CHANGES BRIDES TO SUIT. TEETH OF DOGS PULLED.

Widow of 38, Facing Gloom, He Proposes to Damsel of 18 and Couple Is Married.

Baltimore, Md.—Mrs. Ida Gosnell, a widow of 38, was to have married John C. Dorer, nine years her junior, and arrangements had been perfected for a wedding at the home of Mr. Oler, a mutual friend.

The guests attended, and, with the minister, awaited the coming of the bridal pair. Mr. Dorer was on time, but the bride-to-be did not come.

Messengers dispatched to her house came back with the information that the widow had changed her mind. Those present were not to be cheated in this way. The refreshments had arrived, and it was decided to go on with the reception.

So they did, when Mr. Dorer decided to marry a Miss Higgins, and proposed before the company dispersed. He was accepted.

This settled, it was up to Mr. Dorer to secure another license. Taking the one he had, he waited at the door of the courthouse until the clerk arrived. He wanted the names changed, but this could not be done, so he got another.

Mr. Dorer and Miss Higgins went to the parsonage of the Starr Methodist church and were married by the pastor, Rev. G. W. Haddaway. Mr. Oler acted as best man, and Miss Alice Cassell was bridesmaid.

Upon returning to the home of Mr. Oler the wedding party entered upon another reception.

Mrs. Dorer is only 18 years of age, and the bridegroom says he is very well satisfied with the change.

FLYING SNAKE IN VIRGINIA.

Reptile with Wings, That Fed on Birds, Is Killed in King George.

Comon, Va.—A most remarkable and uncommon "flying snake" that was captured and killed at "Berry plain," the home of John S. Dickinson, in this county, a few days ago, has attracted wide attention.

The curious reptile was first noticed flying about in the air, presenting the appearance of an ordinary snake attached to a strange looking bird.

As far as is known, it never once descended to the earth and crawled on the ground after the manner of snakes, but it would occasionally alight in trees and catch such birds as best suited its fancy.

It was finally killed and proved to be five feet long and about one inch in diameter of body. It had wings of good size, covered with feathers.

"Berry plain," where the curious thing made its advent and met its untimely end, is one of the finest plantations in King George, being situated on the banks of the Rappahannock. It is conjectured by some that the "flying snake" may have come from an impenetrable marsh of the river or some neighboring creek.

But this theory is not accepted by many, for, as far as can be learned, nothing bearing a similarity to this serpent was ever before seen or heard of anywhere in this section of the country.

SHE DANCES 12 HOURS.

Bride Wins \$235 by Her Endurance in the Giddy Whirl for Half a Day.

Sharon, Pa.—Paula Walliski, a pretty Polish maiden, was married recently to Joe Sperski. At all Polish weddings it is a custom for the bride to dance with all the male guests, and every time a guest is thus favored he throws a piece of silver money into a plate which stands in the center of the room. The amount of money thus contributed to the bride depends entirely upon the endurance of the bride.

Paula is a husky young woman, and she started with the first dance at noon. Around the room she whirled time and time again, and within an hour the "shells" dropped on the plate. Supper time came, but the bride did not stop for the meal, and continued to dance. Nine o'clock came, when the wedding feast was served, but still Paula was too busy dancing and making money. At midnight she dropped to the floor exhausted. Then the money was counted, and it was found that the bride had danced herself into the possession of \$235.

CUPID ROUTS "BACH" GIRLS.

Club Disrupted by Little Archer and Sixteen Marriages Are Then Booked.

Buffalo, N. Y.—Sixteen young women, members of the Bachelor Girls' club, claiming Corry, Pa., as their home, arrived in Buffalo for a wholesale marriage at the Robinson hotel. Their ages range from 24 to 28 years.

In 1920 they organized the Bachelor Girls' club and each took an oath not to marry as long as the organization was in existence. It is under that they have fallen one by one before Cupid's army, and that they decided to become brides in a bunch, which arrangement was agreed to by their suitors.

The young women arrived in Buffalo and there were married.

Marry on Merry-Go-Round. In St. Louis a few days ago a man and a woman were married on a merry-go-round while it was in operation. Later they will be likely to take matrimony more seriously.

Valuable Canines of Pennsylvania Town Lose Ivories in Mysterious Manner.

