WORTHY ANY TRUST.

In another column will be found a reply by Dr. James Withycombe to the attack of Regent W. P. Keady. The doctor uses strong language, plain and forcible—there is no mistaking it. There is about the article of the doctor that "indefinable something" that rings true and carries with it conviction.

Dr. Withycombe's duties as head of the Experimental Station at the State Agricultural College of Oregon are such, and ever have been in the past, that they carried him into nearly every nook and hamlet in the state. It is necessary for the welfare of the college that such should be the case. In every instance he has filled to the fullest all duty and obligation to the school. His work has ever been high-class as is evidenced by the wide-spread interest his lectures have awakened.

His speeches on agriculture and animal husbandry at the various farmers' institutes have been quoted in nearly all the leading journals. Of his ability there is no question; of his sincerity in behalf of the college no one acquainted with his work can doubt. During the many years he has been at the head of the college experimental staff no charges have been against his work; his record is of a nature he may well feel proud.

In securing students for the college no man has in any way excelled him. In this one particular line of work Prof. J. B. Horner is his closest competitor, but with all respect to Prof. Horner we doubt if he has brought so many students to the college year in and out as has Dr. Withycombe.

The recent insinuation that the doctor has neglected his duty since becoming a candidate for governor of Oregon is grossly unjust and savors of low-class politics. It is his privilege to make the race for governor and there is nothing dishonorable in his candidacy. What right under the circumstances has any man to take advantage of his regency to forbid this candidacy? There is a "nigger in the woodpile" somewhere, and an unusually black one, too.

THE MAN—GOOD OR BAD.

According to Judge J. B. Dill, the eminent New Jersey jurist, it is the man or men, not the corporation, that does the mischief or commits the crime, as the case may be. If you would strike at the vitals of the corporation evil apprehend the men composing said corporation. This sounds very logical.

If men band together for an unrighteous purpose and seek to fortify themselves behind articles of incorporation, drag them from their hiding places and hold them individually responsible. By this act you get those responsible for the offense. You have an opportunity in this way of getting at the big fish, the arch schemer. It has too long been the "policy" of courting the favor of a man of high position, even though assured of his corruption, rather than bringing such man before a court of justice. Such a course is ruinous.

When a man, of whatever degree, is assured by the whole people that he shall be held individually responsible for his every public act, for all shady and unscrupulous schemes he may in any wise aid and abet, then, and then, only will such man consider the matter of righteous public duty.

The man, the individual, is the

responsible party, not the company, the corporation or combine of which he is a member. As a member, a counselor or a director of a corporation is a man individually responsible to the degree in which he figures in an offense against the people. Therefore, the man, the individual, is the party for whom a stick should be sharpened if the ends of justice be sought.

To Pick by Weight.

In a few more weeks hop picking season will again be at hand and hundreds of pickers will be active in the fields of the valley. No longer are there hops to be picked by the box in Oregon for the legislature settled that henceforth hops shall be picked by weight. An exchange commenting on this matter says:

Hop-growers of the state are preparing to pick this year's crop in the fore part of September. The picking season varies very little according to those in the business, for a number of years past, and the pickers are usually in the field, ready to begin working, between the 4th and the 8th day of September. Hops are to be picked by the pound this year as the last legislature passed an act making 50 pounds of hops a box. From 90c to \$1 a hundred pounds will be the ruling price, and this about corresponds with 40c a box, the highest price usually paid for picking in the past five years.

"The pound system is more satisfactory to growers and pickers than the box system," a prominent grower said today, "as the box may vary in weight and the loss fall on one party or the other, with consequent dissatisfaction. Now, when a box contains 52 pounds of hops, the picker gets paid for the extra two pounds, and there is no chance for a controversy, as there has been in the past years."

BEAVER CREEK.

Mr. and Mrs. Duffly were Corvallis visitors one day last week.

Mr. Daniels went to Philomath on business last Saturday.

