The Independent

SATURDAY.....OCT. 11. 1879

Society Meetings.

UMPQUA CHAPTER NO. 11, R. A. M., hold regular communications every first and third Tuesday of each month. All members in good standing will take due and timely notice and govern themselves accordingly. Visiting companions are invited to meet with the Chapter when convenient.

R. HEUMANN, H. P.
W. L. FRIEDLANDER, Sec'y.

LAUREL LODGE A. F. and A. M. holds regular meetings on Wednesday on or before each full moon.

I. C. FULLERTON, W. M.
R. NEWCOMB, Secy.

PHILETARIAN Lodge, No. 9, I. O. O. F. meets on Saturday evening, of each week at 7 o'clock in their hall at Roseburg. Members of the order in good standing are invited to attend. By order of the N. G.

UNION ENCAMPMENT, No. 9, I. O. O. F., meets at Odd Fellows' Hall on the 1st and 3d Fridays of every month. Visiting Brethren invited to attend

JOHN NICHLES, C. P.
E. G. HURSH, Scribe.

UMPQUA GRANGE, NO. 28, P. of H., will meet hereafter on the first Saturday of each month, at Orange Hall, in Roseburg. All members in good standing are cordially invited to a tend.

GEO. JONES, M.
J. P. DUNCAN, Secretary.

BRIEF MENTION.

Sheep-shearing still continues with our farmers.

Treasurer Wright and family have returned home.

Wheat brought one dollar per bushel in Salem on the 8th.

Hon. John Whiteaker leaves for Washington on the 20th.

New sheet music received semi-weekly at Dr. Hamilton's.

There is nothing to talk about now that the election is over with.

There will be a special term of the County Court held in November.

J. J. Flett, of the Star, has returned from the Fair quite rested by the trip.

The rough weather leads to the opinion that for one time more the State Fair will be a failure.

The Circuit Court docket closed Friday evening, but not soon enough to admit of his publication in this issue.

We acknowledge the receipt of an invitation to attend the reception of Gen. Grant on his arrival at Portland.

Mrs. Compton has gone to Portland, and will soon return with her usual stock of Fall fashions, in hats and dress goods.

Gen. Caro, since his return from San Francisco, has been quite busy, and is now willing to affirm that there is no place like Roseburg.

Since the last rains the roads have been very muddy. There yet remains a large amount of threshed grain to be hauled into town.

Gen. Grant sailed for Portland Thursday, accompanied by his family, Senator Jones of Nevada, and other distinguished parties.

Half-fare rates on the Oregon and California railroad to all who may wish to visit Portland to see General Grant when he arrives.

The town has been dull since the State Fair began, so many of our citizens went to Salem. Court week will make up for it, however.

Caro Bros. have just received a large assortment of ladies' switches, hats, valises, etc. There never was a finer stock brought to the city.

We hear it stated that A. Baird has sold his property in this city and with his wife will soon take charge of the Grave Creek station house.

Those of our patrons who have promised us wood are notified that we would be pleased to have the same delivered at this office immediately.

Fellows' Compound Syrup of Hypophosphites is not only the most reliable remedy for consumption, but it is a specific for Bonchitis and Asthma.

Salmon trout have made their appearance in the South Umpqua in large numbers, and anglers are catching quite a number of the speckled beauties.

We learn from Mr. Jacob Bitzer that beef now sells at three cents per pound, pork five cents per pound and mutton $1 50 per head. These rates are paid for dressed meat.

The protest of W. G. Hill against the issuance of a certificate of election to A. C. Cox was laid over to the next meeting of the new Board. The old Board gave Mr. Cox a certificate.

The Oregon City Enterprise reports a yield of sixty bushels of wheat to the acre in Clackamas. There was no rust, in the grain, and the variety used for seed was the White Mediteranean.

J. C. Floed is prepared to purchase wheat in any quantity, and he will pay for the same at the highest market price. His office will be found next door to the store of Floed & Co.

The lately drawn jury list is generally regarded as comprising the names of the best citizens of the county. A glance at the list will show that nearly all, if not all, are taxpayers and men of sense.

