New Express System.

Morning Report from Memphis. Мемриів, Aug. 14,—Eight cases were reported this morning, five whites and three colored. Four deaths from yellow fever have occurred within the city limits since last night. Two additional deaths are reported beyond the corporation line.
An inspecting officer has been sent to isolate the dwelling and prevent its spread,
The outlook does not present a hopeful appearance. The fever is spreading in every direction. It has invaded the postoffice and stricken one of the letter carriers. A clerk in the Western Union office was also prostrated to-day. The sick show no material sign of improvement. The only lively place in the city is at the Howards depot, where several hundred idle negroes congregate daily waiting to be detailed as nurses. There appears to be no thought now of stamp-

ing out the fever, and the only alterna tive is to await the coming of frost. Fully thirty thousand have left the city. Collision on the Atlantic City Road, PHILADELPHIA, Aug. 16.—A collision on the Atlantic City Narrow Gauge Railroad this afternoon between an excursion train of sine cars and a freight train from Atlantic City, assulted in the death of five persons and slightly injuring two

A Bishop Snubbed New York, Aug. 16 .- The bishop of Nicaragua has protested against certain stipulations of the penal code which prostipulations of the penal code which provide for the punishment of specified of-fences committed by the clergy in their public ministrations. The government in answer asserted the power of the state to make its own laws independent of priestly dominations or influence.

Row Among Ship Laborers.

QUEBEC, Aug. 17.—The ship laborers' society, 2000 strong, marched through lower town intending to proceed to the Coves. As they entered Champion street, the stronghold of a ship laborers' society from which they had seceded, a battle was begun. It was ended by the party New York, Aug. 15.—Twenty-six roads represented in joint executive committee have agreed to discontinue making special contracts for certain lots or quantithan tariff rates. Shippers will get ten days notice of increase in tariff, during which time all their engagements must was begun. It was ended by the party falling back to lower town. Several men be filled, otherwise increased rates will were wounded by pistol shots, and others badly beaten. One man is reported be charged. All freight must be billed at full tariff rates; otherwise it will be detained at the western termini of trunk lines until correction in billing is made. The Frenchmen being repulsed, the

old society gathered in groups and expressed a determination to keep them No rebate will be allowed except on freight on which contract may have been osition at Kinchler's wharf and one at Martin's. The men were well armed with revolvers, boat-hooks or axes. Blood on the sidewalks showed where the wounded fell. The men were warn-ed by the chief of the water police not to advance, but they persisted. While retreating after their defeat they turned occasionally to fire upon their assailants. are reported this morning, five of whom are colored. Ten deaths from yellow When the procession rallied they went to Cape Blanc and sacked three houses fever have been reported since last night. occupied by Irish. Hardware stores were robbed of fire arms, and six or seven W. H. Reynolds, mayor of Corinth, Miss., telegraphs as follows: "Not a case of guns taken from a store on Fabrique street. All the shops in the lower town and on Mountain Hill have shutters up. Hon. monarch in the French wars. Now on the high road to fortune, he was appoint-ed to several high and confidential offices. Finally, in 1539, he was created Baron Russell, of Cheneys, in the county of Bucks, which estate he afterwards ac-quired by marriage. To make the good luck of the first Lord Russell something solved, and church isnus, in the language of the Henry VIII. were given to lay adherents to the Crown with what may be called reckless munificence. Lord Russell came in for an uncommonly large share in the general distribution. In 1540, when the great monasteries were dissolved, his

brought from Florence, where he died i 1844. This was in 1862, and the followin year the other crowned Bonapartes (Louis of Holland and Jerome of Westfalen) followed him. For the others the late Emperor had a fine motuary chapel built at Ajaccio. The crypt, underneath the chapel flour, is octagon in shape, three of the eight tombs being already occupied. The center of the chapel itself has but four walls, the spaces corresponding to the As we see the great advance that has been made in the last fifty years in many departments of labor, the better methods, pied by inscriptions in honor of the per
