### Caught at His Own Game.

The other day a drummer known as T. P. Spitz arrived in this city, and announced that he was going to the Coos Bay. With his usual politeness, the owner of the Coos Bay Stage Line asked Spitz when he wished to start, that a seat might be reserved for him in the stage. Spitz named the day, waited upon Spitz to learn if he were ready, and Spitz answered in the negative. The seat reserved was then given to another traveler, but just the evening before the stage started in the morning Spitz put in an appearance and claimed a place in the stage. The proprietor told him that all the seats were full, and that he must wait until the next trip. Spitz swore and cursed; he had everything to say that was mean; and the proprietor of the line said nothing, and Spitz became extremely insulting and then Mr. Clough "took a hand" and "held four Aces!" The result of the whole business was, Mr. Clough was arrested at the instigation of Spitz, and fined \$5 and costs. Then again Mr. Clough held a "top hand" and Mr. Spitz was arrested for using obscene language. The latter employed an attorney for the sum of \$10. The attorney was not licensed to practice before the City Recorder, and Spitz paid the license fee. The trial began, and Spitz's face was radiant with smiles. The evidence against him, however, was conclusive, and he was sentenced to pay \$5 and costs—\$10 in all. Spitz did laugh then. He looked like a man who in August first discovers water-millions in ripe wheat, not only "taken water," when an opportunity was given him to fight, but his little fun had—worse of all to him—had cost him the enormous sum of \$25!

### Abstract of Tax List.

From the assessment roll for the year 1879, of Douglas county, we take the following statements: Total number of acres of land, 478,591; total value, \$1,509,418; average value per acre, \$3.016. Number of town lots, 682; value, \$158,380. Value of improvements, \$184,370. Value of merchandise, and implements, \$384,788; money, notes, accounts, shares of stock, etc., \$750,435. Household furniture, carriages, watches, etc., \$139,450. Number of horses and mules, 4,770; value, \$185,882. Number of cattle, 11,377; value, \$78,184. Number of sheep, 183,000; value, \$178,028. Number of swine, 9,750; value, \$17,710. Gross value of property, \$2,556,230. Indebtedness, \$1,097,830. Total exemptions, \$1,426,102. Total taxable property, \$2,133,118. Number of polls, 1,498.

### Another Pardon.

One of our Willamette exchanges brings us information to the effect that Dan Clark has been pardoned from the penitentiary by Governors Bush and Thayer. Dan is a Douglas county notoriety, and has represented this portion of the State in the penitentiary for the past ten or twelve years. He is, to put it mildly, a natural-born kleptomaniac, and is noted for the unhappy facility of leading off from their pastures horses not his own. While confined within the thick walls of the State's house, of punishment he has always been struck with a religious fervor, and having a good voice he has "laid it out over the other cove" by leading the prison choir and exhorting from the prison pulpit in a manner that would put the old-time Baptist to blush. We hope there is yet a chance for Dan.

### Passed Through.

Col. John E. Ross and party passed through town on Wednesday on their way to the State Fair. The Colonel had with him some fine specimens of Jackson county horses. One (a four-year-old Lion Heart) which measured eighteen hands high—in the lowest point in the back from the ground, and which weighed 1,664 pounds. No measure from the top of the forehead shoulder down to the croup stood 18 1/2 hands high. There were in the lot two other horses which weighed 1,400 each, of the same breed, and a Hambletonian stallion that showed the points of a thoroughbred. Col. Ross will probably sell the horses mentioned at the State Fair for good prices.

### Scamperdown in Douglas County.

It should be with pleasure that our stockraisers will learn that the celebrated racer and thoroughbred stallion, Scamperdown, the property of Jos. J. Clough, has been brought to this city, and hereafter will remain in this county. The day of his arrival, the stallion was shown on the streets, and the general remark was: "What a fine animal!" We would advise our stockraisers to see Scamperdown at their earliest convenience, and learn the value of this horse and his colts.

