PEOPLE RULE.

After all the people, the common people are the power behind the throne in this great western country. A good, healthy sentiment backed by the necessary amount of "might" comes very nearly making right according to western ideas.

In Eureka, the County seat of Humboldt, there was until 1885 quite a Chinese population. They occupied a section of the city and their quarters were known as is usual by the name of "Chinatown." The "chinks" were eternally at war among themselves, but what the English-speaking laboring people disliked more than anything was the fact that they competed in the fields of labor with the result that wages were lowered.

However, nothing was done against the Chinese until the celestial in one of their highbinder raids shot and killed one David Kendall, a man generally beloved by the people of his county. This act was as a match applied to powder. The people arose in a body and scoured the county from corner to corner for Chinamen.

The will of the people was obeyed until this fall when the Eureka Chamber of Commerce granted a salmon cannery on Eel River the privilege to work chinamen during the fishing season. This was an open defiance and violation of the will of the laboring people after an observance of more than twenty years and according to last reports there was much feeling in Humboldt over the matter.

DENSE IGNORANCE.

Truly, the American people possess patience in great measure, else we should now and then hear of some illustrious foreigner being treated to a supreme "roast" for the freedom with which they criticize the Americans and American institutions.

Some do not possess the courtesy to wait until they have departed and ceased to partake of our hospitality ere they begin their denunciations.

Among the latest to stoop to this practice is Maxim Gorsky. This Russian, the Americans are fair-minded enough to recognize as an able writer. They also grant that he is patriotic and that his prime object in coming to the United States was in the hope that he might accomplish something for the benefit of his countrymen.

Be it remembered that when he first touched foot to American soil he gave glowing accounts of

his impression of us and our great republic. Our manners and our institutions were eulogized in glowing terms. Bear in mind that Gorsky was not forgetful of the Statute of Liberty and told of all it suggested to him as he passed by on board a ship bearing him to the land of the free.

But Gorsky in all his greatness came upon Yankee soil with an atmosphere wholly his own wrapped about him—an atmosphere of a moral nature that closed one door after another in his face. He had with him a woman whom he introduced as his wife, but who was not entitled to be thus dignified.

It seems that in nothing about us nor our institutions can he now find anything to commend. He saw a little of New York City and in his ignorance fancied that he has a knowledge of all we are or may ever hope to be, as well as everything we possess.

The greater part of what he has contributed to American magazines of his observations of our shortcomings is founded in error and is a colossal display of ignorance. When Charles Dickens, the great English writer, paid his first visit to this country he gathered many wrong impressions of America and Americans which he used freely in his writings for years, in fact, until the occasion of his second visit.

About Football.

While the schedule of games has not yet been officially announced by the OAC manager, it is understood to be about completed and will soon be given the public. Among the games it is understood Corvallis will play the University of Washington, Whitman College, the U. of O., and Willamette University.

It is practically settled that OAC will not meet the Multnomah Club team this season, a fact that will not be regretted by backers of the orange in Corvallis.

According to a dispatch in the Albany Herald of Wednesday it seems probable that Corvallis and Albany will meet on the gridiron this season. It speaks also of prospects at Albany and says:

Present indications point to a strong team to represent Albany on the checkerboard this season. Nearly all the players are experienced. This of course will be an immense advantage. Besides the games already scheduled it is extremely probable that Albany will meet the husky farmers from OAC, at Corvallis. The Corvallis manager has written Manager Gibbons asking for a game, and he will doubtless be accommodated. While the local aggregation will be much lighter than OAC the new rules will be of advantage to Albany, and the contest should be a good one.

Notice of Proposed Street Improvements.

NOTICE IS HEREBY GIVEN TO ALL WHOM IT MAY CONCERN, that the Common Council of the City of Corvallis proposes to improve at the property fronting or abutting thereon and in the manner hereinafter specified, the following several portions of streets within said City of Corvallis, to-wit:

Harrison Street from the center of Eleventh Street Westward to a point opposite the North-west corner of fractional Lot 7 in Lot "D" in Wilkin's Addition to said City.

Depot Street from the center of Oak Street to the center of Maple Street.

