Some persons who in early life have been martyrs to seasickness have ceased to be so when they have grown older, while others who have been exempt from the malady become liable to it. Strong mental emotions, like apprehension and fright, will suddenly and completely cure the most violent seasishess.

(though it must be confessed scarcely an amusing one), who has recently reached his journey's end, used to describe his animal spirits depreciatingly, as being at the best but vegetable spirits. People who are badly prepared to resist seasickness bring it on by staying on deck when they should go below.

It is bad to take cathartic medicines there is a loss, so far from affecting "the gaiety of nations," would scarcely be felt at all; the power of rousing tears and laughter being (I suppose the writer thought) so very common. That prophecy has by no means been fulfilled. But what is far worse than there have been supposed to the consequence of the nervous system, the consequence of the nervous system of the nervous there being no humorous writers amongst us, the faculty of appre-
