State Labor Commissioner—O. P. Hoff.

COUNTY

State Senator—A. J. Johnson.
State Representative—V. A. Carter.
Judge—E. Woodward.
Clerk—T. T. Vincent.
Sheriff—Fred C. Peil.
Treasurer—S. H. Horton.
Recorder—Emery J. Newton.
Commissioner—George W. Smith.
Coroner—S. N. Wilkins.
Judge 2nd Jud. Dist.—L. T. Harris.

REPROACH WILL CEASE.

The republican party came into being because it had distinctive principles and policies which the adherents of the party believed were fraught with greatest good to the greatest number. In all the years of its life it has never been without such principles and policies. For almost half a century the principles and policies of the party have been approved by the American people. They have been thoroughly tested in the conduct of public affairs and have proved to be the most beneficial in their results.

Prosperity and happiness and elevation have been borne to the people in unprecedented measure by these principles. Progress, development, strength, influence and power have been wrought out for the nation through the agency of these principles.

These facts are so palpable to all our people that they do not desire the displacement of republican principles and the substitution of any different principles. This is why the democracy has no principles, or at least none which commend themselves to the people.

If then the democratic party would come into power in nation, state or county, here in Oregon, it must resort to all manner of deceptions, shams and subterfuges. This is just what it has done and is doing. It says "we stand with Roosevelt," yet the moment the leaders see no party advantage to be gained thereby, the party becomes one of obstruction and negation.

Its press and leaders prate of the beauties and desirability of non-partisanship, yet it puts a full ticket in the field and works for the success only of its candidates. There's no policies involved in county offices, yet it strives to gain and to retain control of the most important offices which it proceeds to administer on the most intensely partisan lines. This the democratic party does in republican Oregon, in republican Benton county.

Why is this? Surely not because republicans have abandoned their principles. Certainly not because the democracy has any principles to be commended. It is only because republicans have been beguiled by misleading and false statements.

As a result of this Benton county has a democrat for county judge, a democrat for sheriff, a democrat for county clerk, a

democrat for county treasurer, and democrats in all subordinate or appointed positions.

Yet Benton is a republican county, and we are republicans.

The remedy for this state of affairs is in republican hands. It will be applied the fourth of June, and Benton will cease to be the object of just reproach by the republicans of other parts of the state.

WOODWARD WILL BE JUDGE.

E. Woodward is a man of his word and needs no introduction to the citizens of Benton county. To judge the future by the past is, on the average, a very safe thing to do, and applying this rule to the administration of Judge Woodward during the time that he presided over the Benton county court we have a record which may be referred to with pride.

Taxes were kept at a minimum and all business of the county attended to at the least possible cost. Every detail was carefully looked after. The finances of the county were kept in a splendid condition and so popular was his administration that he was again nominated by the republican party to succeed himself. On account of domestic matters he could not accept at that time.

He is now before the people again with the assurance of the support of the entire republican party and many strong democrats. Anyone doubting his popularity or strength had best look at the returns of the recent primary election. His large pluralities in every precinct in Benton save Philomath, Willamette and Alsea is indicative of his strength and assures his election.

True, he lives in Corvallis. He does not live a stone's throw outside the city limits to avoid paying taxes to Corvallis nor for any other reason. He owns, and has owned for years, a fine farm not far from Philomath and pays taxes double to Mr. Wilson. So it is plain that the general welfare of both county and city are matters of concern to him.

Mr. Wilson, although a country loving and living (?) gentleman, is engaged in the law business in this city, and has been for years. It may be that he has been working on the quiet at the task of making roads and bridges, but we doubt it. An article on "How I build bridges" from the pen of Mr. Wilson would undoubtedly prove interesting.

The voters of the State of Oregon have asked for the primary law. They have it and the republican party have used it to nominate a ticket. All those striving for a place on the ticket could not be successful and those who were defeated have abided by the decision of the primaries and are now working for the real nominee.

This is true republicanism and every man who votes the ticket straight can feel proud of the fact that he is voting for a ticket of clean, able and honorable men from first to last.

We note a whine from our contemporary to the effect that the country is not fittingly represented on our ticket as a result of the republican primaries. We should like to inquire how many countrymen are on the democratic ticket? Of course there is Mr. Wilson!

Will somebody please rise and explain what constitutes a term of office in Benton county? Is it for life?

If You Don't

Succeed the first time use Herbine and you will get instant relief. The greatest liver regulator. A positive cure for Consumption, Dyspepsia, Malaria, Chills and all liver complaints. Mr. C. of Emory, Texas, writes: "My wife has been using Herbine for herself and children for five years. It is a sure cure for Consumption and Malaria fever which is substantiated by what it has done for my family." Sold by Graham & Wortham.

T. T. Vincent.

On the county republican ticket there is no man more deserving of support than T. T. Vincent, the republican party's candidate for county clerk.

Mr. Vincent is well and favorably known in the county, having taught school in it for a number of years, and also having engaged in farming in Kings Valley. He is a man of good education, unblemished reputation and unimpeachable integrity. His ability is everywhere recognized to be far above the average.

