MAN'S VALUE

What is an ordinary man ndividual and circumstances. To measure a 'man's value in dollars may seem an impossibility, but it is, after all, quite an ordinary proceeding. In few cases would it be at all practicable to accept the individual's estimate of his own worth.

is valued very low. Particularthat give life a special, measure- would be education. able value, to the individual or to any person interested in him.

fairs of the law, gives some interesting information regarding individual and the sums the courts of the various states saw life have been made. It is inthe laboring class at ten years of sixty-one dollars and forty-two blessings of victory. cents; at fifteen years of age, four thousand two hundred and sixty-three dollars and forty-six higher plane we may be enabled cents; at twenty-five years of to exist in a state of bliss that is man is steady. According to this legal decision scale a man at the age of seventy is worth only seventeen dollars and thirteen

Taking the same practical pretty good. methods of computation and on an average of the decisions examined it has been ascertained that one eye is worth five thousand dollars; one leg, fifteen thousand dollars; two legs, twenty-five thousand dollars; one arm, ten thousand dollars; one hand, six thousand dollars; one finger, one thousand five hundred dollars; permanent disdollars.

In every case the figures represent not the estimate of the individual on the value of his own life, for in most cases he would either value his anatomy rather on his value to others. If the labor of a man was the only dependence of a helpless family it is plain that his life is worth much to the family. A self is of little consequence. If city. he is worth something to others during life how unimportant is -after he is dead!

COUNTY POOR.

charges. We, in our article, now in effect others, we still incline toward class of work. our original ideas.

In our last issue will be found All kinds of grass seed for sale an article from the pen of Virgil at Zierolt's-Timothy, clover and E. Watters, ex-county judge of orchard grass seed.

Benton. Mr. Watters gives his ideas and notes on court orders, and altogether the article is worthy a careful reading.

can for ourselves. Personal or public opinion, or what may have been done, all relative to the past, is of no avail when striving to better an existing condition, except to serve as guides. Up-to-date ideas are of Mr. Watters and avail themselves of the freedom of our columns for a discussion of this

ANTIDOTE FOR WAR.

"If ignorance is bliss. 'tis folly In many countries human life to be wise." Now, really, here is a proposition wherein the first ly is this true of semi-civilized suggestion being correct the seccountries. In these countries ond is doubly certain to be. But life is more or less an existance learned men tell us that the maof idleness; the standard of liv- jority of evils spring from ignoring is low; there is moral decay; ance. This seems a well-groundin fact, a semi-barbarous people ed contention, and if true, the possesses none of the attributes greatest safeguard against evil

evil? and does it spring from ig- Oregon. In every country Bench and norance? The great masses are Bar, a publication devoted to af- becoming better educated and more enlightened as time rolls on, yet during the past century the value of man. The figures we appear to have witnessed, in are obtained as the result of civilized countries, quite a goodmany cases for damages to the ly number of wars. In every war there is a large religious following in the ranks of both fit to grant. In this manner es- sides who devoutly believe their timates of the value of human cause to be right. These people claim to be highly enlightened, teresting to note that a boy of profess faith in the same God, and petition Divine Providence age is worth two thousand and to grace their arms with the

Is war an evil? If so, perhaps when our education is on a little age, five thousand four hundred unconscious of imposition, either and eighty-eight dollars and given or suffered When people three cents, and from this time on the decline in the value of a getting pretty good for this catarrh and kindred ailments. reach such a state they will be world and if it comes about through education they will most likely be entitled to boast a public school system the peer of what we now possess, which is

The boast has been made that no great movement for good has ever proved enduring without it was founded on education. But the task of educating against war seems appalling, especially when we consider that some of the greatest minds of the day are at present engaged at the work of building more destructive machines for the navies and ability, twenty-five thousand armies of the world than at any other period of the world's history. If these men were better educated, more able, they would create more destructive machines than they are at present capable of. At least so it seems, too highly or not at all, but but let us hope that education may prove an antidote for war.

New Ordinance-

At the last meeting of the city man's social value is so insignifi- council an ordinance was passed cant that an estimate has never by the provisions of which a been made. It is clearly to be change will be made in the matseen that a man's value to him- ter of plumbing throughout the

According to Chief Lane, it he may flatter himself that he has has been a common thing for value. A man's value to him- people to do their own plumbing self being of so little moment and in many places when the Y could not be located to make the connections properly a hole has his value to himself-and others been knocked in the mains and the connecting done in a manner neither safe nor sanitary.

The substance of the ordinance just passed is that hereafter no Guaranteed by Allen & Woodward, drugplumbing shall be done until a gists. As we intimated in a recent permit is secured, and then the issue, there are many opinions the work, which must be in acregarding the most economical cordance with the provisions of manner of providing for county the ordinance just passed and

favored a few acres of good The new measure will no land. This was our opinion, and doubt do away with much anwith all respect for the views of noyance, and result in a better

Nature's Way Is Best. The function strengthening and tissue building plan of treating chronic, linger-ing and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherrybark, Queen's root, Golden Scal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery," is therefore, a several recorder.

leading medical writers, of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or bilious-ness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so alone as to this; what he claim for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention if needing a good, safe, reliable remedy of known composition for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic The most valuable book for both men

and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N Y. Cloth-bound, 31 stamps

Starving to Death,

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters, of St. Clair St., Columbus, Obio., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I in-duced to try Electric Bitters; with the wonderful result that improvement began at once, and a complete cure follow-
