

Wheeler Bros. ... Oakland. D. J. Lyons ...

ITEMS IN BRIEF.

There are now ten candidates for the office of City Marshal.

Workmen are now engaged in preparing the foundation for E. M. Moore's new brick building.

Joseph Sheridan has gone into partnership with his brother John in the tin and hardware business.

The factory is now the point of attraction each Sunday. Quite a number of citizens will go there to-morrow.

S. Marks & Co.'s new store presents a handsome appearance since cement was placed upon the outside walls.

H. Maha is now bridge-keeper at the North Impregna. Mr. Maha is one of the old friends of the Independent.

Rev. J. H. Skidmore is in Portland purchasing materials for the inside furnishing of Mr. Sol. Abraham's new store.

Since the attempt at arson, Mr. Cramer has resumed his residence, and Dr. Woodford has resumed the insurance upon his woods.

W. G. Woodward will continue to sell harness and saddles at a bargain. He employs five workmen and will sell cheaper than any one else. Go and try him.

Mr. Wm. Lavin, of Galesville, has the thanks of the Independent office for the kind and hospitable manner in which he treated its members through the canyon.

Capt. H. Ashland, the proprietor of the saloon at Drake Station, is rapidly gaining friends in that precinct, and is one of the most popular saloon keepers between this city and Portland.

Morrell's minstrel will give an entertainment at Masonic Hall this Saturday evening. There will be an entire change of program, and an entertainment given worthy the patronage of all.

Orly Webb left this city Wednesday morning with Col. Green, Captain Adams and other army officers for Fort Klammath. Mr. Webb has started a branch livery stable at Fort Klammath.

Several specimens of the new ore found in the tunnel of the Tellurium mine have been left in this office by Mr. J. R. Jennings. The ore is rich in gold, silver and platinum and but a few tons of it will make the stockholders in the mine wealthy. We doubt if we have ever seen richer quartz.

John Kelly, the old pioneer violinist will give an entertainment at the Court house this (Friday) evening, assisted by his accomplished wife. Mr. Kelly is one of the greatest of natural violinists, and is highly recommended by the press of California, and should be listened to by a crowded house.

OAKLAND ITEMS.

Farmers all busy harvesting. E. H. Wheeler still remains very sick. Geo. Settle and family are at the seaside on a pleasure trip.

Mr. B. Winfield is around again and has almost recovered from his wound. There was preaching here last Wednesday evening by the Rev. McDowell, of Portland.

G. W. Taylor and family will soon take their departure for Walla Walla, where they will reside for some time. Dr. Davis, late of Portland, has permanently located in Oakland. The Dr. will doubtless do a good practice.

We are glad to welcome Mr. Jacob Rosenstein as one of our mercantile men in Oakland. We hope that he will find business prosperous in his line. E. C. Story has received the contract for carrying the mail from this place to Fair Oaks. Mr. S. is an energetic citizen and never fails in doing well whatever he undertakes.

John Satterfield, perhaps the most enterprising gentleman in Douglas Co., has fully recovered from his recent illness and says he feels as vigorous as ever. Another daughter of Uncle Harry Pinkston is quite ill at the residence of James Young. Dr. Yemable has been called to his bedside and all will be done that can be done for her recovery.

Charles Applegate, one of the earliest settlers of the Ukiah valley, comes highly recommended by the press of California, and should be listened to by a crowded house. Messrs. Kelly & Co.'s Cannabur mines bid fair to become the richest ever known in Southern Oregon. With the proper expenditure of capital and ground, they will be brought to the surface of the earth.

J. C. Shanbrook, one of the most promising medical students in the State, has gone to the home of his childhood, where he will remain for a few weeks, and then take his departure for Louisville, Ky. Johnnie has many warm friends in Oakland, who regret his leaving and have earnest wishes for his unbounded success. The city authorities have reorganized and are in full blast. The postman's bags and horses may be on the look out. It is an aristocratic government where the poor have all the taxes to pay and receive a compensation for the same. Why don't the authorities levy a tax on the merchants, bankers and the railroad as well as to take up the dogs, dogs and horses?

UMPUQUA FERRY.

Five hammers, one trowel and several vapors are in full blast in this valley at the present. George Shanbrook threaded a piece of wire through the barrens, and a half mile to the west, on his place last week. Mr. E. M. Dandson, of Looking Glass, gave us a call on the 11th. He has just started a photograph gallery at Looking Glass. He is a first-class artist. John Churchill carries the ribbon now, he having hauled at one load 1000 feet of lumber from Hubbard creek. This is more than one has yet hauled at one load.