It is a mistake that the Circuit Court will commence its October term next Monday. Circuit Court commences in this county on the second Monday in May and on the third Monday in October.

A note from Mr. Zac Van Orman reports the discovery of another rich gold and silver-bearing quartz ledge. The locality of the ledge is not reported, but an assay of the ore from it shows a value of $1,000 per ton.

We are sorry to say that Mr. Jos. Lehnherr is confined to his bed at Joseph Williams' residence with hemorrhage of the lungs, and is seriously ill. Of all the young men in town there is no better than Joe, and his early recovery is earnestly prayed for.

Henry Mensor, the Jacksonville foot-racer, ran a race at the Yreka fair, distance 75 yards, against four competitors and won the race by 3 feet, 6 inches. Mensor afterwards refused to run the same race over again against John Sissli, and paid the forfeit.

R. D. McKinney, H. McNabb and A. P. Ruth were here during the week, seeking a marriage license. All the boys are good-looking, and we would not blame any young lady should she take one of them in. But the trouble was, we couldn't find out "which one of the boys he is." Certainly the one license was not intended for all three of them! We know different. The boys are too healthy for any one lady to hope to capture all of them.

Still they come! New goods in endless quantities and of every style and variety, at S. Marks & Co.'s. This firm not only has the finest of stocks, but has declared war on high prices.

Our "Supplement" in this week's issue shows that Mr John Miller, receiver, is determined to sell out the liquidation stock of C. Cohen at cost or less. The greatest of bargains are offered purchasers.

Floed & Co. have the latest novelties in ladies dress goods in the city. They o fer extra bargains in cashmeres and flannels, ladies' dohlmans, laces, ribbons, feathers, etc. The firm has nothing that is of old style. The stock was selected expressly for the Fall trade of Douglas county.

IMPORTANT MATTERS.

To Land Owners in Douglas, Lane and Linn Counties.

We call the attention of those of our readers who own lands, the title to which was originally obtained from the government by reason of settlements made under the old Donation law of Sept. 27, 1850, to the necessity of seeing that their titles have been perfected by the filing of the proper evidence in the Land Office, and the issue of a certificate and patent for the lands claimed.

In July last the Register and Receiver of the U. S. Land Office at this place, pursuant to instructions from the Commissioner of the General Land Office, published a notice to such claimants that they would be given six months in which to perfect their proofs, and failing to do that, their claims would be held for cancellation.

Upon inquiry at the Land Office, we are informed that about eighty of these claims remain in the office for which certificates have not been issued, and in almost all of which the evidence is imperfect.

These claims are of long standing and should have been perfected years ago, and it is the desire of the Government to have them settled up and closed out as speedily as possible—a special agent of the General Land Office having been sent out here for the purpose of examining the proofs and ascertaining what is necessary to perfect the claims.

We advise all therefore to examine their titles and ascertain if the patent from the United States has been issued, and if not to take the steps necessary to secure its issuance.

More than a thousand patents remain in the Land Office undelivered through the negligence of claimants in not calling to get them; all of which are liable to destruction in case the Land Office should be burned.

This matter is of interest, not only to land-owners in Douglas county, but also to those in the counties of Lane and Linn.

Buying Logs Cut on U. S. Land.

U. S. Deputy Marshal, Burns, left here on Wednesday morning, having in charge Mr. James Tipton, whom he had under arrest for purchasing a lot of logs from a man by the name of Lively, who had cut the same on Government land. The arrest, we understand, was made upon the complaint of H. T. Johns, U. S. Timber Agent for this State. Under the law prohibiting trespass on Government timber lands, those who purchase logs cut upon such lands are made equally guilty with the parties who cut and sell the logs, and are subject to the same penalties. In the present case, we do not think any wrong was intended by Mr. Tipton, and hope the authorities will not deal with him with undue severity. Mr. Tipton has always been known as a respectable, law-abiding citizen, and in purchasing the logs we feel assured in saying he never had intention of violating the law.

Reduction of Fare.

