds which have been carried on in many cases to completion and in others practically to that stage during the past few years.

During the week it was rumored that Representative J. N. Williamson will come under the notice of the Federal grand jury, not once, but twice. It is said that the next few days will see the junior representative of the state indicted for his alleged connection with various land deals in the vicinity of his home at Prineville and also for fraudulent transactions in the Blue Mountain reserve.

Just what the complaints are is a mystery which the government officials alone would be able, at this time, to tell. They have nothing to say. But in spite of this reticence, it is made known from various sources that the end of the week will see more persons implicated in the land frauds than have as yet hinted at or thought of.

In addition to the names of Mr. Williamson are mentioned those of various of the former special agents of the government, and several of the ex-special agents who have been sent to this territory to look into the alleged irregularities of the land department. Beyond a rumor that several of the special agents are under the eye of the grand jury, nothing definite can be learned. However, it can be stated with a reasonable degree of certainty that former employes of the Interior department in Oregon will be brought to book for irregular work done by them during their terms of office. It is further safe to predict that Saturday will see the adjournment of the jury until the March term calls the men once more to the task of probing into the irregularities of the land transactions of Oregon.

IMPROVE VANCOUVER BARRACKS

Large Allotment from Army Post Fund Likely To Be Secured.

Washington, Feb. 7.—The army appropriation bill, recently passed by congress, carries a large appropriation for the improvement of army posts. This money is distributed by the secretary of war, he approving allotments which are made up by the quartermaster general. Senator Ankeny and Representative Jones have arranged to call upon the secretary of war and ask for a liberal slice of that lump sum for making much-needed improvements at Vancouver barracks.

Reports which have been submitted by the officers at Vancouver show the urgent necessity for many new buildings to replace the antiquated and dilapidated structures now standing. Of course they ask for more money than can be had, something over \$1,000,000 in all. Nevertheless, an attempt will be made to get a liberal portion of this fund.

The largest item recommended is \$250,000 for erecting a new building for headquarters offices, a building of brick, with stone trimmings, large enough to accommodate all the officers assigned to headquarters, together with the clerical force of the post. It is also asked that four additional double infantry barracks be erected at a cost of \$230,000, and in addition quarters for 59 officers as follows: One commanding officer's residence, six field officers' quarters, nine captains' double quarters, and nine lieutenants' double quarters, to cost in all about \$500,000. In addition \$10,000 is asked for a new main sewer, \$8,000 for cement sidewalks, \$2,000 for extending the electric lighting system, \$5,000 for water mains, \$45,000 for grading and filling, \$15,000 for improving the parade grounds and \$70,000 for two new artillery stables.

Foreign Mines Shut Out.

Tokio, Feb. 7.—After the most heated debate which has yet taken place in the Japanese house of representatives, the amendments to the mining law prohibiting foreigners to work Japanese mines was passed during Monday's session. The bill was fought bitterly by the foreign residents having mining interests in Japan, and the government has been severely censured for advocating a measure which must needs antagonize certain influential interests whose good will, it is believed by many, to be important and necessary at this time.

Japanese Colony in Texas.

San Antonio, Texas, Feb. 7.—In an interview today B. F. Yoakum gave out the following details concerning the recent visit to Texas of a number of commissioners from the Japanese government: "As a result of this visit a great Japanese colony will be planted in Southwestern Texas for the growing and manufacture of silk. A splendid tract of land has been secured and upon each five acres of this will be settled a Japanese family."