Mrs. J. B. Brook, while pumping some water was struck with paralysis, which rendered her entirely helpless. At present she is fast improving and will soon be amongst us again. Everybody in this section is very busy at present with the barrens, and are some what hindered about procuring hands. Some of you who want work should send along your cards. Mr. J. C. Shanbrook is stopping at this place on a visit to his parents, where he will remain about three weeks and then start for Louisville, Ky., where he will attend medical lectures. We learn that our worthy reporter, "Chronicle," who furnished the paper last winter, has accepted the situation of first assistant cook and chief bottle washer at Sugar Falls. May be proper.

This section of the country, though poor in crops, has been unusually healthy and we like what we have been blessed with good health and chief doctor bills. Two Bears Killed. During the week Mr. Henry Conn Sr. and his son ...

STRANGE SUICIDE!

Thomas Logan, a Paroled Convict, Shoots Himself Through the Brain!

The Fifth and Last Attempt at Self-Destruction!

Last Tuesday evening Thomas Logan, the man who ran off with Fendal Sutherland's team, and was sentenced to the penitentiary from this county and lately pardoned by Governor Thayer, committed suicide by shooting himself through the brain.

There was nothing strange in Logan's conduct until he reached the camp, and then beyond a singular quietness in demeanor he was not the least singular in appearance. He ate his supper with the appetite of a hungry man and with apparent enjoyment, and retired to bed about half an hour in company with another man whose name we have been unable to learn.

There is no reason for the belief that Logan was in any way disturbed by the shooting of the man who had been his partner in crime, and who had been his partner in crime, and who had been his partner in crime.

There is no reason for the belief that Logan was in any way disturbed by the shooting of the man who had been his partner in crime, and who had been his partner in crime, and who had been his partner in crime.

ATTEMPT TO FIRE THE TOWN!

A Narrow Escape from Destruction.

Last Tuesday night about thirty minutes after nine o'clock ...

The fire had not yet spread to the main building, and the fire had not yet spread to the main building, and the fire had not yet spread to the main building.

The fire had not yet spread to the main building, and the fire had not yet spread to the main building, and the fire had not yet spread to the main building.

The fire had not yet spread to the main building, and the fire had not yet spread to the main building, and the fire had not yet spread to the main building.

The fire had not yet spread to the main building, and the fire had not yet spread to the main building, and the fire had not yet spread to the main building.

The fire had not yet spread to the main building, and the fire had not yet spread to the main building, and the fire had not yet spread to the main building.

The fire had not yet spread to the main building, and the fire had not yet spread to the main building, and the fire had not yet spread to the main building.

The fire had not yet spread to the main building, and the fire had not yet spread to the main building, and the fire had not yet spread to the main building.

NOT GUILTY!

L. L. Williams Heard From.

All have heard of the scandal reported by the Albany Democrat, concerning the name of L. L. Williams, our former County Clerk, with an offense against good morals.

As all are acquainted with the Democrat's story, it is not necessary to repeat it in these columns. As soon as the story appeared in the paper named, Judge Hursh wrote a letter to Mr. Williams, directing the same to Boise City. As Mr. Williams had already passed that place, the letter was forwarded to Virginia City, Montana, where it found its owner. Williams immediately wrote a letter to the Democrat, which letter should appear in this paper this week, and also one to Judge Hursh.

In the latter letter Mr. Williams denies the charge in every particular. At the beginning he states he had never yet seen the woman he would run away with. He admits that he was acquainted with both Daniels and his wife, but that acquaintance grew out of the fact that the father and mother of Mrs. Daniels waited upon him when he was confined in the jail in Douglas county from a wound received from an Indian arrow.

As to Mrs. Daniels or Daniels Mrs. Williams says she knew nothing from the time he left Walla Walla for Virginia City until Judge Hursh's letter reached him, and that she was completely surprised. Mr. Williams also states it was his intention to return to Oregon before he made a trip through the Yellowstone country, but now he felt that it was due his many friends that the matter should be cleared up, and he will at once return to Oregon. Without saying further, we shall await the appearance of Mr. Williams' article in the Democrat.

From the first we had doubts as to the truthfulness of the story and knowing Mr. Williams to be a worthy man we were not surprised to find that there was a possibility of an attempt at blackmail on the part of Daniels, and consequently we published not a line upon the subject. This has proven we were correct in our conclusion, and soon L. L. Williams will be heard from again, and we shall be glad to know how he gets on.

While returning from Wilbur the other day with Dr. Cozad, Sheriff Hogan was thrown from the buggy and severely bruised. It was late in the evening, and the train caught the buggy and its occupants near where the way led on road borders upon the railroad. Mr. Hogan is now walking with a cane.