Possessing all the qualities that constitute a good citizen he cannot fail to be a good official. He is familiar with the duties of the office for which he is nominated and if elected will give efficient service from the first hour. He is a republican from honest conviction, and republicans will vote for him as they should, yet such is the excellence of his character and his fitness for the position that many besides republicans will doubtless support him, and they will make no mistake in doing so.

The People Were Pleased.

An appreciative audience, a clever play well played, and compliments for every performer in the cast, is what can be said of "A Belated Introduction" given by home talent at the opera house Wednesday night.

The play was well suited to amateur performers, and was entertaining from start to finish, abounding in amusing situations and sparkling repartee.

As Fred Ossian, the hero of the tale, Collier Cathey gave proof of decided ability, and won favor with the audience immediately; he has a good stage presence and an excellent voice. Arthur Bouquet brought down the house in his cast of the thick-skulled Englishman; George Cathey, as Hiram Green, was an ideal old father, lover and friend, always on hand at the right time, and beloved by everyone; Grover Oate, as the spoiled son of Hiram Green, did his part well, his cleverest work probably being in the intoxicated act; H. C. Getz, as a soft-hearted tailor, appeared to please everyone and he certainly looked his character; H. B. Carter in the role of Coddle, the butler, understood his business throughout and was even able to give his employer points on deportment.

Miss Mary Danneman was a fetching character as Miriam Stuart Dodge of Philadelphia and the sweet heart of Fred Ossian and her acting was splendid. Mrs. Stuart Dodge, being the most disagreeable person in the cast was perhaps the hardest part to play, but Miss Bessie Danneman did her part to perfection and showed marked ability; Miss Gladys Moore has an easy stage manner and certainly merited commendation as Mrs. Ossian; while Myrtle Harrington as Susan Green was the mischievous, happy young girl that she was expected to be.

Pretty gowns were a pleasing feature of the play and taken as a whole the performance met with decided favor and has since been the subject of much favorable comment. Mrs. B. W. Johnson was the director, and to her belongs the lion's share of credit for the success of the undertaking.

Get Into the Business.

Cream is being shipped into Portland from California, Utah and Idaho, to be made into Hazelwood butter. Of course

Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are starved. Dr. Pierce's Golden Medical Discovery makes pure, rich blood, and thereby the nerves are properly nourished and all the organs of the body are run smoothly as machinery which runs in oil. In this way you feel clean, strong and vigorous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are lasting. The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper the *Badge of Honesty*, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement.

The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compound is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherry bark, Bloodroot, Man-cake root and chemically pure triple-refined glycerine.

"The Common Sense Medical Adviser" is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing only. For 31 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation, biliousness and headache.

it is easy to understand why the farmers ship cream from such distance. The Hazelwood people have built up quite a demand for Hazelwood butter, and they have to get sufficient cream to supply that demand. They pay for cream on the basis of the selling price of hazelwood butter, which sells at a figure considerably above the price obtained for other brands of butter. They buy all the cream they can get at this extra price which gives the California, Utah and Idaho dairymen an opportunity to dispose of their product on a market that makes their dairies profitable.

Our farmers are overlooking a great opportunity if they do not take advantage of this situation. The demand for cream is increasing all the time, and it is steady every day in the year. Every farmer should invest in good, cream-producing cows, and build up a herd that will be a constant and steady source of income. The price paid for cream is bound to earn a big profit for the dairyman as cream is now bought on the basis of selling price of butter into which it is made.

With this butter bringing a price that makes it profitable for dairymen to ship cream one thousand miles, it certainly assures Oregon and Washington dairymen a much greater profit.

The Congregational ladies held their regular monthly missionary meetings, at the home of Mrs. Burnett, Wednesday afternoon. Mrs. Emily Pernot assisted in entertaining. The following program was given: Solos and readings by Miss Hettie Lilly, Mrs. Berchtold, Mrs. C. E. Peterson and Miss Campbell. Refreshments were served.

An Alsea Questioner.

We are in receipt of the following letter from an Alsea republican:

Ed. Gazette: I have read your articles on "Improper Practice" in reply to the Corvallis Times. I have also noted Mr. Burnett's statement.

I have no sort of confidence in the Times and no patience with its dirty, contemptible methods, nor do I know of any republicans who hold a different view of that anything-for-revenue sheet.

But I have been, heretofore, one of those liberal, non-partisan republicans who have supported M. Burnett. It seems now that our non-partisan help to him has largely been instrumental in supporting a dirty, contemptible partisan rag—the Times.

Mr. Burnett may be able to show me, and others like me, that he has as good claim to our support now as he ever had in the past. I am sure Mr. Burnett can do this by giving to the public a statement covering the sums paid for printing given by him to the Times and to the Gazette, respectively, for the last past six years. I believe this information is justly due to the republicans who have supported him in the past, and upon whose support he must now rely upon if he would succeed himself.

A REPUBLICAN.

CHAS. V. GALLOWAY

of Yamhill County.

Democratic Nominee for Representative in Congress.

Reduced Rates.