Philadelphia.—Following the poisoning of several valuable dogs in Ardmore recently comes the discovery that some unknown culprit had been going about pulling the teeth of blooded canines. What object anyone could possibly have in pulling dogs' teeth or for what purpose they are wanted are questions that threaten to give residents brain fatigue. The most plausible reason suggested so far is that some father whose child has suffered from the fangs of a dog, or some man who has himself been bitten, is acting as canine tooth extractor out of revenge.

The first dog to fall victim to the tooth puller was a white poodle, valued at \$100, owned by a resident of South Ardmore. The dog, aside from its value and beauty, was master of many clever tricks, some of which were performed with the aid of its mouth and teeth.

One day the dog, which had been away from home during the morning, appeared at the back door of the Moylan cottage whining pitiously. A servant who opened the door noticed that there was something strange about the dog, and that it did not appear as lively as usual.

Thinking that it was suffering from the heat, the servant let the canine go unnoticed until after lunch. Then a bone was thrown to the dog, and, instead of catching it in its teeth and scampering off, as it usually did, the animal walked up to where the bone lay, gave a few sniffs, and ran off whining. In the evening the owner was informed of the strange actions of the dog, and upon making an investigation he discovered that every tooth had disappeared from the animal's mouth.

The belief that some strange disease had stricken the canine and caused the teeth to fall out kept the dog's owner from making his discovery known to his neighbors. He decided, however, to seek the advice of a veterinary physician, when he found that there were other dogs that were minus their teeth, having lost them as mysteriously as had his own.

It was discovered through the visit of a friend that three other valuable and blooded dogs had fallen victims of the tooth puller. The dogs were owned by residents of South Ardmore. The dogs were collies, and every tooth had been pulled.

Many residents believe that a dental student is responsible for the pulling of the dogs' teeth, but the owners of the canines are not satisfied at this explanation, and believe that there is a deep mystery around the strange case.

STATE IS SHORT OF WOMEN

Last Census Shows Forty-Six Thousand Surplus of Men in Iowa.

Sioux City, Ia.—Iowa promises to become the Mecca for women since Director Davidson, of the state census bureau, has just announced that there are 46,000 more men than women in this state. This is contrary to the prevailing rule in most states and in most parts of the world. From time immemorial it has been said that spinsterhood was inevitable for many women owing to this disparity in the number of the sexes. But in Iowa, with full returns from 17 counties, Mr. Davidson compares that there is room to accommodate several more women in Iowa, and provide them with suitable helpmeets.

New England, according to national census figures, has but 48 men to every 50 women. It is anticipated that there will be a general exodus to that section when the census figures are given publicity. If they are capable of teaching school they can find employment in this vocation while awaiting proposals of marriage, as there is an unparalleled dearth of schoolmasters in Iowa, and 162 schools have been compelled to close because of inability to obtain instructors. It is believed the figures compiled by the census director account for the shortage in school-teachers.

Out of the 62 counties whose census has been compiled but two show a larger number of women than men. These are Floyd and Des Moines. What women have seen in either county to induce them to bestow their presence more generously is not revealed by the hard, cold and sometimes brutal census cards. But the disproportion is not at all alarming in either county, as in Des Moines there are but 96 more females than males, and in Floyd but 42.

Appanoose, Sioux and Kossuth counties may prepare for an influx of spinsters as soon as the facts become known. In Sioux county there are 1,339 more men than women. In Appanoose 1,224, and in Kossuth 959. The entire census-taking bureau has marveled greatly at these figures.

Wright county is practically in the same class, with 900 more men than women; Marshall county has 800 more, and Harrison, Lyon and Crawford counties each have 700 more. Audubon, Buena Vista, Emmett, Clay, Hamilton, O'Brien and Pocahontas each has 600 more. Dallas, Crawford, Ida, Montgomery, Ringold and Sac each have 599 surplus men. It is noteworthy that the rural districts show the greater disparity, and that in the cities the women outnumber the men. Thus it appears women dislike farm life.

High Jumping Hog.

A jumping hog afforded much amusement in the hog yards at the Kansas City stock yards the other morning. Although the animal weighed 180 pounds, it would jump board fences five feet high. The speculator who bought the hog found it impossible to confine it to a pen, so the pen had to be covered with boards. According to men who have been at the hog yards for years this was the first hog that had ever leaped a fence there.