Gene Above. Mr. J. D. Schaff, the popular representative of the firm of Newstrader Bros., San Francisco, passed through town during the week en route for Jacksonville. Mr. Schaff is one of the best commercial tourists ever visiting Roseburg, and we hope on his return from Jacksonville city he will spend several days with us.

Started Up. Mr. I. N. Muncey passed through town Sunday to start up the quartz mill at the Tellurium mine on Monday. We expect to report glorious news to the stockholders from the Tellurium at an early date.

Called. We acknowledge a pleasant call this week from Mr. S. Baden, of the firm of Toklas, Baden & Co., Canyonville. Mr. Baden is jolly good company and he is always welcome.

Lame for Sale. Flint & Son have the best of time for sale at bed-rock prices. Parties wishing the same will find it to their advantage to call on either A. R. or S. C. Flint Roseburg.

The Housekeeper's Best. Hall's Peppermint Cure is the best of its kind in the market. It cures biliousness, constipation, headache and all diseases arising from the derangement of that important gland, which is sometimes called the Housekeeper's Friend. THE HOUSEKEEPER'S FRIEND. It is in Roseburg and will guarantee every bottle or refund the money.

Henry C. King, law partner of the late James D. Fay, committed suicide in San Francisco on the 6th, by taking morphine. He had squandered a fortune left his wife by relatives.

We have received the second number of the Beaton County Blade published by Charles L. Mosser at Corvallis. The Blade is typographically neat and one of our best State exchanges. Charley, we wish you good fortune.

Al. H. Barrows, formerly of this city, is the Republican candidate for county treasurer of Siskiyou county, Cal. Mr. Barrows is an honorable gentleman and will make a good treasurer. We hope the good people of Siskiyou county will show their good sense by giving Al. a rising majority. He is in every way deserving of it.

Mr. Charles Applegate, eldest brother of Hon. Jesse Applegate, departed this life at Yoncalla on the 9th inst. at the advanced age of 74 years. The deceased was highly respected, and was one of the early pioneers of this county. All who knew him loved him, and from the heart we sympathize with the prayer that in the after-life he will enjoy a place on the right hand of the Father.

FROM COQUILLE RIVER. The wheat crop in Coquille is free from rust and is yielding not only a large but plump yield. Some fine specimens of maple, ash, white and red cedar have been sent to O. C. H. R. Co., at Portland for the Oregon industrial exposition at San Francisco.

There is exhibited at the Myrtle Point store one stock of wheat which is 7 feet high, has on it 68 heads, and an average of 60 grains to the head, a total of 4,080 grains. This is from Levi Gant's fine farm.

Clue Found. It has been pretty well settled as to who set fire to Cramer's butcher shop the other evening, and a number of our citizens have put a watch upon the party. One false step upon his part will result in his speedy and lasting punishment.

POOR RUBELL!

Another of Gasley's Sorry Victims.

Rubell Sifted for \$4,000 Damages.

The end of an attempt at deliberate swindling has just been reached. Some time ago one Rubell, of Polk county, became connected with the Coyote gravel mining company, in which some of our citizens were interested, and had invested their means. It became necessary in the purchase of the mine that there should be a transfer of mining stock, and the work of transfer was left to Rubell to accomplish.

Acting in the name of the Coyote gravel mining company, Rubell transferred all the stock to himself personally, and left the stockholders to do the best they could. The stockholders on day found that Rubell claimed to own the mine, and at once they brought suit to recover their property before Judge Hanna, of Jackson county. The Judge has rendered a decision in the case, and not only has he declared the stockholders entitled to the mine, but he rendered a judgment in favor of the stockholders against Rubell to the amount of \$4,000 damages.

Gasley was up to his old tricks in the swindle, and the people of this county will not be surprised at that which they would naturally expect of him. If the opportunity offered, As to Rubell, he is not to be pitied. He was led into the attempt to swindle by Gasley. It is true, but he cannot be otherwise regarded than as a man naturally committed to the wrong is proof enough against him.

We are pleased to note Gasley's defeat in this matter, as we have been in sundry other cases where he has attempted to play the greedy dishonest hog, and were not that we needed to produce evidence, we would be glad to publish something just this time until for these columns we might write up a story concerning one of his night rides upon the canyon through the Canyonville and Galesville stages.

Good Route. Parties who have made the trip over the Coast Bay stage line from Roseburg and Empire City and return, report having enjoyed it, and the ride as a very pleasant one. We are glad to hear of it, and we would certainly make everybody happy who ever patronizes his line of stages.

Narrow Escape. While returning from Wilbur the other day with Dr. Cozad, Sheriff Hogan was thrown from the buggy and severely bruised. It was late in the evening, and the train caught the buggy and its occupants near where the way led on road borders upon the railroad. Mr. Hogan is now walking with a cane.