The Oregon and California Railroad Company have issued tickets for the benefit of those of this county who may wish to visit Portland and help to receive Gen. Grant upon his arrival there. The charge for such tickets, which are good for the trip to Portland and return, will be $8 50. The tickets will hold good from the 11th until the 17th, and the first of them will be sold at the depot this morning. There never was offered our citizens a better and cheaper opportunity of visiting the metropolis, and when we compare the charges made in this instance with the regular fare, or the fare of the days when stage coaches were the only means of travel, we must consider them as comparatively nothing. All certainly—whether from curiosity or respect for the man—desire seeing Gen. Grant; and this is certainly the cheapest and best opportunity.

Ruby Wedding.

Friday evening there was celebrated at their residence in this city the ruby wedding of Mr. and Mrs. Isaac Jones. It was the fortieth anniversary of the happy couple's wedding, and there was as happy gathering of relatives and friends as has been witnessed in the county. One of the most pleasing features of the evening and the main attraction of the time was Mrs. Jones, arrayed in her wedding suit of forty years ago. There were the puffed sleeves, straight waist, short dress and the slippers bound to the ankle by intertwined ribbons, making in all a perfect picture of the dresses and style of the days when our grandmothers dictated the fashions. Of course every one present wished the happy couple "many happy returns" as they did at the time of the marriage, and, like ourself, hoped for them a continuance for forty years more of happy married life.

City Election Returns.

Following is the vote polled at the city election held in Roseburg last Monday: For trustees—Asher Marks 70, A. A. Fink 68, J. C. Fullerton 103, W. H. Byars 74, John Rast 72, P. Benedick 23, G. A. Beath 34, L. Laugenberg 31, Thomas Farquar 37, Joseph Lane 37, T. Grisdale 9, H. C. Stanton 8, scattering 9. For Recorder—J. S. Fitzhugh 115. For Marshal—A. Baird 1, W. G. Hill 43, George Roberts 11, M. Sullivan 2, R. T. McCulloch 5, A. C. Cox 54. For treasurer—G. W. Kimball 72, A. W. Fenner 41.

Telegraphic Change.

A late rule of the Western Union Telegraph Company makes all telegraphic offices on the Pacific Coast half-rate offices. The half-rate system allows any one during the day or evening leave a message that will be transmitted after business hours at one-half the regular rate.

TELEGRAMS

[SPECIAL TELEGRAPHIC DISPATCHES TO THE DOUGLAS INDEPENDENT THE ONLY NEWSPAPER IN DOUGLAS COUNTY.]

The Survey at Coos Bay About Completed!

PORT ORFORD TO BE SURVEYED!

A ROUGH BAR!

SHIPPING INTELLIGENCE FROM THE BAY!

EMPIRE CITY, Oct. 10.—The surveyors of the harbor of refuge have nearly completed their work of survey at this place, having put in good time and faithful work whenever the weather would permit while here. They are now waiting for favorable weather so they may go to Port Orford, and as is laid down in their directions from headquarters, make a survey and surroundings of that harbor. The report they will make will be favorable at least to Coos Bay as a port of refuge.

The bar is very rough now, and has been so since the commencement of the late storm along the coast.

The schooners Premier, Aurora and James Townsend, and the steamship Gussie Telfair are ready for sea, and are only waiting for a smooth bar to weigh anchor.

The steamship Arcata sailed from this port for San Francisco on Wednesday with a good cargo of freight and a fair passenger list.

Two Things Needed.

The new Board of Trustees can very profitably employ its time at its first meeting, first: In causing property-holders to replace the rotten boards in the sidewalks in front of their property; second, in employing a man to hammer down the nails which now stand above the sidewalks, a cause for stumbling on the part of men and the tearing of skirts on the part of ladies. There is no necessity for negligence on the part of property-holders in this matter; and when there comes a suit for damages against the city, sustained in a fall, from a broken plank or high nail, then it will be too late to make the needed repairs.

Disappointed Enthusiast.

