SPENCER'S Hair Invigorator And Dandruff Eradicator

Prevents the hair from falling out and stimulates the growth

A purely vegetable compound free from greases, mineral, or other deleterious substances.

A Good Trade.
Every boy, no matter how rich or how poor his ancestry, should learn thoroughly some good trade, so that if his circumstances become reversed at any time he could immediately do service at his trade and start again on a successful road to prosperity. The printing trade is not only artistic when completely learned, but it is also highly educational in every particular, and one of the best trades that anyone can learn, as opportunity for labor is ever ready each working day in the year.

There is one of the best opportunities in all the land for a young man of steady habits, good principles, well educated having a will to work and excel, to learn the printing trade in the Gazette office. Proper explanation will be given on application. 671f

POURING INTO OREGON.

Prof. Curtis Gives Oregon Live Stock Industry A Boost.

Business men returning from the East are unanimous in predicting an enormous immigration to Oregon during the coming year. People residing in the great cities of New York, Chicago, Brooklyn, Philadelphia, Boston, Pittsburg, Cincinnati, and other population centers never expressed so much anxiety to hear about this country as at present and the same idea is reflected in correspondence of the Portland Commercial Club much of which is originating in the cities named above.

Judge John M. Scott, of Salem, President of the State Good Roads Association, is conducting an active campaign in behalf of the Good Roads Meeting to be held in the rooms of the Portland Commercial Club November 14, and 15. Judge Scott desires that every commercial, industrial, agricultural, horticultural, and irrigation organization in the state to send delegates.

President Ed T. Judd, of the Oregon State Dairy Association, reports constantly increasing interest in the big state meeting to be held in Portland December 12, and 13. Constant additions are being made to the prizes, and an active committee is at work. It is desired above everything else that the farmers be present on this occasion.

Oregon never received a stronger endorsement than the following from the pen of Professor Charles Curtis, of the Ames, Iowa, Agricultural College.

"There is nowhere on the face of the globe a land or people so dominant in the improvement of live stock or so potent in the production of the highest types of domestic animals as the British Islands. There is nowhere on the American continent a region affording conditions so closely allied to those of Great Britain as on the North Pacific Coast of the United States. The similarity is noticeable, not only in climatic conditions and natural environment, but also in the genuine enthusiasm and deep-seated faith in the industry possessed by tillers of the soil."

The Commercial Club has employed Mr. John Hartog, of California, to take charge of their publicity campaign at a salary of \$5000 a year. Mr. Hartog will be an important factor in the development of Oregon, for California has never developed a brighter man in the advertising line.

An exhibit of samples of the iron ore from Columbia county is promised at the Portland Commercial Club this week. The development of oil in Western Idaho and Eastern Oregon is bringing absolutely new capital and new people that no other industry would have attracted.

About Homesteads.

All persons interested in government lands will be glad to obtain the information contained in the following self-explanatory letter received from the General Land Office, Department of the Interior. It says:

You are directed to at once inform all newspapers in your respective districts, as a matter of news, that in all cases where homestead entries are made after November 1, 1907, commutation proofs must show actual and continuous bona fide residence for the full period of fourteen months.

In all cases where the entries were made before November 1, 1907, the rule heretofore existing, that six months constructive residence following the date of entry will be considered as a part of the required fourteen months of residence, will remain in force. You are directed to give this matter immediate attention and

as wide publicity as possible and to post a copy of this letter in a conspicuous place in your office.

"The Cow-Puncher Tonight."

"In a shallow grave just six by three, where the coyote howls and the wind blows free, Oh, bury me not on the lone prairie," is one of the songs sung in "The Cow-Puncher" to be seen at the opera house tonight. This play is full of the atmosphere and local color of the very heart of that grand and picturesque state, Arizona. There is life, movement, animation and absorbing interest in every act. The advance sale of seats has been unusually large.

Additional Local.