Ten days ago Sherman Gleason met with quite a serious accident; in some manner he was struck on the forearm by a board with such force that his arm was badly cut. He drove to Dusty, where Dr. Bennett found it necessary to sew up the wound.

Binding will soon be over and threshing is now on full blast.

Miss Bertha Mercer is attending the Exposition at Portland this week.

Mr. Mercer, who has been visiting his brother, returned one day last week to his home in Iowa.

Mr. Winters is reported to be improving; he is now able to get around by the use of two canes.

Last week a party of our young people spent a very enjoyable day in the mountains on Beaver Creek.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 548 St. Clair Ave., Columbia, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were a wreck. I could not sleep and my stomach was so weak from useless doctors' drugs that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief and in a short time I was entirely cured." Guaranteed at Allen & Woodward's drug store; price 50c.

MAKES WEAK WOMEN STRONG AND SICK WOMEN WELL.

Forty years ago, Dr. Pierce searched Nature's laboratory for a remedy with which to supplant the ignorant and vicious methods of treatment, with alcoholic stimulants, then in vogue, and still too commonly prescribed and advised for woman's peculiar ailments.

Nature abounds with most efficient remedies, and in Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root and Golden Seal root, Dr. Pierce found medicinal properties, which when extracted and preserved by the use of chemically pure glycerine, have proven most potent in making weak women strong and sick women well. It contains no alcohol; is not a "patent medicine," nor a secret one either.

"I was suffering with nervous headache, pains in the back and dizziness, so that at times I had to lie down for hours before I could raise my head," writes Mrs. Mary M. Thomas, of 33 Winston Street, Los Angeles, Cal. "After taking the first bottle of 'Favorite Prescription,' however, I was so pleased with the results that I kept on taking it until I was restored to health and strength. I shall never be without this great medicine, and shall take a few doses when I do not feel strong."

One of the principal uses of Dr. Pierce's Favorite Prescription is the preparation of prospective mothers for the time of trial and danger that comes when a child is born. The "Prescription" is strengthening and invigorating and lessens pain and danger. It insures the perfect well-being and the perfect health of both mother and child. Every woman should know these things before she really needs to know them. There are many things in Dr. Pierce's Common Sense Medical Adviser, that every woman ought to know. This celebrated work reached a sale of 650,000 copies at \$1.50 each. The expense of production having thus been covered, it is now being given away. A copy will be sent to any address on receipt of 31 one-cent stamps to cover cost of mailing only, or, in cloth binding for 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Don't Be Hoodwinked, hoodwinked, or over-persuaded into accepting a substitute for the Original Little Liver Pills, first put up by old Dr. R. V. Pierce, over 40 years ago, and called Doctor Pierce's Pleasant Pellets. They've been much imitated but never equaled. One or two are laxative, three or four cathartic.

MRS. CECELIA STOWE, Orator, Entre Neus Club.

176 Warren Avenue, CHICAGO, ILL., Oct. 22, 1902.

For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt disheartened as well as I, for home with a sick woman is a disconsolate place at best. A friendly druggist advised him to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

Address..

Mrs. Stowe's letter shows every woman how a home is saddened by female weakness and how completely Wine of Cardui cures that sickness and brings health and happiness again. Do not go on suffering. Go to your druggist today and secure a \$1.00 bottle of Wine of Cardui.

WINE OF CARDUI

G. B. Burhans testifies after four years.

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble." Sold by Graham and Wortham.

Was Wasting Away.

"I have been troubled with kidney disease for the last five years," writes Robert R. Wattle, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies without relief. Finally I tried Foley's Kidney Cure and less than two bottles cured me and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure.

A Touching Story.

is the saving from death of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months our little girl was declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief, after taking four bottles she was cured, and is now in perfect health." Never fails to relieve or cure a cough or cold. At Allen & Woodward's drug store 50c and \$1 guaranteed. Trial bottle free.