A gentleman lately arrived from Empire City informs us that when it was reported that gold had been discovered outside the Coos Bay bar, our friend Wagstaff rushed from his office to take up a claim without hat or boots, and that in his run to the beach he resembled a figure "8" struck by lightning more than anything else. But the gold turned to copper, and the poor, disappointed editor of the Argus slowly returned to his office, tied his long legs into a double bowknot, and has been as cross as a bear with a sore head ever since. We are sorry to hear of the extreme disappointment of our brother.

The City Election.

The result of the election held last Monday is announced elsewhere. The day passed off quietly with one or two exceptions of trifling moment, and a new board of trustees, new marshal and new treasurer were elected. The contest was mainly upon the election of the marshal, and Mr. A. C. Cox was elected. We hope the new board of trustees will see the wisdom of the many reforms instituted by the old board, and will look to it that the city has the same economical and honest administration of municipal affairs.

Locked Out.

Friday morning Sheriff Hogan was anxiously hunting for a man to pick a lock for him. It seems that one of his deputies, through forgetfulness, had carried away the two keys belonging to the door of the Sheriff's office and had left the office locked. The door was finally opened, but as to the means empleyed we are not informed. Sheriff Hogan has again become a mild-speaking Christian, and the forgetful deputy may return home without fear of the wrath to come.

Look Out For Poison!

Many of the nostrums put up and sold for the various diseases are very injurious by reason of the poison which they contain and which cannot be detected except by a chemical analysis. Oregon kidney tea is not open to any such objection, but is a purely vegetable remedy, which needs only to be "drawn" like any other tea, and it is ready for use, curing without fail the worst cases of Kidney Complaint or any disease of the urinary orgaans ic either sex.

Notice.

Having just returned from H. W. Settlemire's nursery, for which I have secured the agency for Douglas county, I desire to inform all persons wishing anything in that line, that I have secured special low rates for this year, and from personal observation I can furnish any information desired. Can make liberal discount for large orders. Will be glad to hear from parties wishing a call. Address—R. A. Booth, Wilbur.

Forty-five Cases.

There are forty-five cases on the docket for trial by the approaching term of the Circuit Court; and on Thursday night the Clerk and Sheriff worked until after midnight preparing necessary papers that the work of the Court may not be delayed. The two most important cases up for trial are State of Oregon vs. Dr. S. Striker, and State of Oregon vs. J. J. Moore. The case against Dr. Striker stands first on the calender.

Curiosity in Hair Work.

The Salem Statesman tells of a curiosity in hair work on exhibition at the State Fair, the work of Mrs. Ross, Oregon City. It consists of a landscape of Mount Hood, the mountain, river, foliage and valley, and all made of hair taken from the heads of Oregon pioneers; Gen. Joseph Lane contributing that which crowns the summit of the mountain.

FROM CALAPOOIA.

Wade and Pickens have rented a farm from Lyman Kellogg on the Umpqua, and propose going into the business of farming. Two finer farmers were never known. One said to the other yesterday as the two were leaving Oakland—"Pickens, you've got to buy a pair of shears to prune the potatoe tree with." "Alright," said Pickens; "and, Wade, don't you forget the ladder to use in picking the pumpkins" Just you wait, Mr. Editor, and next Fall the boys will write you a book entitled "What We Know About Farming."

Another little bit of fun is that three of the boys went on the hill the other day to see some girls. It was on Sunday. Before the house was reached their courage tailed them, and they began searching about for an excuse for their visit. One of them said, "We'll say, if the girls are not there, that we came to hire a harvest hand." "Yes," piped up a female voice near by; "and from the looks of you boys, you had first better hire a good hand to come courting for you." Pickens and the other boys don't go up the hill now.

The statement that "Apwer" made in the Star to the effect that the INDEPENDENT has but two subscribers on Calapooia creek, is in keeping with his other misstatements. The INDEPENDENT has a larger circulation than any paper in the county here, and offsetts the Plaindealer five to one. The medicine given by the Doctor acts upon "Apwer" strangely, and must have driven him mad. "Apwer's" departure for Cresswell is hardly worth noting, but if his object of adoration does not call upon the authorities to have him arrested as an insane person, it is because he will hide the fact by keeping silent. Let him open his mouth once within her hearing, and he is a goner. WILD BILL.