### Articles of Incorporation.

John Hall, Henry Adams and D. S. K. Bulck, of Douglas county, have incorporated the Myrtle Creek Fruit Preserving Company, and filed articles of incorporation with the County Clerk. The capital stock of the company is put at \$5,000 and the purpose of the corporation is to own property and engage in the preserving of fruit by the Alden process. The principal office and place of business is at Myrtle creek.

### Heavy Loads.

During the week Mr. George Freeman, of Jackson county, hauled into this city 10,000 pounds of freight—mostly flour—from Canyonville, and on his return to Jacksonville took away eleven thousand pounds. Mr. Freeman employs six or eight horses, but better ones we never have seen, and though heavily laden his wagons will reach their destination as quickly as will any of our freighters. George is a fine driver, and even his horses know it.

### Insane Person.

Miss Emma Speake was brought down from Myrtle Creek Friday morning, and was examined as to her sanity by physicians before Judge Gaddis. Miss Speake is about 25 years of age, and imagines she is to be poisoned, for having become, as she thinks, the mother of the second Saviour. Miss Speake is not a mother, and her insanity is undoubtedly the result of religious delirium, fervor and an ardent desire to reach Heaven.

The Star this week devotes its leading editorial to the advertising of one law firm in preference to the other firms of the city. After this last break we hope that paper will not have anything more to say against personal organs.

S. Marks & Co. still received new goods by each succeeding railway train. A glance at the stock on hand would lead one to the belief that the firm is buying for millions of people, and do not propose to be short in anything.

"An honest Republican" writes to the Star in a manner abusive of this paper. The communication is not answering more than to ask the question how can an "Honest Republican" take the Star as his mouth piece? The dodge is too thin to deceive a four-year old child.

Secretary Earhart, Treasurer Hirsch and Prof. L. J. Powell paid Roseburg a visit last Monday evening. It was a very short trip, as far as Roseburg is concerned, it was made in the dark. The Amount of Costs.

In the first suit instituted against Page and Shupe of Oakland, for usurpation of office, they were awarded in the amount of \$29.00, and in the later trial for contempt they were fined \$1 each and costs, amounting in all to \$11.75. In their attempt to thwart the wishes of the people and override the law they have paid the fiddler to the amount of \$74.35, not counting lawyers' fees.

## TELEGRAMS

[SPECIAL TELEGRAPHIC DISPATCHES TO THE DOUGLAS INDEPENDENT BY THE ONLY NEWS-PAPER IN DOUGLAS COUNTY.]

### The Sounding Lead of the Surveyors of the Harbor of Refuge is Found Covered with Gold!

### GREAT EXCITEMENT IN COOS COUNTY.

### FABULOUS GOLD MINES DISCOVERED OUTSIDE THE COOS BAY HARBOR!

### SAN FRANCISCO TELEGRAPHED AS TO THE "FIND"

### SENATOR SLATER AND THE EDITOR OF THE STANDARD VISIT THE SCENE OF THE HIDDEN MINES!

### A REMARKABLE DISCOVERY MEANS WILL BE DEVISED, AND THE SEA WILL GIVE UP ITS TREASURES!

EMPIRE CITY, September 26.—A new and exciting discovery was made yesterday by the United States Surveyors while sounding outside Coos Bay bar. Their sounding lead dropped into six or ten fathoms of water, or to the depth of an average of forty-eight feet, and came up covered with gold.

Quite an excitement prevails here among all classes, and it is surmised that we are to have a novel and very profitable gold excitement.

Senator Slater and Tony Nolmer, editor of the Portland Standard, and quite a large party from Empire City, went over the bar this morning on the tug boat Escort in company with Lieutenant Payson.

There are good gold diggings on the beach opposite where this rich discovery was made, and one of the oldest and most reliable residents of this county says that from ten to twelve dollars per day were realized by parties working the beach, and the pay streak always lead in the direction of the present strike outside the bar.

