out of Dover harbor. There were not more than a dozen passengers on deck. The day was cold and clear, with just enough sea to make the voyage unpleasant for bad sailors. Only two ladies were visible. One was a stout, middle-aged person, who was eating and drinking nearly all the way across-evidently an old salt. The other was-well, simply the most charming creature I had ever set eyes on. In off her. I passed her and repassed her as I paced the deck from end to end, and every time I passed her I looked at her. What lovely gray eyes! What superb yellow hair! But as for the complexion, she bring it back to you?" citizens to support our party in this struggle. It is no easy task to supwould take a poet to describe the wild rose tints. Once or twice her eyes met mine just for a moment, and it struck me that they were full of a wistful sadness. So far as I could judge she was had grown so half-conceited of late, Master Ned, you had got such a mighty entirely alone. We were about half way across when, as I passed her for the fiftieth time, she spoke: "Would you, Monsieur, have the goodness to ask the steward to bring me a little Cognac?" I hope I have succeeded in convincing he spoke in French. As the song says, "Her voice was low and sweet." I was too flattered to answer her. I could only I was you that there are people in the world quite as clever, or it may be cleverer, than a certain young nincompoop of oneow and grin and make a bolt for the steward's den. Of course I took the Cognac to her myself. You should have the lesson, my money will have been seen how prettily she thanked me. She well spent." sipped it as a canary bird might do, if that bird were in the habit of drinking An hour or two later I said: "But wasn't it rather a risky thing to do with brandy. CIBBS & BINCHAM,

presently. Yes, very much revived, thanks to diamonds were nothing but paste.' Monsieur. I am not mademoiselle. I a widow. She pressed her handkerchief o her eyes as she spoke. How interest-ing, nay, how touching, was the simple confession. This wistful sorrow in her hat it had been my happy lot to comeyes was at once accounted for. fort her.

There was a camp stool close by. Presindeed, lived to see their children of the ently I ventured to draw a little nearer and sit down on it, blushing at my tem-erity as I din so. She did not seem at all offended, and we were presently in the midst of an animated and interest-ing conversation. There was no hauteur about Moherer Or the set of the reigning monarch and his Queen, a child who might now have been our three days, she told me, in London. She had been staying with Sir Henry Fitz-Evans, who had charge of her late hus-band's interests in England. She was now going back to seelusion, going back now going back to seclusion, going back to the little cottage in which she dwelt her father? Little did those who mourned in November, 1817, imagine ever since her husband's death. She would not be able to go forward by the idal train she told me having a husi. who loved their country's best interests, tidal train, she told me, having a business call to make in Calais. She would go forward by the evening train. All this was told me with a charming

go forward by the evening train. All this was told me with a charming frankness. There was no reason why I should not wait and go forward by the evening train—if she would only allow me to do so. When I threw out a hint to that effect, she offered no objection. She admitted at once that she was fond of so-ciety, and then she looked at me, and— well, I could almost have sworn that she blushed. I had already told her that I was bound for Paris on a special errand for my father: but I had not saud a word ready to see her eldest daughter a grand for my father; but I had not said a word about the ring, or had she ever seen it thing for persons to live to be greatabout the ring, or had she ever seen it. I had put on my gloves before leaving the train at Dover, and I still wore them. among the poor. And in the annals of the great and noble, carefully preserved A little while longer, and we found our-selves in Calais. When we landed, madame admitted that she was hungry, and that luncheon would be a desirable feature of the programme. Accordingly, while she went about her business, I with curious cases of longevity and (to ture of the programme. Accordingly, while she went about her business, I took a voiture and drove to the Hotel Dessin. There, in the course of half an hour, madam joined me. Now, one can't very well partake of Iuncheon in kid gloves. The question was whether I should partake of mine with the ring on my finger, or whether I

with the ring on my finger, or whether I should put it carefully away in the box and hide it out of sight. If you have any knowledge of what human nature at 21, especially when there's a pretty woman in the case, you will know the decision arrived at.

Madame pecked a little at this and that, but hardly ate more than a sparrow might have done. How swiftly the min-ntes seemed to fly! I could have lingered on in that cozy little room for a year.

When the cloth was drawn and we were left to ourselves, with a bottle of hock on the table between us, somehow our or not? my position," says Lucy Stone. Let her sot. Who cares whether she moves chairs seemed to gravitate towards each other. Or, perhaps, it was the stove that attracted us, for the afternoon was