Accident at Tipton's Mill.

We have received the particulars of the wounding of the head-sawyer at Patterson's mill, from M. Wm Tipton. Pitcher was lacing up one of the belts near a circular saw that was running at the heigth of its speed. While so doing his arm was struck by three teeth of the saw, and the arm cut in two from a few inches above the wrist to an inch or so above the elbow, and the arm hung by a thin thread of flesh. Three teeth of the saw only were covered with blood. Dr. Callender attempted to set the arm at the request of the wounded man's wife, who begged that the arm might not be amputated, but when she found this was impossible, and the man demanded that the arm should be taken off, an amputation was performed, the arm taken off above the elbow. Mr. Tipton reports Pitcher in fine spirits and as rapidly recovering, —walking about the house the third day after the operation was performed by the surgeon.

Housekeeper and Cooks' Friend.

Mr. James Turner is now canvasing the county for the celebrated Cast Iron Steamer and Adjustable Strainer. We have seen both of these articles, and pronounce them superior to anything of the kind ever invented. It supplies a want long felt. In cooking vegetables, the Strainer is of great advantage —one neither has to burn themselves or hands, or use two holders in pouring off the water. The Steamer is equally useful. These are sold cheap by the agent, Mr. Turner. This gentleman will sell an interest in the invention in this county, and as the Strainer and Steamer will sell readily a profitable business will be secured to the purchaser.

"Oh, How Cheap!"

A fair maiden went tripping along with a bright light in her eyes. On being asked the cause of her happiness exclaimed. "Oh, my; it beats all how cheap Josephson sells goods. His store was jammed with customers, and when I went in just now I got more goods for the same money than I ever did before."

Fine Trout.

We are thankful to Mr. J. C. Floed, Jr., for a fine salmon trout, caught by him on Thursday in the North Umpqua. Mr. Floed is one of the most successful anglers in the county, and in his last attempt got away with twenty-five nice fish.

CORRESPONDENCE.

MYRTLE CREEK, Oct. 8, 1879.

ED. INDEPENDENT:—Since we Myrtle creekers like for other folks to know that there is a Myrtle creek, and as everybody who comes here leaves again, (except who stay) which is not in every case because they can't get away, we like to be heard from through the INDEPENDENT once in a while; and while we don't desire to discourage your readers, it becomes our duty to proclaim to the world, that it is, and has been raining for the greatest part of the last three days and nights, and raining very heavy too. You know, Mr. Editor, it is very early in the season for so heavy rains, and some of our best citizens think if it continues as it did last Spring until the first of July, we will have a very damp Winter. In consequence of the rain many of our farmers, who are not yet done hauling their grain to Roseburg, have had to hurry.

F. M. Gabbert and daughter, D. S. K. Buick and daughters, and many other of our most amiable and mirth-making citizens, have gone to Salem to attend the Fair, which makes our little town appear as little dry.

Our enterprising citizen, Jos. B. Weaver, has bought Mrs. Rapalee's farm, and is going to commence plowing preparatory to planting a large crop, just as if the weather was dry, and everybody at home.

I hear that Joseph Lane has rented Uncle Billy Hudson's farm and he too is going ahead just if nothing had happened; and in fact I believe nothing serious has occurred, except that our neighbor and blacksmith, Mr. Churchill, got his hand badly mashed while shoeing a vicious horse yesterday, by the horse suddenly forcing his foot down catching the hand of Mr. C. between the foot and the floor.

The saloon business in this blue ribbon town is now under the exclusive control of Robert Cameron, who is ever ready and prepared to furnish the drinks and cigars, of any desired size, from a finger to a tumbler full, and that of the best quality.

We were favored on Sunday last by a very able and eloquent sermon from Elder Clap, shepherd of quite a considerable flock of Latter Day Saints. The Elder has been absent for a long time, but his little flock of adherents to the faith of Joseph Smith, the author and founder of the church, seem to have hung together, notwithstanding the ravaging wolves that have entered the fold during the absence of the shepherd. Z. E.

