Staples, luxuries, novelties, rarities, and delicacies of every discription in the grocery line constantly being secured and sold at bedrock prices for cash only. Fresh fruits, both foreign and domestic, always on hand. Gilt edge butter depot, directly on the square, their motto being choice goods, full weight and low prices. Call and be convinced.

Cutting Affray.

On Monday evening about half-past nine o'clock, a couple of Chinamen got into a quarrel over a game of cards and one Lee cut one John across the right wrist, causing a painful, but not serious wound. Lee claims that John drew the knife first and that it became necessary for him to take decided measures to save himself. Considerable excitement was created at the time of affray but it soon settled down. No arrests.

DEMOCRACY JUBILANT.

On Saturday evening the Hancock club of our city, some 100 strong, with 80 torches and the band, paraded our streets, making a brilliant show and attracting a large number of observers. After marching through the principal streets the crowd adjourned to the court house to listen to Col. L. Prabee, who was to address the democrats of this portion of the county on the political issues of the day. Every available seat was filled and standing room was not attainable, numbers going away unable to obtain admission. The Col. was introduced by Mr. G. A. Brodie and made a lively, stirring appeal to the audience. He introduced himself by saying that he had kept aloof from politics for fifteen years and that all party feeling had died away; that he was acquainted personally with Hancock, and thought him to be not only a thorough soldier, but a brilliant statesman and in proof of which the famous order, No. 40 was read. The Col. was also acquainted with General Garfield, but with the record of the Credit Mobilier, fraud and the DeGolyer steal he thought the Republicans had made a grand mistake in nominating the man that they had. There was not a breath of suspicion against Hancock, but although the Col. was willing to make due allowance for the charges against Garfield, it showed bad faith with the people to put forward for the high position of President any one who had the slightest stain upon his character. The speaker then entered fully upon the momentous questions now before the public, and handled his subject as one thoroughly posted.

Great credit is due the glee club for their help, and too much cannot be said in favor of the band for the sweet music furnished.

Some Democrats say that the Col. made several converts.

IN OAKLAND.

On Monday eve the Hancock club, of this city, 118 strong with 100 torches and the band, paid a visit to their brother club in Oakland. Never since Oakland was located was it entranced as it was last Monday; it seemed as if the very hills were alive, and the whole country rejoiced to meet their Roseburg friends. The train had been chartered by the club and as soon as possible after its arrival it was filled by those participating, and started from here about 7.45 P. M. All along the road the band discoursed music while the glee club added their mite to the enjoyment. Upon the arrival of the train in Oakland the visitors immediately adjourned to Brown's hall, where Col. Prabee was addressing the good people of Oakland. After the Col. finished the club formed on main street, and under the direction of L. F. Lane marched and counter-marched the principal avenue. Halting in front of Brown's store, speeches were made by Messrs. Lane, Flood, Campbell, F Sutherlin and others. The entire street was lined with spectators and we are satisfied that Oakland never had such a turnout before. After the speaking the club marched to the cars, amidst the cheers of the Oakland people, and started for home, where they arrived at 12:30.

REV. STAHL'S INSANITY.

The State Rights Democrat of Sept. 10th says: F. M. Smith and Jas. Slater brought Rev. Stahl over last Monday, and after an examination by Dr. Hill, of this city, and Dr. Powell, of Lebanon, he was adjudged insane, and on Tuesday morning was taken down to the asylum by the Deputy Sheriff, Mr. Claughton. The particulars of his attempted suicide which we gave last week were meager and partly incorrect, as we find by conversation with Mr. Smith. Mr. Stahl has been stopping with Mr. Smith for some time, and has been known to be of unsound mind for several weeks, but nothing uncommon happened until Friday, the 2d. On that morning he left his home and went over to A. J. Crabtree's, about a half mile away, where he stayed until evening and then departed. It was supposed he had gone home, but next morning he was seen coming out of the straw at the campground, just across the road, where he had passed the night. He stayed at Crabtree's all day (Sunday) and went to Smith's in the evening, but could not tell why he had slept out. Sunday morning he ate breakfast as usual, and then went out doors, but a rain coming up Mr. Smith went out to bring him in, but could not find him. A search was then instituted which lasted the remainder of the day and Monday, and he was found on Tuesday morning at Liberty Church, about a mile away. He was then taken back home, being part of the time perfectly sane, and sometimes a raving maniac. In the evening he laid down on his bed, but could not rest easy, and about sunset a harvest hand noticing that he was up, spoke of it, and Mr. Smith entered the room just in time to arrest a stroke of the razor which the poor man had made to take away his own life. Smith caught his wrist and with the aid of some others disarmed him. He has since been watched very closely.

