LANGUAGE AIDS IN SUCCESS.

One who has been a close student of matters commercial during the past decade will have found ample cause for gratification with what the United States has achieved in the foreign markets.

Germany may be considered our greatest commercial rival in certain foreign countries today. English and American methods of dealing with a people of alien tongue savor somewhat of sameness.

This may seem a small matter, but indeed it is now credited with being the source of the greatest commercial advantage to the children of the Fatherland.

FOR HIS EXTERMINATION.

Measure to be Adopted in Benton Against Pest.

Coyotes have become a nuisance in Benton county and it has been decided that something must be done to rid the county of the plague.

Beginning at Corvallis on the line of the C. & E. R. R. and thence following said R. R. line along its meanderings west to past Philomath to the section line between sections 3 and 10, in T 12 S. R. 6 W.—thence following said section line west to the county line between Benton and Lincoln counties, thence north on the county line to the Polk county line—thence east on the line between Polk and Benton counties to where the O. & C. R. R. crosses said line in T 10 S. R. 4 West Will. Mer.—thence southerly along the line of said O. & C. R. R. to Corvallis, the place of beginning.

1. We, the undersigned, owning sheep and goats, residing within the limits of the above described "Bounty Territory" in Benton County, and State of Oregon, agree to pay to the County Clerk of Benton County, in trust, the sum of one cent (1) per head for each goat and sheep owned by us at time of receiving notice from said County Clerk that a coyote had been killed in said territory.

2. One-tenth (1-10) of the amount of money received from the above source shall be set aside to pay for printed notices, or notification cards and for the payment of bounty on Coyote-pups and foxes as hereinafter provided.

3. For every Coyote-pup killed in its den there shall be paid to the party presenting proof of the same, as hereinafter provided, the sum of Five Dollars (\$5.00), and for every fox killed the sum of Three Dollars (\$3.00).

paid for the killing of any Coyote exceed the sum of \$75.00, and in case the receipts from the one-cent assessment exceed the said sum of \$75.00 it shall be held by the County Clerk as a reserve fund, and whenever said reserve fund shall be sufficient to pay the bounty on any Coyote scalp it shall be so applied instead of a regular assessment.

5. In case a coyote is run by dogs and killed by any person not owning the dogs, the owner of said dogs shall be entitled to 3/4 of the regular bounty, and the person killing the Coyote the remaining 1/4 of said bounty, and in case any person kills any of the above animals, when not run by dogs, he shall receive the full amount of said bounty.

6. Any person claiming "bounty" for the killing of any of the above mentioned animals shall present the scalp of said animal to the County Clerk and shall make affidavit that said animal was killed in the above described territory between the dates October 1st, 1906, and June 30th, 1908. Said scalp to consist of both ears of the animal, connected by the skin between them intact.

7. In case there shall be any misunderstanding in reference to the killing of any of the above mentioned animals, the controversy shall be referred to a Committee of "Arbitration" consisting of—

PRONOUNCED INSANE.

Trial Ended at Seattle—Creffield-Mitchell Case.

The suspense in the case of Esther Mitchell and Maud Hurt-Creffield is for the time at an end, but that the affair is not definitely concluded is the opinion of those who are best posted.

The commission named by Judge Frater, of the Superior Court, to inquire into the alleged insanity of Esther Mitchell and Mrs. Creffield, charged with the murder of George Mitchell, today reported through Dr. Kenneth Turner, chairman of the board:

As a result of its labor, the commission is unanimously of the opinion that subjects of this investigation were at the time of the commission of the crime charged against them, and are now, suffering from a form of insanity commonly classified as paranoia, which has its origin in structural defects of the nervous system.

Further, that because of this disease, they were at the time of the commission of the crime charged possessed of such deranged mentality as to make them unable to distinguish between right and wrong, and therefore irresponsible criminally.

Further, that these individuals belong to a class of lunatics dangerous to be at large, who persistently follow their morbid inclinations, regardless of law or ethics, and should be placed under restraint in an institution for the proper treatment of such cases.

Separate reports were made in each of the cases but they are exactly the same, with the exception of the names inserted. The reports were not signed, but the attorneys stipulated in open court that they were to be considered so. After the reports had been read, the Prosecuting Attorney declared he was not satisfied with it and in the name of the state would oppose it in every way and first of all would take an appeal.

