#### To Plant Eastern Oysters.

Some time ago Dr. M. M. Davis, of this city, ordered a carload of young Eastern oysters with the intention of transplanting them in the Yaquina bay oyster beds. A day or two ago, "doc" received a telegram informing him that his carload of little bivalves had passed Denver, Colorado.

They may be expected now at any time, and on their arrival in this city Dr. Davis will proceed to Yaquina with the car and superintend the sowing or planting, of the oysters.

It is understood that Eastern oysters were tried in these waters once before, but for some reason did not do well. Dr. Davis says that he has discovered spat of Eastern oysters that were formerly planted in the Yaquina beds and this is what gives him the greatest encouragement.

One can suggest no good reason why these oysters from the East should not do well here if properly planted. Surely it is hoped that they may do excellently, for it will prove a great industry in a few years. We understand that in planting these little fellows a boat is rowed over the beds selected and the oysters sowed on the water as one would sow grain. Success to "doc" and his Eastern oysters.

The car is expected to arrive in Portland today. It contains about 170 barrels and there are from 10,000 to 15,000 oysters in a barrel. Now, how many oysters will "doc" have?

### OF SPECIAL INTEREST.

The Parents' Meeting Held in Southern Benton Last Saturday.

An interesting program was rendered at Bellfountain last Saturday at the Parents' Meeting. The Grange united with the schools, which did much to increase the interest and attendance. The large grange hall was filled at the appointed hour to begin. It was noticeable that patrons of the schools from all over the southern part of the county attended. The educational exhibit sent to St. Louis was examined with much interest by a large number of parents.

Mrs. J. H. Edwards arranged some special musical numbers. Besides general singing, Mrs. J. H. Edwards rendered a solo, as did Wilbur Siarr and E. H. Belknap; there was a duet by Hazel and Carol Edwards. The recitations deserving special mention were by Thelma and Cecil Graves, and Hattie Hamser, and dialogues by pupils of District 23.

Supt. Denman began the morning's work with a talk on "How to Get There." J. H. Edwards followed with an interesting and pleasant talk on "Farm Life Vs. City Life." In an interesting manner he presented some good reasons why farm life was more adapted to produce better citizenship.

"Choosing a Vocation," was ably presented by E. H. Belknap. Mr. Belknap is one of the best public speakers in the county, and in an eloquent way he handled his subject, giving excellent advice to the young. M. M. Waltz, in his talk on "Character as an Element of Success," showed the importance of good character. His remarks were full of inspiration and advice to the young. "Keeping up Enthusiasm in the School" could not have been presented in a stronger manner than was done by Mrs. Eda Belknap. Being a teacher of large experience, and especially being one of Benton's best and most successful teachers, she knew what to say and how to say it.

The dinner needs special mention. We presume our good cooks in Southern Benton read our write-up of the good work done by the Philomath ladies at the Parents' Meeting held there last month, and tried to surpass them. Judging the two spreads, it would be hard to tell which was the better. We will not try to solve such a difficult problem until further experience has been undergone.

Arrangements are being made for a rousing time in Alsea on the last Saturday in May by Supt. Denman. He has already secured some excellent help. Hon. E. H. Belknap, Dr. James Withycombe, and T. T. Vincent will be on the program. Such excellent speakers insures one of the best meetings ever held in Alsea. With the parents' meeting in Alsea, will close the parents' meetings for this year. In all, Supt. Denman has held five. He is the only superintendent holding such meetings. Experience has proven these meetings to be just the thing to interest parents, and arouse greater enthusiasm and interest in the schools of the county. In the place of parents' meetings, Supt. Denman is arranging to hold a number of school picnics this spring.

From O. A. C.

As a result of her success in the recent state prohibition contest at McMinnville, Miss Alice Wicklund, of OAC, will have the honor of being one of two from this state to enter the inter-state contest at the Exposition this fall. Chester P. Gates, of Dallas, will be her state mate in the contest.

This contest will likely occur some time in September and two representatives from each of the states of Oregon, California and

Washington will participate. The above mentioned states are what may be termed the Pacific Coast jurisdiction, as there are something like six districts in the United States represented in the national league.

The winners of the inter-state contest next fall will receive a cash prize of \$100, and will also have the honor of representing this jurisdiction at the next national contest on oratorical-prohibition lines. The last mentioned contest is to take place in Nebraska, but it may be a year hence for ought we know.

### CURIOUS EFFECT OF TUNNEL

Drum of Ear Is Pressed Inward as Oncoming Train Enters Long Subway.

It is a most curious fact, though it may have escaped general attention, that the approach of a train in a tunnel may be easily ascertained some seconds before it is visible to those traveling towards it in an opposite direction. The length of a tunnel is no obstacle to the realization of this curious phenomenon, and compressed air is the medium which produces this peculiar "under-water" sensation. Without any warning the drum of the ear is pneumatically pressed inwards the moment the locomotive of the other train enters the tunnel (which for all practical purposes is only a large tube), owing to the now limited air space. Many persons must have noticed this peculiar feeling in the ears without giving the matter a second thought.

### Trawling Fleet Mission Ship.

The British trawling fleet in the North sea might be likened to a floating town. It possesses all the creature comforts and spiritual guidance is not neglected. With the fleet is a mission vessel upon which religious services are held. On the wheel of the mission ship is inscribed: "Jesus said: Follow me and I will make you fishers of men." This boat is said to be unique among fishermen.—Chicago Chronicle.