What the result of the present discovery will be can only be a matter of conjecture; but all here are satisfied that there will soon certainly be some practical means devised whereby these valuable gold mines located in the depth of the ocean will be profitably worked. There is no doubt as to the richness of the gold deposit discovered; it remains only to find a way to reach it.

The excitement produced here by the discovery can be better illustrated by the message transmitted by telegraph to San Francisco this morning: To CAPTAIN HOLT, San Francisco: Keep your pumps here. Surveyors have found a bed of pure gold dust in six to ten fathoms of water. The sounding lead comes up coated with gold. JOHN FLANNAGAN.

## OAKLAND ITEMS.

Weather cloudy. Rain expected.

Mr. Harry Cook, who has been sick for the last fourteen days, is recovering rapidly, and will be soon among his many friends.

Mr. H. Wilson is working faithfully in the Sabbath-school, but in quite a different sphere than our Superintendent would wish him to.

The son of Mr. Chase, fell and broke the left arm, while at play. He is doing well at present.

Dr. Zealand, of San Francisco, called on the Board of Health here yesterday among the "peaceful" citizens of Oakland.

One of our professional men has been (Chase)ing a deer for the last few weeks, and we are happy to say, that one morning as our friend again was after his prey, he came suddenly upon it, (Crouching) behind an object. He, however, fired his last arrow, and joy to the world!—secured his booty (beauty).

We noticed in the last issue of the Western Star, among the Calypso items, the following: "The Umpqua Ferry gal."—Please excuse us from quoting the very ungentlemanly language contained in the article. It showed the want of intellect and education in the writer, and at the same time was surprised to see the Star so low as to publish language containing nothing, but the most vulgar expressions to be found in the English language. As long as we have known Umpqua George, we have found him at all times a worthy and reliable citizen. The slanderous language used will not affect his good reputation in the least by all who know him.

## ROSEBURG ACADEMY.

The Autumn session of twelve weeks will commence on Monday the 5th of September, 1879, under the supervision of T. Brown, assisted by Miss Hattie Gilliland and Mr. A. B. Fint. Rates of Tuition: Orthography, reading and writing per month, \$1.50; English Grammar or Geography, \$2; Higher Arithmetic, Algebra, Geometry or Book-keeping, \$2.50. G. G. GARDNER, P. H. BENDIS, A. COMBES, Directors.

Another Quartz Ledge Found.

Messrs. Morrison, Woodward and Dean have discovered a rich gold and silver bearing quartz ledge on the headwaters of Myrtle Creek. The quartz taken from the ledge assays rich in the precious metals named, and the ledge will be thoroughly prospected within a few weeks.

Summary of Assessments.

According to the abstract from the Assessment Roll and Tax List made by the county clerk, it appears that this county will pay taxes this year to the amount of \$44,795.66, divided up as follows: State taxes, \$14,931.88; county taxes, \$23,464.88; school taxes, \$6,398.90.

## ARRIVAL OF SENATOR SLATER

Senator James H. Slater arrived in this city last Wednesday evening, accompanied by his reputed "man Friday," Tony Nolmer, of the Portland Standard. Mr. Slater's welcome at the depot was not what was expected, for the news of his coming was telegraphed ahead of his arrival several hours. The Senator was greeted in welcome by only two persons, but he was met by L. F. Mother. Escorted by the train he reached the Metropolitan Hotel; and from the time he was shown to his room until the Coos Bay stage departed in the morning, the Senator and "Friday" were not visible but to the two who had come to meet and to serve his guard of honor. There was none of the enthusiasm and kindly spirit which welcomed Senator Mitchell's return to Oregon upon several different occasions—no reception or general hand-clapping; silently he came, and like the Arab in the night, or early morning, he folded his tent and stole silently away to Coos Bay. Had our prominent citizens taken the matter in hand, the reception would have been different. As it was, only the strength of a little rig, perhaps, that traded off Southern Oregon interests in the last Senatorial election at Salem to further selfish and personal ends. It may be that through the workings of that ring the people of Southern Oregon have come to look upon Senator Slater as an outsider, having no common interest with them; therefore, they cannot show him the welcome accorded to Senator Mitchell at all times and irrespective of party until the "Black Prince" has given evidence stronger than mere words that he is their friend. Senator Slater and Friday have gone to Coos Bay to look after the matter of intercession. We hope that he will learn our wants and faithfully work for their promotion. Our Southern Oregon people will give him a hearty welcome whenever he pays a visit.

