The mayor of the bay city is under indictment for the misappropriation of public funds, and for being a party to a policy of extortion whereby he profited many thousand dollars.

Again we are confronted with another class who are almost in hysterics for fear we will, or will not, have war with Japan.

We want war with no people—peace is preferable at any time. But should the inhabitants of the "Flowery Kingdom" become so puffed up and overconfident regarding their powers as to permit themselves to worry, tantalize and badger us beyond the point where patience ceases to be classed as a virtue, then God help the Jap.

The courses this year are on dairying and agriculture, and besides a course of popular lectures, there will be laboratory work and everything is explained fully, so as to obtain the best results and give all who attend a practical idea of the different subjects touched upon.

Students meet for work six days in the week and in addition to the regular teaching force the services of an expert cheese maker, L. B. Ziemer graduate of the Wisconsin dairy school, have been secured. The short course opened Tuesday morning and the program for the week in full is as follows:

Beaver Creek Notes.

The high water did considerable damage to various bridges on Beaver Creek.

Billy Gates and Allen Gove have been on the sick list the past few days.

George Gove went to Portland Monday to take in the sights of the metropolis.

There was a surprise party given at Mr. Duffy's last Friday evening. It was an enjoyable affair to all present.

Irvie Starr has returned home from Greenville where he has been attending school.

Beaver Creek school began last Monday with Prof. Peterson as teacher.

The farmers of Beaver are all anxious for the freezing weather to break as their farming isn't advancing much now.

On account of the high water the mail carrier could not come Thursday, Friday or Saturday and there were some gloomy looking faces.

Mr. Everts left today for Mouth where he will look after his farm.

Chas. Armstrong and Pratt Gove were Pailomath visitors Monday.

There was a party out surveying the proposed tunnel last Sunday. We are not sure but think it will come out in the canyon in front of Daniel's house instead of at the Gove saw mill.

Grandpa and Grandma Gove are reported to have been having an attack of la grippe.

Billy Park was a Corvallis visitor Monday.

Henry Starr has been sawing wood for Mr. Ireland.

Why Not Use Electric Lights?

Stop scratching matches on your wall. Those streaky match scratches look mighty bad on any wall. But as long as you continue to use gas or oil you've got to use matches. The "matchless light" is the electric light—a simple twist of the wrist does it. We are improving and perfecting our lighting service in this city and can give better service for less money than ever in the history of the city. The cost of wiring has been reduced until it is within reach of all. If you would like to know more about it, call on us in our new office opposite the O. J.