CALAPOOIA NOTES.

The following jottings are from the pencil of one of our best correspondents:

By carefulness in planting trees Mr. E. Stephens has the largest quantity and finest of Winter-keeping apples grown upon the Calapooia.

John Medley's dandruff extractor is highly appreciated in this precinct, and everything spoken in its favor has so far been proven by practical result.

James Starr, one of Calapooia's best boys, has taken his departure for the Palouse country, with the purpose in view of selecting a stock ranch. Success attend you, James.

James Chenoweth has moved upon the farm lately purchased of W. T. Kurley. Mr. Chenoweth purposes engaging in farming on a large scale, and his energy will bring him success.

Mrs. W. D. Gee is putting a substantial fence around the pasture land of her farm. The lumber for the fence was purchased at the Hubbard creek saw mill, and is of an extra quality.

A heavy rain storm has just passed over this part of the country, and the roads are in bad condition. A lovesick swain finds it difficult to even visit his dulcinea these stormy evenings.

In fun may it be said that the funeral sermon of the Calapooia Sabbath school will be preached the first Sunday in November next, at eleven o'clock, by Elder John T. Daniels, who will conduct the services in an able manner.

The threshing business is completed, but results are not altogether satisfactory. Some of our farmers estimate their wheat crops were damaged by rust one-half. Had there been no rust what a glorious yield of wheat there would have been!

Mr. David Hurst, the old war-horse and pioneer of Douglas county, is with us once more. He has resided in McMinnville for the past two years, looking after the education of his children. He will remain on the Calapooia but a short time, his visit being made purely for business reason. We are sorry to learn that he will not remain permanently with us.

Mrs. Richard Learns and family started for Dayton, W. T., last Monday. Mrs. Learns was accompanied by Miss Melissa Davis, a young lady whom all Calapooia honors and love. While we regret the departure of both, our good wishes for the welfare of both the ladies compel us to hope for them a pleasant journey and future happiness.

"Apwer," the crazy correspondent of the Star, has disappeared, and the "places which knew him once know him no more." When last seen he was in Salem, wild as ever. Such characters should not be allowed to run at large. Why could not the authorities of Douglas county catch him up and sell him to a travelling circus as a leading curiosity?

FROM UMPQUA FERRY.

We take the following extracts from our regular correspondence. The letter did not reach us in time to admit of its entire publication:

We note that the Plaindealer has reduced its rates of subscription and says it will share the losses with the farmers, etc. We have heard several say that the Plaindealer as a newspaper was an unnecessary evil; and on account of its fast-losing popularity it took this method of alluring the public to fill up its thining ranks.

The writing school under the management of Mr. Clayton will begin ere long. We have but little acquaintance with the gentleman, but from what we have seen of his writing we would recommend him as A 1 in the profession.

Sickness in this locality still holds its own, and though not very serious we think it will soon subside.

A. Germaud's little son is very ill at present with dyspepsia. S. D. Hunter had a very severe attack of diarrhœa, but under close attention he recovered rapidly. E. A. Livingston, we understand, fell and broke his collar bone. Mr. J. R. McKinney is with us again looking hale and hearty. There are several light cases of whooping cough, but it has not taken much of a hold here as it has in the neighboring precincts.

We will bring this to a close by giving a few personalities: Ura Layfield lost his fine cow last week, which was said to be the best milch cow around. J. A. Devaul, of Hubbard Creek, was in town this week looking after his interests. John W. Offield our much esteemed friend and citizen will soon take his departure for Aurora, Oregon. Success to you, John. J. L. Evans, A. H. Churchill and E. E. Emmitt will soon take their departure for Nevada to remain but a short time to take a look at the country. By a letter we learn that our old friend J. C. Shambrock arrived safe and sound at Louisville, Kentucky, after a voyage by land and sea of fourteen days.

OAKLAND ITEMS.

Quite a number attended quarterly meeting at Wilbur last Sunday.

Mr. A. J. Laze, of San Francisco, gave us a pleasant call last week.

Rev. Warren preached a very interesting sermon on Sunday night.

