SIMMONDS, Sole Proprieto Labratory and Office, No. 4 State street, Boston, Sept. 9, 1873—George Simmonds, Esq.—Sir: The sample marked "Nabob Whisky" received from you, has been analyzed with the following results: It is of selected alcoholic strength and free from added flavoring oils, acids, metals, or any other deleterious substances. Respectfully, S. DANA HAYES, State Assayer of Massachusetts.

St. Louis, Mo., Sept. 30, 1876—George Simmonds, Esq.—I have been using your Nabob Whisky for some time, and have no hesitation in saying that it is, without efception, the purest article that I have used medicinally, or for family purposes. To many of my patients who have been suffering with indigestion and nervous affections, I have prescribed your Nabob Whisky for their use, and I take pleasure in eaving to you the effect has been satisfactory. Please send me by express six cases C. O. D., and oblige, yours truly,

H. C. LOUDERBACK, M. D.

So long as there are ills to which flesh is heir to, and the cares and labors of life by So long as there are ills to which flesh is heir to, and the cares and labors of life breed disease, so long will it be necessary to use medicine to counteract the svils produced and maintain the health of the human family. Many kinds of medicine are frequents by offered to the public for one special disease and another, and if the truth were known it would doubtlessly be found that in the majority of cases these nostrams have done more harm than good. Indeed some of the greatest evils of the present day is the existence of quack compounds, which contain ingredients inimicable to health, and the greatest care, therefore, should be taken by invalids, in using many unknown drugs which cannot be taken with impunity, no matter what may be alledged to the contrary.

drugs which cannot be taken with impunity, no matter what may be alledged to the contrary.

Now, experience has shown that Nabob Whisky is one of the best medicinal preparations known, and is highly recommended by the Faculty for all cases of nervousness, weakness, debility, dyspepsia, indigestion, etc. Its popularity throughout the Eastern States has been great, and it comes to the Pacific Coast endorsed by the certificates of Dr. S. Dana Hayes, State Assaver of Massachusetts, and Dr. H. C. Louders back, of St. Louis, Mo. These certificates are most direct in their statements, avera ring that the Nabob Whisky is, without exception, the purest article that can be used either medicinally or for indigestion and nervous affections, and can be used with the utmost confidence. The analysis shows that this whisky is of standarfi alcoholic strength, and free from flavoring oils, acids, metais, or other deleterious substances. Dr. Hayes further says that it is pure, of superior quality, and suitable for dietic and medicinal purposes. Such recommendations are the strongest that can be furnished, and as there are thousands of letters testifying to the merits of the whisky as a family remedy and tonic, no further proof of its excellence need be given.