Complaints are being sent the newspapers in surrounding towns of a new grafter at work among the farmers. The fellow is a smooth individual who is traveling around the country in an outfit that resembles a bucketer wagon. He goes to the farmer's house and asks the wife if she has chickens for sale. Every farmer's wife always has some chickens for sale. He asks to see them and at once discovers that the entire flock is suffering with some new disease that no one ever heard of except "Mr. Grafter." He tells the lady he has a remedy for this particular disease and in exchange for some of her best looking chickens he leaves her a package of his remedies which prove to be worthless and on the deal he is just ahead the chickens he secured in the exchange. Watch out for the rascal, for he is working this way. Have the bull pup handy when you see the description coming, and he will doubtless do the rest.—Herald.

Meat, bread, butter, milk, flour, canned and fresh fruits are all to cost the average voter from fifteen to forty per cent more this fall and winter than they ever cost him before. Only two things are to be sold throughout the country at last year's prices—tea and coffee. On everything thing else that goes to the table the man of average income will find his purchasing power lessened a third.—Ex.

Services Sunday, November 3rd, at the Episcopal church. 10 a. m., Sunday School; 11 a. m., Ante-Communion, Sermon and celebration Holy Communion; 7:30 p. m., evening service, sermon or address. Interesting services. All welcome. J. W. Armstrong, rector.

George Sebrell, who has recently moved back to Corvallis from his Alsea ranch, has a new variety of peach that is just now ripe and ready for market, although this is the first of November. Mr. Sebrell has but one tree of the kind but as that tree produced eight bushels of large, luscious peaches, the owner had all the fruit he needed and some to spare. The tree was grown from seed and while the peaches are not first class for eating they are excellent for canning purposes and will keep until the middle of November. Some of the fruit brought over Alsea mountain in a wagon showed no spot nor blemish.

United Evangelical church, corner 9th and Harrison streets. Preaching at 11 a. m. and 7:30 p. m., Sunday. Rev. H. L. Pratt will preach morning and evening. Sunday School at 10 a. m.; K. L. C. E. at 6:30 p. m.

Dissolution of Partnership.

The partnership heretofore existing between L. Hollenberg, J. J. Cady and R. V. Hollenberg in the House Furnishing business in Corvallis, Oregon, is this day dissolved by mutual consent. J. J. Cady retiring, the business will be continued by L. Hollenberg and R. V. Hollenberg, and the new firm will be known as Hollenberg & Son. They assume all the assets and liabilities of the old firm.

Dated October 29, 1907, Corvallis, Oregon.

PHILOMATH SNAPSHOTS.

Marriage and Accidents Reported. Other Items.

Mr. and Mrs. Ellsworth Bethers, and daughter Audrey, who have been visiting friends and relatives for several weeks departed for Southern California last week.

Mrs. Ione Palmer, of Portland is visiting at the home of her mother, Mrs. Sarah Palmer, north of town. Mr. Harry Palmer was expected to arrive the first of the week. After a visit of a few weeks they will depart for Roseburg, where Mrs. Palmer has been appointed Matron of the Soldiers Home and Mr. Palmer received the appointment of superintendent of that institution.

The intermediate C. E. society of the Liberal U. B. church was entertained at a "Poverty Soshul" at the residence of Mr. and Mrs. W. F. Caldwell on Wednesday night of last week. "Ragamuffins" from many nations were present.

The brilliant moon provided light for the young peoples' games out of doors, and at 10 o'clock coffee and gingerbread were served to the starved wayfarers.

Mrs. Nora Castle, formerly of this place, but now of Irrigon, has had a very severe attack of typhoid fever. Her many friends and Neighbors of the Women of Woodcraft will be glad to know that she is convalescing.

S. W. Gibbons, of Philomath's meat market, departed for Kansas last Sunday to remain six or eight weeks. Mr. Gibbons expects to participate in the gathering of the corn crop, in which art he was a champion in the days of "auld lang syne."

Ray Castle of Irrigon, arrived last Thursday for a visit with relatives and friends.

Miss Stella Davis, of Fern, is assistant "hello girl" at Philomath station of the Independent Telephone company.

Ernest and Floyd Caldwell have been indisposed and are unable to take their places in the class rooms at the public school.

The National flag was unfurled on the public school grounds last Tuesday.

Miss Eva Pugsley conducts the class in book keeping in the ninth grade work at the public school.

