

THE J. M. NOLAN & SON QUALITY STORE.

Powerful Incentives to August Buying.

A great many changes and improvements are being made about the store these days. We are getting ready for the biggest Fall business in the store's history [as the month of July was the biggest business by far of former years.]

Any inconveniences which may be experienced by finding things a trifle upset, however, is more than offset by the great values which keep throngs coming. All in all, however, we have the safest, best lighted, and most comfortable store in town, as well as by far the largest stock from which to select. With great values presented each day it will continue to be the busiest.
