### CONTRACT TO BE LET.

For Y. M. C. A. Building.—Bids to be Called for at Once.—Something About the Plan.

If the present plans materialize the long looked for and much desired Y. M. C. A. Student building will soon become a thing of reality. The fondest hopes of the original promoters of this project have been delayed thus long for many reasons which need not be discussed here but which at the time seemed insurmountable. This has been deeply deplored by every one and many have gone so far as to say that it would never be completed, and that the money already expended had been thrown away.

Such a thought ought not to be given even a moment's consideration for the building is not going to fail of completion but instead the present board of trustees have formulated plans by which they expect to be able to complete the work already started at once.

Up to the present time \$18,000 has been subscribed by the friends of the project and of this sum, over \$6,000 has been paid, leaving outstanding \$12,000. These sums are in pledges of many individuals, running from 50 cents to \$2,000 and payable in instalments, the large majority of them being of an issue in which these and subsequent instalments are not due until the building is completed, and hence cannot be collected now unless because of their desire to see the work proceed those subscribers would volunteer to make their payment sooner than the time specified.

The building committee has been delayed, therefore, on account of the lack of available funds for the immediate prosecution of the work. Practically sufficient is outstanding to complete the building if it could be collected. The financial stringency through which we have been passing has also delayed the work somewhat.

The only way that seems open now is to borrow enough money to finish it so that the pledges yet unpaid may be collected. This can in no way excuse any who have subscribed since we can borrow money only on the strength of your promise to pay. The plan proposed is to borrow on a bond issue not to exceed \$10,000. The bonds are to be of the denomination of \$50 each and are to bear interest at the rate of 5 per cent and are to run for only three years with the privilege of paying them off after one year. We believe there are enough friends who will take these bonds and so help to finish the building. The bonds are ready to be sold now and just as soon as sufficient have been sold a contract will be let and the work will be rushed to completion.

Meantime bids are to be called for at once and anyone desiring to figure on the work should see the General Secretary of the Y. M. C. A. at once as it is desired to open the bids not later than April 10th or 15th.  
If it is possible for any to pay

their pledges now they will help the work to respond at once. If you have not given a pledge here is a chance to help in a most worthy and needful cause.

For over four years this matter has been pending and it does seem that a "strong pull and a long pull and a pull all together" ought to put it through. What will you do to help?

C. T. Hurd, General Secretary.

Put your money, at least some of it, into a bottle of our spring tonic. Graham & Wells. 25-8

### PLANNING FOR IT.

Committee Busy on Work for Stock Show.—Prizes and Classes.

It must not be presumed that the committee in charge of the coming stock show for Corvallis is asleep, for it isn't. The members are about the busiest men in town; too busy, in fact, to say much about the important matter in hand. That is why so little has been heard of the show. The prize list has been completed, however, and from now on the public will be better informed as to what is being done. Entries for the show may be made after May 1st with the secretary, S. K. Hartsock, and all entries must close at 6 p. m., May 14th.

The committee desires to make this a horse sale as well as a horse show and farmers are therefore requested to send to the secretary a brief description of such horses as they will offer for sale at the Corvallis show. If a sufficient number of animals are offered for sale, the committee will endeavor, free of charge, to have buyers on the ground at that time. The committee will simply bring the buyers and sellers together and leave the rest to those interested.

Animals which have won prizes at former shows are allowed to compete the same as though they had never before been entered. Blue ribbons are designed for sweepstakes, red ribbons for second premiums, and white ribbons for third premiums which shall be placed by the superintendents under the direction of the awarding committees, on all animals at the time of the awards. Exhibitors in the arena must be careful to have the entry cards in a conspicuous place on the animal in order to assist the committee in making awards.

The prizes will be: first, silver cup; second and third, ribbons. The classes of entries include thoroughbred, standard trotting, Percheron draft, English Shire draft, Clydesdale draft, Coach, Cleveland Bays and Belgian horses. The other stock entries include Jersey, Guernsey, Holstein, Milk strain and Short-horn cattle in the dairy class, and in the beef class are Short Horns, Herefords and Aberdeen Angus.