"Apwer" is on his "wings" again; but the Oakland correspondent has no fear of that obsequious individual. His last production in the Western Star is flavored with as much misrepresentation and conceit as have characterized his previous efforts. Of course, good men make mistakes, but they never swear to an untruth. Now, "Apwer," accept a little advise. Listen! Instead of applying for a situation as postmaster, as you have done, we advise your honor to aspire for a more honorable position. You should not waste your sweetness on the desert air of a route agency. Remember that every man is heir-apparent to the Presidential chair, and a man of your high standing should strive for the place.

Various Causes.

Advancing years, care, sickness, disappointment and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. AYER'S HAIR VIGOR will restore faded or grey, light and red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it a healthy action, and removes and cures humors and dandruff. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or glands decayed. Its effects are beautifully shown on brashy, weak or sickly hair, to which a few applications will produce the gloss and freshness of youth. Harmless and sure in its operation, it is incomparable as a dressing, and is especially valued for the soft lustre and richness of tone it imparts. It contains neither oil nor dye and will not soil or color white cambric, yet it lasts long on the hair and keeps it fresh and vigorous. For sale by all druggists. Hodge, Davis & Co., Portland, wholesale agents.

Ocean Steamer Seized.

The Portland Telegram of Wednesday says: The steamer State of California was to-day siezed by the U. S. collector of the port and libelled by the district attorney on charge of carrying coal oil in violation of law. The penalty for such violation is $500 for each offense. The steamer has given bonds and will not be detained.

The gold pens at Dr. S. Hamilton's are warranted 16 karats fine gold.

MARRIED.

October 5th, at the residence of Mr. Peters, by P. C. Parker, J. P., Burry Linsville and Miss Mary Davidson.

October 5th, at the residence of P. Williams, by Rev. John Howard, A. J. Warren and Miss Gertrude Williams.

Tom Lynch has opened a neat little barber shop next door to the Live Oak saloon; and Tom is a good barber.

AGENTS FOR THE INDEPENDENT.

Wheeler Bros.....Oakland.

SIMMOND'S MEDICATED NABOB WHISKY!

The Purest & Best for Medical & Family Purposes

Has been sold in all the Eastern States and gives universal satisfaction. It is highly recommended by the Faculty for all cases of nervousness, Weakness, Debility, Dyspepsia, Indigestions, etc. It is now introduced to the public on the Pacific Slope, endorsed by the following certificates of the eminent Dr. S. C. Dana Hayes, State Assayer of Massachusetts, and Dr. H. C. Louderbock, of St. Louis, Mo., both gentlemen prominent in their profession, and which is a guarantee to all buyers of purity and quality. I can show thousands of letters from all parts of the Union and Canady, to testify to its merits and the benefits it has afforded as a family remedy and tonic.

☞ Sold by all druggists and Grocers by the case or bottle. Country orders attended to promptly.

BY THE GALLON OR BOTTE.

CAUTION—None genuine unless labeled with my signature over the cork.

G. SIMMONDS, Sole Proprietor.

Labratory and Office, No. 4 State street, Boston, Sept. 9, 1873—George Simmonds, Esq.—Sir: The sample marked "Nabob Whisky," received from you, has been analyzed with the following results: It is of selected alcoholic strength and free from added flavoring oils, acids, metals, or any other deleterious substances. Respectfully, S. DANA HAYES, State Assayer of Massachusetts.

St. Louis, Mo., Sept. 30, 1876—George Simmonds, Esq.—I have been using your Nabob Whisky for some time, and have no hesitation in saying that it is, without exception, the purest article that I have used medicinally, or for family purposes. To many of my patients who have been suffering with indigestion and nervous affections, I have prescribed your Nabob Whisky for their use, and I take pleasure in saying to you the effect has been satisfactory. Please send me by express six cases C. O. D., and oblige, yours truly, H. C. LOUDERBACK, M. D.