Change of Proprietors.

Mr. Canan, late of the Roseburg hotel, has leased the Metropolitan and will open the same to-day. We predict for Mr. C. a prosperous future. With the induction of Mr. Canan, we have to chronicle the departure of Mr. Sutton, the late proprietor of the Metropolitan, who leaves to fill a position near Portland. Mr. S. leaves behind many friends who regret his leaving and who wish him success in his future undertakings.

Candidate for City Marshal.

It will be seen in another column of this issue, that Mr. Thos. Farquer announces himself as a candidate for the office of marshal of the city of Roseburg. Mr. Farquer will make a good marshal if elected on the 4th of October next.

DEDICATION OF THE OAKLAND ACADEMY.

On Friday of last week, a respectable audience had assembled in the Oakland Academy, when the Trustees proceeded to an examination of the building and found it well arragned in all its appointments, substantially built and a handsome piece of architecture. Then followed music by the choir, then a scholarly address by Prof. G. T. Russell, L. L. D., principal of the Oakland Academy, then came the dedicatory ceremonies, involving two matchless principles, "Science and Morality." Then followed the address of the occasion by Rev J. R. N. Bell, the theme being "American Poetry." Mr. Bell being in one of his happiest moods, acquitted himself to the satisfaction of all. Then, after music by the choir, he, by special request, sold to the highest bidder some beautiful donations, some of which brought twenty-eight hundred per cent. on the original cost. Thus proving himself an adept in the auction business. Again came music by the choir. All being well satisfied with the afternoon exercises, they adjourned, to meet at A. & R.'s hall at 7:30 o'clock P. M., where a splendid programme, consisting of literary exercises, theatricals, comicalities, etc., were rendered in first class style to a crowded and appreciative audience. The net receipts nearing one hundred dollars, to be applied for the benefit of the Academy. Thus ended one of the most memorable days of Oaklands existence. Well might the erudite Professor congratulate himself upon his very favorable surroundings. And as well may the citizens of Oakland congratulate themselves on the securement of having a "Russeler" in their beautiful town. May his motto ever be *ora et Labora*.

A Old Joke Renewed.

Last Monday, two gentlemen of this city, Mr. Ned. Dry and a Mr. Hunter, concluded to take a day's hunting. They had made arrangements with Mr. Carroll to come in the evening and bring them home with his buggy. The first thing they done was to shoot a grey squirrel, and then placed him in a standing position on the limb of a tree. In the evening according to agreement, Mr. Carroll came. He commenced to joke them about their hunting qualities, when he saw they had nothing to show in the shape of game. They then went to the tree where the squirrel had been placed. Mr. Carrol glanced up in the tree and saw a squirrel, he took the gun from Mr Dry, fired at the squirrel, but he would not move, he fired the second and third time with no better success, when on turning around, he saw Dry and Hunter nearly splitting their sides with laughter, he knew then that he was the victim of a joke. Mr Carrol says that this joke has been played on nearly every man that went a hunting, and at this late day that he should be the victim, is what makes him mad. "Free drinks" are the order of the day, while this joke is new.