Mrs. R. D. Bentley, of The Dalles, who has been visiting relatives and friends for the past week departed for The Dalles last Tuesday, visiting the family of her brother, Rev. J. H. Merriam, at Salem while en route.

Miss Bessie Pugh, the daughter of our genial hardware merchant, departed for Oklahoma last Sunday. Miss Pugh expects to remain in our youngest state for two months. Her friends and the Neighbors of the W. O. W. wish her a safe and pleasant journey.

Mrs. Bessie Irwin Boyle and daughter Alice, of Sodaville have been visiting relatives and friends in this vicinity for the past week but departed for their home in Linn county last Monday.

Miss Ytle Hash, of Alsea, who is teaching in the Westwood district, visited with her grandmother, Mrs. Diury Davis, Saturday and Sunday.

J. E. Wyatt, of west Corvallis, met with an accident one day last week which might have had a serious termination. While riding on his range on Cardwell will be noticed that the headstall of the horse's bridle had become disarranged. In reaching forward to re-adjust it the horse threw his head up and back, striking Mr. Wyatt in the temple with a buckle on the bridle, rendering him partly insensible. Mr. Wyatt fell heavily to the ground in the hard roadway but sustained no serious injury. He was very badly bruised but was fortunate in escaping with no more serious injury.

Mr. and Mrs. E. C. Walker, who were married at Irrigon several weeks ago, have been visiting friends and relatives in and about the burg for the past two weeks. Mrs. Walker was formerly Nellie Castle daughter of Mr. and Mrs. Wm. Castle, who until about two years ago resided near Philomath but are now residents of Irrigon. Mr. Walker was a former employe of the Benton County Lumber Co. but recently has been employed at Pendleton. Mr. Walker has been in Alsea for the past week returning Tuesday. Mr. and Mrs. Walker expect to depart for Coburg this week where they will reside.

They are still in the wheat business in Eastern Oregon, according to Vance Taylor, who returned from Condon, Tuesday. "Along the railroad track, every little ways, there is a long platform and on this there are wheat sacks often piled 40 sacks high," said Mr. Taylor in telling of his trip. The weather is warm and dry at Condon, the dust is blowing and threshing is still in progress.

WHEAT AND MONEY THERE.

But Willamette is Good Enough for Him—A Few Facts.

"There are no good buildings at Condon," was the Corvallis man's statement, "as everyone puts up a shack that will last while he is making a stake and then he leaves and goes to a pleasanter climate." There is no timber to break the monotony of the landscape and the eye tires of the flat land to be seen for miles in all directions.

"But there is plenty of money there, and when a fellow takes his best girl out to anything that is going on in the way of entertainment he always blows from \$10 to \$15 for her, and that is why some Corvallis girls who are there say they will never return to this city," said Mr. Taylor.

Price is no object with residents of that section and they are liberal with their cash. But the Willamette Valley looks better than ever before to Vance since his visit to this great wheat section.

OUR NATIONAL DANGER.

Time to Call a Halt Before a Panic Comes.

The business spirit is crushing out the sweeter element of home life. We are in danger of a great commercial decline, because men, as a whole, think only of getting wealth.

There are thousands, both men and women, who do not take time to eat properly. They rush through life, and as a result we have an age of indigestion, nervousness, irritability, sleepless nights and morose dispositions.

With the discovery of Mi-o-na tablets, there is no longer any excuse for one to have ill health from stomach weakness.

Mi-o-na strengthens the walls of the stomach, stimulates secretion of the digestive juices, regulates the liver and restores muscular contraction to the intestines and bowels, so no laxative is needed.

Sick headaches, palpitation, bad taste in the month, yellow skin, irritability, coated tongue and melancholy are a few of the many distressing results of indigestion. Mi-o-na never fails to dispel all these troubles.

Grabam & Wells sell Mi-o-na in 50-cent boxes, and guarantee to refund the money if the remedy does not give complete satisfaction. 89-91

White Sewing Machines.

We have secured the agency for the celebrated White Sewing Machines. Mrs. Schubert demonstrates in our Ladies Ready-to-Wear department. J. W. NOLAN & SON. 87-98