## UMPUQA FERRY.

Mr. J. R. Hecks took his departure for parts unknown on the 18th.

Several threshers are still running. There will be about a 10-days run for the most of them.

Mr. Clayton has the best wheat we have seen of the season. It was not affected by any of the wheat pest in the least. He calls it the Winter White.

Our enterprising ex-Worthy Chief Templar, of Cleveland Lodge I. O. G. T., was picked up in the streets of Roseburg one day last week, dead drunk.

The Roseburg minstrel saved us with a fine performance last Saturday night as they were about to leave the troupe our sincere thanks and best wishes.

Poor "Aper," appears very indignant over the "Hindoo" and "Calapooia" items. His reasons therefor are the Independents in this and Calapooia precincts will not notice him enough to convert him to their belief because he is too big a fool to bother with and too big a race to be ranked as an Independent.

For the benefit of the community at large I will give them a brief history of the contest. The "Hindoo" and "Calapooia" last week through the columns of our paper, and the "Hindoo" carried a good many miles from here. Upon manifold he left his parents, State, and his friends, and he went to find a country overrun with barbarians he supplied himself plentifully with arms and ammunition, and he was feeding himself against the cannibalistic race. But lo! upon arriving here, he found a successful "Hindoo" and "Calapooia" and he was so much on being set up as a king or an idol upon arriving here he set himself up, not as a king or an idol, but as a pedagogue. Soon learning that the smartest always got these situations, he set himself up as a pedagogue in utter disgust and went to farming as a means of sustaining life. Some of our readers are so ignorant as to conceive one more party of hope at what he might gain honor and renown, besides the money he had, and that was reporting. But all who have seen his many painful efforts and have seen him personally knock him to the ground as successful at everything else, a flat failure.

The managers of the Oregon State Fair have taken great pains to make the exhibition this Fall surpass that of any previous year. A new pavilion has been built and many improvements made which will add much to the comfort and convenience of visitors and exhibitors. It is unfortunate that the failure of crops in some localities will detract from the general good feeling usually prevailing at such exhibitions, but the managers of the Oregon State Fair will attract so much attention and cure so many diseases of the Kidney and Bladder, that this alone will make the Fair a grand success.

E. Livingstone was so ill during the week that his sister was compelled to ride horseback into town early in the morning for a physician. At last accounts the patient was improving.

Please send me by express six cases C. D., and oblige, yours truly, H. C. LOUDREBACK, M. D.

So long as there are ill to which flesh is heir to, and the cares and labors of life breed disease, so long will it be necessary to use medicine to counteract the evils produced and maintain the health of the human family. Many kinds of quackery are frequently offered to the public for one special disease and another, and if the truth were known I would doubtless be found that in the majority of cases these nostrums have done more harm than good. Indeed some of the most potent evils of the present day is the existence of quack compounds, which contain ingredients inimicable to health, and the greatest care, therefore, should be taken by invalids, in using any unknown drug which cannot be taken with impunity, no matter what may be alleged to the contrary.

Now, experience has shown that Nabob Whisky is one of the best medicinal preparations known, and is highly recommended by the Faculty for all cases of nervousness, weakness, debility, dyspepsia, indigestion, etc. Its popularity throughout the Eastern States has been great, and it comes to the Pacific Coast, endorsed by the certificate of Dr. S. Dana Hayes, State Assessor of Massachusetts, and Dr. H. C. Loudreback, of St. Louis, Mo. These certificates are most direct in their statements, averring that the Nabob Whisky is, without exception, the purest article that can be used either medicinally or for domestic purposes.