Oak Street from the North side of the County road leading to Philomath Northwesterly to the Corvallis and Eastern Railroad company's track.

Oak Street from the Corvallis and Eastern Railroad Company's track Northwesterly to the center of Adams Street.

Adams Street from the center of Ninth Street Westwesterly to the center of Oak Street.

Tenth Street from the North side of Washington Street to the center of Jefferson.

Fifth Street from the center of "B" Street to the center of Washington Street.

Van Buren Street from the center of Fifteenth Street to the center of Eighteenth Street (extended).

Harrison Street from the center of Second Street to the East side of Ninth Street.

Madison Street from the center of Eighth Street to the center of Ninth Street.

Monroe Street from the center of First Street to the center of Second Street.

Each such street or portion of street above described is proposed to be improved by grading the same by placing thereon along its center line, the whole distance of such proposed improvement, one cubic yard of gravel for each five lineal feet thereof and distributing and spreading such gravel to a uniform depth over a surface extending three feet on either side of such center line.

Within twenty days after the final publication of this notice, to-wit after October 5th, 1906, the owner or owners of any property adjacent to or fronting or abutting upon any such street or portion thereof proposed to be improved as aforesaid may make and file with the Police Judge of said City of Corvallis written objections or remonstrances to the proposed improvement of such street or portion thereof.

At an adjourned meeting of said Common Council to be held at the City Hall of said City on the 26th day of October 1906 at the hour of half past seven o'clock P. M., said Common Council will consider the making of each such proposed improvement as aforesaid, and if it shall determine to make any such improvement will proceed to ascertain and determine at such meeting the probable cost thereof, including the expense of installation thereof, and to determine and declare and assess upon each lot or part thereof or parcel of land fronting or abutting upon such portion of street, or any such portion of street to be improved, its proportionate share of such cost, and to take such other action as may be necessary or appropriate to make any such improvement.

This notice is given by J. Fred Yates, Police Judge of the City of Corvallis, by order of a resolution of the Common Council of said city passed September 22nd, 1906.

This Notice will be published in The Corvallis Gazette in the issue of September 25th 1906 and in each succeeding issue of said newspaper up to and including the issue of October 5th 1906, which is and shall be the final publication hereof.

Dated September 25th, 1906. J. FRED YATES, Police Judge of the City of Corvallis. 79-83

LETTER LIST.

The following letters remain uncalled for in the Corvallis postoffice, for the week ending Sept. 29, 1906:

J. C. Armstrong, Chas. Armstrong, Mrs. Lucy Cornwell, Miss Grace Fugate, Miss Lizzie Kerr, Mr. J. J. Kirby, Mr. Chas. McFarland, George Reed, Miss Ray Smith, Miss Elsie Spencer (2), Mrs. Etta Taylor, B. W. Johnson, P. M.

DIED SUDDENLY OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspapers. The rush, push and strenuousness of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, dizziness, engorged sensations and other distressing symptoms.

Three of the prominent ingredients of "Golden Medical Discovery" are: Golden Syrup, for the treatment of all pulmonary diseases, coughs, colds, croup, whooping cough, and all other pulmonary affections; and Golden Tonic, for the treatment of all muscular weakness, general debility, and all other ailments of the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb, general tonic. It is probably the most important ingredient of "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone Root, or Collinsomia Crataegui, Prof. Wm. Palma, author of Palma's Epitomy of Medicine, says of it:

"I do not know since had a patient who was so much oppressed with valvular disease as the heart that his friends were obliged to send him to the hospital. However, gradually recovered under the influence of Collinsomia Crataegui, a medicinal principle extracted from Stone Root, and is now attending to his business. Numerous physicians know of no remedy for the removal of so distressing and so dangerous a malady. With them it was all gross-work, and it fearfully warned the afflicted that death was near at hand. Collinsomia unquestionably affords relief in such cases, and in most instances effects a cure."

Stone root is also recommended by Dr. Hale and Ellingwood, of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and permanent influence." "Golden Medical Discovery" not only cures serious heart affections, but is most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the bowels and curing catarrhal affections in all parts of the system.
