#### To Go South.

If plans now on foot mature, the largest shipment of vetch seed that has ever gone out of this section will leave Corvallis this week. L. L. Brooks, the well-known rancher, is to be the pounds of the seed in the carload. The destination is the Southern States, the exact point not being

Mr. Brooks, from the time-of his arrival in Benton county from the East, has been known as a man of progressive ideas, always the county, city or his particular neighborhood, and with his usual foresight, he has for a long time production as a money-maker for the farmer.

The shipment that will leave here this week has been gathered from all sections of the county, and while the figures in the deal into a business proposition merely for his health.

John Schroeder, the well-known student of OAC, accompanied by his sister, arrived yesterday from Portland. They expect to go to Newport stoday, accompanied by Miss Nellie Cameron and her prother, Amy Camerou, for a week's outing. Mr. Schroeder will re-enter OAC this month.

#### Whose Say-so is Best?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone as to take the maker's say-so alone as to their curative value. Of course, such testimeny is not that of a disinterested party and accordingly is not to be given the same. credit as if written from disinterested motives. Dr. Pierce's medicines, how-ever, form a single and therefore striking exception to this rule. Their claims to the confidence of invalids does not rest solely upon their makers' say so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in purious of the averaging value of the in praise of the curative value of the several ingredients entering into these

several ingredients entering into these well-known medicines.

Amongst these writers we find such medical lights as Prof. Finley Ellingwood, M. D., of Bennet Medical College, Chicage; Prof. Hale, of the same city; Prof. John M. Scudder, M. D., late of Cincinnati, Ohio; Prof. John King, M. D., late of Cincinnati, Ohio; Prof. John King, M. D., late of Cincinnati, Ohio; Dr. Grover Coe, of New York; Dr. Bartho low, of Jefferson Medical College, of Pa. and scores of others caually eminent.

Dr. Pierce's Favorite Prescription cures the worst cases of female weakness, prolapsus, anteversion and retroversion and corrects irregularities, cures painful periods, dries up disagreeable and weakening drains, sometimes known as pelvic catarrh and a multitude of other diseases peculiar to women. Bear in mind, it is not a patent nor even a secret medicine, but the "Favorite Prescription" of a regularly educated physician of large experience in the cure of woman's peculiar aliments, who frankly and confidence by telling them just what his "Prescription" is composed of. Of no other medicine put up for woman's special maladies and sold through druggists, can it be said that the maker is not afraid to deal thus frankly, openly and honorably, by letting every patient using the sane know exactly what she is taking.

Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is guarded as sacredly secret and womanly confidences are protected by