Judge Frater stated that tomorrow morning he will sign the commitments for the women to be sent to the state asylum until such time as the attorney's office can take the matter up. He declared that the only way an appeal can be taken, in his judgment, is to secure a writ from the Supreme court forcing the lower court to refrain from sending the women to Oregon until the matter can be decided.

When the result of the examinations and the findings of the board were told to Mrs. Creffield

by her father, O. V. Hurt, the woman said: "I am glad for your sake." The younger girl had nothing to say.

Good Work Done.

At an adjourned meeting of the quarterly conference of the M. E. church, held last night, the conference year was practically brought to a close. It has been a very prosperous year in the history of the institution, with larger congregations and larger attendance of the Leagues and Sunday School meetings than in any year heretofore.

There have been great and lasting improvements made in the church itself the past year, as everyone is aware, and in spite of the fact that the cost of improving the building amounted to something like \$5,500 by far the larger part of the debt has been provided for and it is only a matter of time until the remainder will have been disposed of in a satisfactory manner.

In the Sunday School there are 20 faithful teachers and officers, with an enrollment in the school of 230 and an average attendance of 185.

The Epworth, Intermediate and Junior leagues have large enrollments and are very active in their various lines, while the women's societies are all that such organizations were intended to be and are doing good work.

All in all, the year has been one of progression and development for the church, and the coming year will no doubt be marked by even greater growth.

DO YOU KNOW

That Dr. Pierce's Favorite Prescription is the only medicine sold through druggists for woman's weaknesses and peculiar ailments that does not contain large quantities of alcohol? It is also the only medicine, especially prepared for the cure of the delicate diseases peculiar to women, the maker of which is not afraid to take his patients into his full confidence, by printing upon each bottle wrapper all the ingredients entering into the medicine. Ask your druggist if this is not true.

"Favorite Prescription," too, is the only medicine for women, all the ingredients of which have the unqualified endorsement of the leading medical writers of the several schools of practice, recommending them for the cure of the diseases for which the "Prescription" is advised. Write to Dr. R. V. Pierce, Buffalo, N. Y., for a free booklet, and read the numerous extracts from standard medical authorities praising the several ingredients of which Dr. Pierce's medicines are made, and don't forget that no other medicine put up for sale through druggists for domestic use can show any such professional endorsement. This, of itself, is of far more weight and importance than any amount of so-called "testimonials" so conspicuously flaunted before the public.

The "Favorite Prescription" cures all woman's peculiar weaknesses and derangements, thus banishing the periodical headaches, backaches, bearing-down distress, tenderness and dragging-down sensations in lower abdomen, accompanied by weakening and disagreeable catarrhal, pelvic drains and kindred symptoms.

Dr. Pierce and his staff of skilled specialists may be consulted free by addressing as above. All correspondence is treated as sacredly confidential. By consulting in this way the disagreeable questioning and personal "examinations" are avoided.

The People's Common Sense Medical Adviser contains some very interesting and valuable chapters on the diseases peculiar to women. It contains over one thousand pages. It is sent post paid, on receipt of sufficient in one-cent stamps to pay cost of mailing only, or 21 cents for a copy in flexible paper covers, or 31 cents for a cloth-bound copy. Address Dr. R. V. Pierce as above.

Dr. Pierce's Pellets regulate and invigorate stomach, liver and bowels. One a laxative, two or three cathartic.

Cleaning and Pressing Parlors. Three doors north of Hotel Corvallis. Give me a call. P. H. SWABB, Prop.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters, of St. Clair St., Columbus, Ohio, was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters; with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by Allen & Woodward, druggists.

She Found Relief.

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas, writes: "I was in poor health with liver trouble—for over a year. Doctors did me no good and I tried H-rbine. I had three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Publish where you wish." Sold by Graham & Wortham.

THE reason for the tremendous popularity of our new 1906 clothing for young men lies in the perfect all-around satisfaction which it gives. In trying it on you will notice the splendid fit about the shoulders, the graceful hang of the garment, the soft yet firm materials specially selected for style and service.

The Breath of Life. It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others Mrs. O. A. Stephens, of Fort Williams, Ohio, has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought was consumption. O, it's grand for throat and lung troubles." Guaranteed by Allen & Woodward druggists. Price 50c and \$1.00 Trial bottle free.
