SHOULD BE LOWERED.

Affairs are not always adjusted as it is reasonable to expect they should be.

And, indeed, they have reason to feel disappointed, for it was but reasonable to expect that with greater fire protection the premium on a fire risk would be lessened.

Why not make a sort of stand against what is evidently an unfair deal? The people of almost any community can do wonders if they will but stand as a unit on a given proposition.

So why not organize a local fire insurance company of our very own? There is no reason why if the matter is properly handled the business men of this city, and property owners generally, should not be able to carry adequate insurance among themselves and thus become independent of foreign companies.

A few evenings ago some of our representative men were discussing the matter and a sentiment in favor of a home company was in evidence.

HOW ABOUT THE RACE?

In these days of so-called higher education and general enlightenment there are yet many evils needing correction.

Not so with the human race. Here we find every sort of mix-up, good and bad blood (there is nothing personal in this) mental weakness as well as physical in both men and women.

fact legalize and legitimize the birth of a being that may cost the commonwealth dearly and who finally swings from the gallows or becomes an inmate of a convict's cell for all the days he shall live.

Some people are responsible for these conditions. Really, those of sane mind are responsible for all conditions, social and otherwise, and cannot hope to shirk the duty of being the keepers of those mentally, physically and morally weak.

It is hard to tell which way the wind blows in California on some problems. Of late there has been great agitation in our sister state regarding the exclusion of the Chinese and Japanese, particularly the latter.

He Visited Corvallis.

Last week the Perfect man made this office a very pleasant call. He gave the office force to understand that if he did not receive his paper promptly at seven o'clock on Friday morning he didn't want it at all.

We are very sorry that he was disappointed last week in not getting it on time, but we are laboring under a load of care that would break the back of even the

Perfect man. We are glad however that he called and told us how to get the paper out on time at all times. In our humble way we try to do things to suit such individuals. We are well aware that the Perfect man is never late to his meals, that he is always kind to his wife, that he blankets his horses when he comes to town on a cold day, that he carries his cows before breakfast and always washes their udders before milking so that no filth can get into the milk, that he never waters the milk he sells his neighbors, that he never swears, that he never gets out of patience under any circumstances, that he doesn't drink, gamble or use tobacco in any form; in fact he is the Perfect man. If we have omitted anything please notify us by return mail.—Ex.

"Old" Young People.

The number of "old" young girls and boys nowadays is something absolutely amazing. Ever notice them, as you go about your daily work and mingle with the crowds here and there? If not, try it.

The girl of ten or twelve dressed as a young lady, posing as a young lady and aping the ways of the grown-up; all the innocent girlishness gone and in its stead a worldly air, a knowing look from the eye and a brazen smirk on the lips, while a couple of these mere babies will carry on a conversation with the greatest animation about "he said," "we went," "my fellow" and so on, until the listener turns away in disgust.

And as it is with the girls, so with the young boys. Smoking, ch wing, swearing, passing vulgar comments about the opposite sex; frequently going to places where some men would hesitate to be seen—so goes the young boys of the day.

As the scenes pass before one, day after days, the query arises, "How long can present conditions last? and will the day ever come when our girls and boys will remain mere girls, and boys until they assume long dresses and shed their "Buster Browns?"

Made Many Visits.

Major T. S. Clarkson, special commissioner of the Alaska-Yukon-Pacific Exposition has returned to Seattle after visiting every state in the union in the interest of the World's fair. He reports that everywhere he went much interest was manifested in the exposition of 1909 and in the Pacific Northwest.

The object of Major Clarkson's trip was to inform the governors of the different commonwealths of the plan and scope of the exposition and to extend to them an invitation to participate. In every instance the governor's and governors-elect gave him their assurances that they would go as far as they could in the matter of having their state take part in the exposition. In visiting the

COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the making of which print every ingredient entering into them upon the bottle wrapper and attests its correctness under oath, are daily giving in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the public test of his medicines, he has placed the bottles of his medicines in the hands of the most qualified and disinterested of men. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and general regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated, lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

capitals of each state he was interviewed by more than 200 newspaper men, thus obtaining much publicity for the exposition and this part of the country. "Question after question was shot at me and the interest that is being taken in the Pacific Northwest is phenomenal," said Major Clarkson. "The people of the country are anxious to learn of the wonders of Alaska and the Pacific Northwest, and they look forward to the exposition as a great educator in this line. That the interested section will receive millions of dollars worth of publicity through the fair is evidenced on all sides."

While in Washington, D. C., Major Clarkson was warmly received by President Roosevelt who told him that he came from the finest part of America and that the exposition will not be for the Pacific Northwest alone, but will benefit the whole of North America.

CORVALLIS LYCEUM COURSE.

Third Entertainment to be Given Wednesday Night.

A treat for those who appreciate good music is in store for all who attend the entertainment by the Lenora Jackson Co. at the opera house next Wednesday night.

This will be the last and by far the best musical number of the course. Miss Jackson is without doubt the most noted violinist who has appeared in Corvallis in years. Queen Victoria decorated her with the Victoria Star, the Prussian government awarded her the Mendelssohn state prize at Berlin. She has appeared on programs with Paderewski and the greatest celebrities, and as soloist of the most renowned musical societies where no American violinist has ever before been engaged. With Miss Jackson are Miss Marion Pace of Chicago's most gifted singers, Mr. Chas. E. Clarke, baritone, and Mr. Ralph E. Plummer, pianist.

Box office at Graham & Wortham's will open for the benefit of holders of season tickets Monday morning Jan. 14, at 8 o'clock.

GUARANTEED STOMACH REMEDY

Graham & Wells will Refund Money if Mi-o-na Fails to Cure.

You may ask why Graham & Wells are able to guarantee to refund the money unless Mi-o-na Stomach Tablets cure when no other remedy for stomach trouble is sold in this manner. The reason for this is that ordinary dyspepsia tablets merely digest the food, while Mi-o-na builds up and strengthens the digestive system so that it soon begins to digest the food its self without pain or distress.

If the stomach is only given a rest by using a digestive, the muscles soon become weak and it is necessary to continue taking a digestive tablet after each meal. On the other hand, Mi-o-na used before eating, strengthens the stomach so that you will soon be well enough to give up the use of medicine. Mi-o-na cures but does not make a positive and complete cure. The best proof of its merits is the guarantee to refund the money if it does not cure that Graham & Wells give with every box.

Why

Should your baby suffer? Restless and fretful don't experiment with liniment and use any old thing your neighbor recommends. Buy a bottle of White's Cream. You will get greater known worm medicine and cure for all children's diseases. It builds up its action, builds up the system, makes thin puny babies fat. "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days baby was laughing happy and well." Sold by Graham & Wortham.

Why Not Use Electric Lights?

Stop scratching matches on your wall. Those streaky match scratches look mighty bad on any wall. But as long as you continue to use gas or oil you've got to use matches. The "matchless light" is the electric light—a simple twist of the wrist does it. We are improving and perfecting our lighting service in this city and can give better service for less money than ever in the history of the city. The cost of wiring has been reduced until it is within reach of all. If you would like to know more about it, call on us in our new office opposite the O. J.