Among the prizes are those offered for Berkshire, Chester White, Poland China, Duroc Jersey, and large Yorkshire hogs, and Lincoln, Cotswold, Shropshire and Hampshire sheep, and Angora goats.

### MAKE PLANS NOW

Shall the Summer Count for Good, or Ill?

A problem that will soon confront the parents and particularly the mothers in Corvallis is, what shall we do to keep our boys and girls busy and out of mischief during vacation?

The question is a serious one, not only to the fathers and mothers who are driven almost to desperation by the restless of their children, but to the children themselves, who must be either employed in some profitable and harmless way, or who will seek amusement and employment neither helpful nor beneficial, in order to "work off" their surplus energy.

Only a few more weeks and the schools will open their doors and turn out the army of eager, happy children, and then it will be time to act.

Every parent should keep this subject in mind and have the campaign planned in advance. A plot of ground set aside for the use of the little folks will be certain to attract the boys and girls this year, for they have not forgotten the All-Benton School fair of last year and they can easily be interested in the coming fair, which is to be bigger and better than that of last fall. A few garden seeds, a plot of ground and a generous amount of interest and encouragement from the parents—these will be found an excellent thing for the boys when school closes, and even now, in spare hours.

And the girls have an equally good opportunity of winning not only the rosy cheeks that result from out-door exercise, but many handsome prizes that are offered in the various departments, and the mother who fails to grasp this opportunity of interesting the daughter in fine sewing, bread making, fruit canning, jelly making, and a dozen other kinds of work, is missing a chance that may never appeal so strongly again to the daughter.

The school fair will help Benton county fathers and mothers very materially in solving the problem of pleasant and profitable employment for the young folks during vacation, and if you do not keep the boys and girls actively engaged at home they will elude your care and find entertainment and amusement outside their homes.

It is up to you, then, parents, to say whether the children shall roam the streets with idle companions during the coming summer months, or whether their hours shall be turned to profitable account. The time to think it over is now—you will not be able to "think" when the children get home.

Concerning a former Corvallis man, the Eugene Register, Friday, says: "Thursday, W. W. Calkins, the well known attorney of Eugene and a member of the present city council, announced his candidacy for the legislature on the republican ticket. In filing his petition, Mr. Calkins makes no statement, relying upon the confidence of the public in his integrity as a republican to elect him. Nomination and election of Mr. Calkins will give to Lane county a man in the legislature who will be a credit to the country that sends him to the legislative halls at Salem. He is a man of excellent judgment, well versed in the law, has splendid executive ability and will prove a valuable worker along lines that are beneficial to the state. Nothing could be more gratifying to Mr. Calkins' host of friends who know of his fitness for the position."

B. W. Johnson attended the "Booster Meeting" in Albany, Friday night, and was one of the speakers. Concerning the meeting a dispatch to the Oregonian says: "The spirit of progress dawned on Albany tonight. At a 'get together' banquet \$6844 was subscribed for a publicity campaign for a 'greater Albany.' Tom Richardson, of Portland, who delivered the leading address at the banquet tonight, said this subscription is the best showing made in the first night by any of the Oregon cities which have joined in the boosting campaign. A union of all the commercial organizations of the city has been effected and a new era for the Linn county capital has begun. Three hundred Albany men sat down tonight at this epoch-marking banquet. It was held in the local armory and was the largest assembly of men ever collected at a dinner in this city. H. M. Crooks, president of Albany college, presided as toastmaster and speeches were made by Governor George E. Chamberlain, a former Albany citizen; Mayor J. P. Wallace, State Senator Frank J. Miller, ex-State Senator Percy R. Kelly, and Postmaster J. S. Van Winkle of Albany, Attorney Samuel M. Garland of Lebanon, and Postmaster B. W. Johnson of Corvallis and Fred Muller of the Portland Board of Trade."

She says: "It is my dearest wish To cast my vote with the prohibition!"

When the repssay "We're ahead" Says she "Of course the rest are dead."
