VICTORY PRESAGED.

"The republicans in Oregon pledge each other to work together in harmony and good fellowship with the single purpose of securing to the state and to the Nation the perpetuation of the principles of Republicanism."

This pledge is embodied in the first resolution of the series constituting the Republican Platform. It is timely, assuring and presages republican victory.

There has not always been harmony and good fellowship among republicans in Oregon. Factional difficulties have crept into the management of the party. This was to be expected. No party long successful in the pursuit and application of its principles and policies to the administration of public affairs, can hope always to escape such differences.

The more beneficent its principles, the more successful its administration of public affairs, the more certainly these are approved by the mass of the people, the more surely factional strife will ultimately arise.

The measure of the intensity of such strife is found in the ambition, the capacity, the ability to administer public affairs and the qualifications for leadership possessed by the wrangling factions.

Measured by these conditions we find answer to why there has been ugly factional strife among Oregon republicans which has involved no differences whatever touching republican policies and administration.

But these differences have been permitted to exist too long. Already they are seen to endanger those principles which every republican holds are most efficient in working out the destiny of the state and advancing the prosperity and happiness of the people.

Because of these differences Oregon has a democrat for governor, with many of the most important positions in the administration of public affairs occupied by democrats. By appointment we have a democrat in the U. S. senate. The chief city of the state, though a republican stronghold, is practically in the hands of a strongly partisan democratic government.

Truly it is high time all these factional differences should cease. With the eyes of the Nation on republican Oregon; with ideal candidates selected by the rank and file; inspired by the splendid achievements of the party and with abiding faith in its principles, republicans have cast their petty differences to the winds, and unite to advance Oregon to her rightful place in the republican column.

Victory, under these conditions is not involved in doubt.

Let all republicans vote their ticket from top to bottom. All candidates on your ticket are clean, honest and capable men and the affairs of the county will in no wise suffer when administered by them. No democrat can advance a logical reason why a republican should not support his ticket from start to finish.

Candidate for Sheriff.

Fred C. Peil, republican candidate for sheriff, has been in Corvallis during the past few days affiliating with the brethren. Mr. Peil is one of Benton county's most promising young men. As a book-keeper he is the equal of any man in our county. His penmanship is perfect. During recent years he has had charge of the postoffice at Monroe, while keeping books for the large mercantile firm of Wilhelm & Sons of that place.

Wilhelm & Sons in all probability do as much, if not more business, when we consider the store, mills and other interests, than any other firm in the county. For nearly five years Mr. Peil has kept account of all transactions to the entire satisfaction of the firm and every citizen in southern Benton doing business with that establishment.

In Mr. Peil the republicans have as their candidate for the office of sheriff a young man of force and energy, honorable, industrious and capable, and in every way especially fitted for the position.

The Official Court.

After what seemed a long time the official count has been made and it is known just exactly how candidates fared at the primary election throughout the state. The returns show several very close contests in the primary struggle. Dr. James Withycombe leads ex-Governor Geer by 253 votes; Jonathan Bourne has a plurality of 625 over H. M. Cake; Geo. A. Steele led Ralph Hoyt by 826, while F. W. Benson came out ahead of Claud Gatch 1446. Following is the republican vote for state offices:

U. S. Senator, short term—	F. W. Mulkey.....29 838

The Amen! of marriage is always a baby. Without it, wedlock is a summer field that never blooms, a flower that never buds, a night without stars, a sermon without a benediction, a prayer without an Amen. There never was a husband worthy of the name, who did not aspire to be the father and the grandfather of healthy, capable children, to hand down his name and the fortune accumulated by the sweat of his brow, from generation to generation. There never was a wife fit to bear that noble title, who did not wish to wear womanhood's most glorious crown, the sceptre of motherhood. Thousands of wedded couples, otherwise happy, fall short of wedlock's greatest happiness because they are childless. In the majority of cases, this is because the wife, through ignorance or neglect, suffers from weakness and disease of the organs distinctly feminine. For women who suffer in this way there is one great medicine that does not fail to accomplish its purpose. It is Dr. Pierce's Favorite Prescription. It acts directly on the delicate organs concerned and makes them strong, healthy, vigorous and virile. It allays inflammation, heals ulceration, soothes pain and tones the shattered nerves. It fits for wifehood and motherhood. It quickens and vitalizes the distinctly feminine organism. It banishes the maladies of the expectant months and makes baby's introduction to the world easy and almost painless. It insures the little new-comer's health and nourishment in plenty. It is the best supportive tonic for nursing mothers.

Mrs. Jennie Parks, of Marshall, Spokane Co., Wash., writes: "I am glad to tell of the good results of your great medicine—Dr. Pierce's Favorite Prescription. It gives me strength, I have no tired feeling and my hair is the picture of health. I feel better than I have in ten years."

In cases of constipation Dr. Pierce's Pleasant Pellets should be used as an adjunct to "Favorite Prescription." They are extremely simple, perfectly natural and insure prompt and permanent relief.

The Young Physician.

WHAT HIS EXPERIENCE PROVED.

In the early sixties it was usually the duty of a practicing physician to ride many miles every day on his regular round of visits upon his patients. In those days a young man who had received a splendid medical training in one of the best medical colleges of that day was accustomed to ride ten, twenty, thirty miles or more visiting the sick and afflicted. His success was soon phenomenal. Doctors and families called him for consultation to towns at considerable distances by rail. His specialty was the cure of those common and distressing diseases of women. He had early discovered that by combining the extracts of the following medicinal plants, in just the right proportion, without the use of alcohol his "Prescription" almost invariably cured such cases. Later, in order to place this remedy before the public in a shape easily to be procured, he established a laboratory at Buffalo, N. Y., where regularly qualified chemists were put in charge to accurately prepare his "Prescription" and put it in shape for shipment to all parts of the world. This remedy, which he named Dr. Pierce's Favorite Prescription is not a "patent medicine" but a tonic and nerve for women, and a regular physician's prescription, and contains the following ingredients: Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root, Golden Seal root, and Chemically pure glycerine.

Dr. Pierce does not claim for his "Favorite Prescription" that it is a "cure-all." It is recommended as a most perfect specific for woman's peculiar ailments. So uniform are the results which follow the use of this remarkable remedy, that it can be truly affirmed of "Favorite Prescription" that it always helps and almost always cures. Ninety-eight per cent. of the women who give this medicine a fair and faithful trial are cured and remain cured.

It is a powerful invigorating tonic, imparting health and strength in particular to the womb and its appendages. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For "worn-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

"I want to tell you of the great improvement in my health, since taking your 'Favorite Prescription,'" says Mrs. H. S. Jones, of Forest, N. C. "When I began its use, I was a physical wreck and had despaired of ever having good health again. Could not sit up all day. I noted a great improvement before the first bottle was all used. Was suffering with almost every pain that a woman is subject to; had inflammation of the ovaries, painful and suppressed periods, and other symptoms of female disease. After taking six bottles of Favorite Prescription, I felt like a new person. Can ride horseback and take all kinds of exercise and not feel tired." "I have used two of these tiny, sugar-coated Pellets with great benefit. They are up and set in healthy, vigorous action a foul stomach, torpid liver and sluggish bowels. Little Pill, little dose, produce great results. First put up by Dr. R. V. Pierce, over 40 years ago. Much imitated but never equaled.
