COLLEGE JOTTINGS.

Items of Interest in and Around the O. A. C.

The military cadets at OAC, received an invitation this week to take part in the Inaugural procession at Washington, D. C., the 4th of March. President Gatch said that since the distance is so great they will probably be unable to accept the invitation.

President Gatch has announced that Mrs. John Waldo, of Portland, has been secured to address the graduating class in June. Mrs. Waldo is at the head of the National Grange. The students will be glad of the opportunity to hear her.

The holiday Monday was enjoyed by all the students.

Wednesday being Washington's Birthday, there were no classes in the afternoon. Miss Crawford and Mrs. Green arranged a short program for the occasion. The program began at 1 o'clock in the college chapel, which was packed with students and visitors. It consisted of the following numbers: Song, by Mabel Keav; dialogue, entitled "Women's Rights;" dialogue, "Under an Umbrella," followed by a song, "Tenting on the Old Camp Ground."

Claud Hale, a former OAC student, but now of Roseburg, was a visitor in town this week. He came over from the legislature where he has been engaged as clerk.

A. S. Wells, a '04 graduate, is with a mining and geological expedition in Nevada.

A large number of students have been out of school on account of attacks of la grippe.

Tomorrow afternoon Mrs. T. M. Gatch gives a reception to the girls of OAC.

The boys' basketball team left today for Salem where they are to play a return game with the Salem boys.

Miss Mary Sutherland spent her holiday at her home in Linn county. She resumed her classes at OAC Thursday.

Miss Helen Holgate was unable to take charge of her class the first of the week on account of illness.

The girls' basketball team are to play a return game of basketball with the Albany girls Saturday night. This will be a very exciting game, as both teams are determined to win. There will be an excursion over in the evening and return after the game.

The Zetegatheans gave one of the most enjoyable entertainments of the season Friday evening in Miss Snell's room when they entertained the Peronian girls. A most original program was rendered, one number of which was the reading of the society paper, which was very interesting. Bounteous refreshments were served, after which a number of witty stories were told. The girls then departed, pronouncing the evening a most pleasant one and the Zetegatheans royal entertainers.

Mr. W. T. Scott, an '04 graduate who visited in town last week, left Monday for Boise, Idaho, where he has a position in a drug store. Mr. J. L. Clark, also a last year's graduate is at the same place.

Miss Crawford's senior elocution class are to give an entertainment for the Village Improvement Society on the evening of March 10th.

Game Law and License.

It was feared for a time that the hunters' license would not become a law. In fact, in its original state, this bill failed to pass the House of Representatives. The Representatives from the farming districts voted against it, claiming that their constituents ought to have a right to hunt on their own ground without a license. When the bill failed, its supporters agreed to a change by which a farmer or any member of his family can hunt on his own field without paying the license fee. The law was also amended so that a nonresident of the state must pay a \$10 license for the privilege of hunting.

While the law is somewhat the same as that in Washington, it is far more simple. There is a tax of \$1 a year, which can be paid to the nearest County Clerk, who will issue a license, which will include a personal description of the man owning the license. This paper must be carried when one is hunting. In the state of Washington it is necessary to have a license for each county. Even by excluding the farmers, it is figured that fully \$800 will be raised, which will go a long way toward paying for the protection of game that is needed so much.

Another law was passed, relating to the number of ducks that may be killed in a limited time. At present, the law allows not more than 100 ducks in a week, or more than 50 in a day. The new law, which will go into effect in 90 days, will permit not more than 50 ducks in a week, or 25 in any one day.

A friend recommended Foleys' Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world. For sale by Graham & Wortham.

Try for Health

222 South Peoria St., CHICAGO, ILL., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle for me. I believe many women would save much suffering if they but knew of its value.

Surgar Dunbar

Don't you want freedom from pain? Take Wine of Cardui and make one sincere effort to be well. You need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?