So long as there are ills to which flesh is heir to, and the cares and labors of life breed disease, so long will it be necessary to use medicine to counteract the evils produced and maintain the health of the human family. Many kinds of medicine are frequently offered to the public for one special disease and another, and if the truth were known it would doubtlessly be found that in the majority of cases these nostrums have done more harm than good. Indeed some of the greatest evils of the present day is the existence of quack compounds, which contain ingredients inimicable to health, and the greatest care, therefore, should be taken by invalids in using many unknown drugs which cannot be taken with impunity, no matter what may be alledged to the contrary.

Now, experience has shown that Nabob Whisky is one of the best medicinal preparations known, and is highly recommended by the Faculty for all cases of nervousness, weakness, debility, dyspepsia, indigestion, etc. Its popularity throughout the Eastern States has been great, and it comes to the Pacific Coast endorsed by the certificates of Dr. S. Dana Hayes, State Assayer of Massachusetts, and Dr. H. C. Louderback, of St. Louis, Mo. These certificates are most direct in their statements, avere ring that the Nabob Whisky is, without exception, the purest article that can be used either medicinally or for indigestion and nervous affections, and can be used with the utmost confidence. The analysis shows that this whisky is of standard alcoholic strength, and free from flavoring oils, acids, metals, or other deleterious substances. Dr. Hayes further says that it is pure, of superior quality, and suitable for dietic and medicinal purposes. Such recommendations are the strongest that can be furnished, and as there are thousands of letters testifying to the merits of the whisky as a family remedy and tonic, no further proof of its excellence need be given.

S. MARKS & CO., Ag'ts, Roseburg.

KING OF THE BLOOD

THE MOST THOROUGH PURIFIER OF THE BLOOD YET DISCOVERED.

Cures all Humors, from a Common Eruption to the Worst Scrofula.

It purifies the Blood.
It invigorates the Liver.
It regulates the Bowels.
It strengthens the Stomach.

It gives vivacity in place of lassitude; cheerfulness in place of gloom, and robust vigor in place of debility.

Dyspepsia, Biliousness, Disordered Liver, Constipation, Nervous Affections, General Debility, in short all the numerous diseases and discomforts caused by impure blood are speedily conquered by this powerful corrector, the chief and sovereign of all ancient or modern medical discoveries—KING OF THE BLOOD.

ITS NAME IS ITS BEST DESCRIPTION, as it is a royal dispenser of the blessings of health, and vanquishes the foes that lurk in the blood.

It banishes PIMPLES, SALT RHEUM, SCALY ERUPTIONS, ULCERS, SCALD HEAD, FEVER SORES and all SCROFULOUS DISORDERS.

It checks CONSUMPTION in its early stages. It has frequently cured it when advanced.

It disperses TUMORS and CANCERS without the Surgeon's knife.

It cures DROPSY, general or partial.

It cures FEMALE WEAKNESS and DISEASES.

It reduces in a safe and effectual manner all swellings, external or internal.

It eradicates the effects of Mineral Poisons, and establishes a sound constitution.

Many certificates, much further information and full directions for using, will be found in the pamphlet, "Treatise on Diseases of the Blood," in which each bottle is enclosed.

Price $1 per bottle containing 12 ounces, or 6 in $5 dozen. Sold by Dealers in medicine.

D. RANSOM, SON & CO., Proprietors, Buffalo, N. Y.

Notice to Debtors.

Having disposed of my interest in the hardware business and store in Roseburg to R. S. and Jos. C. Sheridan, notice is hereby given to those indebted to me to come forward and make immediate settlement of their accounts by cash or notes, as I must close up my books at once. My books and notes will be found with the new firm at the store, and the new firm is authorized to receipt for moneys paid on my accounts against debtors. This is the last notice. THOS. P. SHERIDAN.
Roseburg, Aug. 23, 1879.

$25 REWARD!

I will give the above reward for any information which will lead to the detection of the thief and recovery of the ninety-two bushels of wheat stolen from Mr. Palmer's warehouse a short time ago, and I would warn the people of Scottsburg to the effect that they have thieves in their midst, and advise them to take precautionary measures against them.

ANDREW SAWYER,
Long Prairie, Douglas County, Ogn.

NED. DRY'S SALOON.
