The subscription price of the GAZETTE for several years has been, and remains \$2 per annum, or 25 per cent. discount if paid in advance. This paper will be continued until all arrears are paid.

POINTS TO TAFT.

Regardless of party the great mass of the voters of the United States have been hoping that President Roosevelt would finally be persuaded to dissolve his resolution not to again be a candidate for the presidency and accept another term. It now looks as though such hopes were futile.

Roosevelt is said to be furthering the interests of Taft and doing all he can for him in a quiet way. This certainly looks as though Roosevelt were determined to stand by his resolution just after his election when he issued a statement to the effect that under no conditions would he accept another term as president. Of course he is in a position to greatly assist another man to the place and, from all reports, is assisting his friend, Taft.

Taft may be all very well, but we doubt if he will prove the equal of Roosevelt—who could, for that matter? Taft may be capable and of as honest intention as any man, but it is more than doubtful if he possesses courage in so high a degree to give battle for what he deems right, regardless of whom he may injure. Few men in the history of the world have proved themselves such champions of right for right's sake as Roosevelt, still in Mr. Taft we may have another such champion. No man can say until the matter has been put to the test. In case he is the choice of the people next year Mr. Taft may make good in fine shape. Let us hope so if he is selected to wear Roosevelt's mantle.

We recall the fact that a few years ago when Theodore Roosevelt was nominated for the vice-presidency there was more than a little consternation in the average republican mind and not a few were inclined to look upon said nomination as a calamity. If Mr. Taft is to be president it is to be hoped that he will prove just such a calamity as Mr. Roosevelt has been.

NOTHING DOING.

For some six or eight weeks the universal peace congress has been in session at The Hague. The men composing the conference are supposed to be leading lights and heavy weights in the world's affairs, but so far as the accomplishment of anything to assure peace is concerned there is little or nothing to be proud of. Men may cry "Peace!" but there is no peace. To get together a body of men for the discussion of matters relating to the regulation of war does not insure peace. In the history of the world there has never been a period when peace could be assured even for a short time. It is an impossibility. Even the making of rules of war will do little good if they are not of such a nature that the civilization and general enlightenment of the warring parties are not in sympathy with them for humanitarian reasons.

That nation which is best able to protect itself in case of war is more secure in its desires for peace than a nation too weak to protect itself from the ravages of a stronger power. When two nations are determined upon war all The Hagues and peace congresses in Christendom will be powerless to prevent, or even delay it.

From what we can learn The Hague is a real nice place for a summer outing. The governments foot the bill and those who

are so fortunate as to be in the saddle have a picnic. This is about the size of the matter, look at it from any standpoint.

Additional Local.

Thomas Callahan spent Sunday at the coast with his wife.

R. H. Huson and family returned Sunday night from a two weeks' outing at Elk City.

Earl Heckart of this city is now holding second position in the Portland Journal's educational contest, and his energy is certainly to be commended by all. Every citizen who needs a Portland daily paper should rally to the support of this young "hustler" and help him to secure a scholarship. True pluck and ambition merit reward.

The Gazette acknowledges the receipt of a neatly printed pamphlet on the question, "Did Sir Francis Drake land on any part of the Oregon Coast." The writer is R. M. Brereton, C. E., who sends the pamphlet with his compliments.

Major F. E. Edwards left Corvallis, yesterday, for San Luis Obispo, California, where he will have charge of the Chemistry department of the California Polytechnic College. For years the gentleman has been a professor in the State Agricultural College located in this city and has proved his efficiency beyond question. As a man and a scholar the Major ranks high and we feel that San Luis Obispo is to be congratulated on the acquisition. Many friends in this section, while sorry to see Major Edwards depart, wish him unbounded success in his new field.

William Leadbetter arrived home, Saturday, from a trip to Portland.

Misses Mae and Kate Gerbard returned from their outing at the coast, Sunday evening, and Con Gerbard went over, to join his family.

George McWillis of Fossil, Oregon, was in Corvallis over Sunday, driving a lot of bunch grass horses. He left here for Toledo. At Suver, en route to Corvallis, some of the horses broke away and in running under a bridge to head them off, Mr. McWillis struck a timber or a nail, cutting a gash about three inches long and severing an artery. In spite of the wound, which bled profusely, the injured man came on to this city alone, and Dr. Pernot caught up the artery and sewed up the gash.

LETTER LIST.

The following letters remain uncalled for in the Corvallis postoffice, for the week ending Aug. 3, 1907: Betters & Young, Fred E. Benton, A. J. Gump, Jr., Charles Henderson, J. E. Maybes, E. R. McTosh, M. C. Donald, Charley Smith, E. H. Young, George Wilson.

B. W. JOHNSON, P. M.

FOLEY'S KIDNEY CURE
Makes Kidneys and Bladder Right

The Chinese Varnish Made to Walk Upon

MADE IN ALL COLORS
Cherry, Mahogany, Oak, Natural, Etc.

For Floors, Bar Tops, Furniture and General Household Use.

Come to our store and get a sample of Chi-Namel applied to wood. Take it home and test it.

First. Strike the wood sample a heavy blow with a hammer, and note that while the wood may be indented a quarter of an inch, the varnish has not marred or cracked. This proves that Chi-Namel is very elastic.

Second. Place the wood sample in a tea kettle, and note that boiling water does not turn it white. This proves that Chi-Namel contains no resin.

Third. Apply whiskey. This proves that Chi-Namel will stand upon bar tops.

Fourth. Allow a can of the varnish to stand open over night, and note that there is no evaporation. This proves that Chi-Namel contains no benzine.

Fifth. Spread varnish over flat surface, and brush in every direction, and note "self leveling" effect. This proves that all brush marks disappear, and the result will be pleasing no matter how inexperienced the applicator may be.

Old floors can be made to look like new hard wood.

No need to buy new furniture. Chi-Namel will make old furniture look BETTER than new furniture.

Take no substitute. We invite you to prove to yourself there is NOTHING just as good as Chi-Namel.

Sold exclusively by

Graham & Wells

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, liver complaint, torpid liver, or biliousness, chronic bowels affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultant, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholin, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley, of Springwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Wright, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine that has been analyzed and found to be pure, and that has been given such professional endorsement—more than any number of ordinary medicines. Open publicity of its form is the best possible guaranty of its merit. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous harmful or habit forming drugs and no alcohol—chemically pure, triple-acted glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. These are the highest medical authorities for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and its safe and reliable medicinal qualities are endorsed by eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. E. V. Pierce, Buffalo, N. Y.

Notice for Publication.

United States Land Office.
Roseburg, Oregon, July 15, 1907.
Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1898, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, Guy Davis, of Eugene, County of Lane, State of Oregon, filed in this office on January 17, 1907, his sworn statement No. 8,259 for the purchase of the Southwest 1/4 of Section No. 35 in Township No. 43 South, Range No. 9, W. 1/4, W. 1/4, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before W. W. Calkins, U. S. Commissioner, at his office in Eugene, Oregon, on Wednesday, the 9th day of October, 1907.
He names as witnesses: Hal E. Wood, Marvin L. Hammit and Austin E. Wood, all of Eugene, Oregon, and William L. Cryster, of Springfield, Oregon.
Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 9th day of October, 1907.
62-82 BENJAMIN L. EDDY, Register.