A Close Call

One of our pugnacious young friends became grossly offended because of his expulsion from one of the saloons on Saturday night last, whereupon he went away and soon returned with a Colt's revolver, cocked and presented it at the crowd. Two young men noted for their pugilistic skill perceiving the condition of affairs, immediately seized the individual and depriving him of his weapon, dealt him a few serious blows, the effects of which will probably prove a warning to him in the future. Caused of a failure to comply with the request of a loan.

Unfortunate.

Mr. Lose informs us that Mr. Rose, a carpenter, (a young man from Portland) working on the bridge under construction across the South Umpqua, on last Monday evening fell from the top of the bridge upon the rocks in the river below, breaking one leg and mashing his face in a horrible manner. It was thought for a day or two his recovery was doubtful, but his attending physician now considers him out of danger and improving.

Marshal for the City of Roseburg.

Mr Zack T. Gale, who has filled the position of deputy marshal under Mr. A C Cox, announces himself as a candidate for the office of city marshal. Mr. Gale is known among our business men as an honest and capable man. If you elect him on the 4th of October next, you will never have cause to regret it.

City Marshal.

In another column will be found the announcement of Mr. A. C. Cox as a candidate for the office of city marshal, at the ensuing election, to be held in this city, Oct. 4th. Mr. Cox has filled the position honestly and faithfully, and if re-elected, we have no doubt, will do his duty, to fill so important an office.

Speaks For Itself.

Our young friend, J. O. Baker, agent for the Thomas Holman Western Fanning Mill can scarcely supply the demand, although ordering weekly. All who purchase them pronounce them to be the best in the market. See his ad. in another column.

Large Yields.

Mr. Hans. Weaver of Myrtle Creek has just completed harvesting, and since the wheat was threshed he finds that his 300 acres of land have yielded him 30 bushels of grain to the acre. Henry Adams' also gave similar results.

Painful Accident.

On Last Tuesday Mr Orson Buel, of Lookingglass, met with a very painful accident. He was trying to drive a nail through a piece of leather, when the head flew off striking him in the eye, puting it out.

Deputy Appointed.

J. W. Hamilton, Esq., district attorney for this district, has appointed E. Holgate, Esq., his deputy for Benton county. We are well pleased with this appointment.

State University Pupils.

The following pupils for the State University at Eugene, are from Douglas county: Miss Josie Crow, L. Archambeau, E. H. Hendricks, Cal. Wright and Henry Champagne.

UMPQUA FERRY.

Clarks finger, since amputation, has greatly improved. But Mr. C. will be minus a finger joint from this and henceforth.

George Sambrook is finishing his residence at this place, which when finished, will be one of the finest to be found in this section. R. M Cranfil is the architect and builder of this and the Barr Bros. shop.

The Barr Brothers are constructing their gunsmith and cuttlery shop. The dimensions are 30 feet length by 20 wide, front 26 feet high. It contains two stories and will add greatly to the appearance of this town.

Our highly esteemed pedagogue, Prof. H. L. Thomas, took his departure last Saturday for Looking Glass, where he goes to teach the school there. We recommend him very highly as a teacher and a gentleman in every respect.

Considerable excitement is manifested here each morning by the teamsters hauling wheat, who strive to get to the ferry first, thereby being ahead. Some have been getting up pretty early, and have eaten more than one hearty breakfast if any at all.

The threshing machines are closing up their labors for this season, by finishing up the small crops around over the country. The run has been larger this than last year, and a great deal more profitable. Two of them broke down last Wednesday about the same time, and each patronized this place.

The grain cleaner rolled out of the shop here last week, and began operations for G. A. Thomas. It did not appear to run quite as well as expected at first, but it was soon remedied, and a new giving universal satisfaction, we think that grain cleaners of this kind should be adopted by the farmers of this section as the best cleaning machines.

A "sneak-thief," one day last week, went to one of Geo. Shambrooks grain stacks pitched down some clean wheat and with a knife and cut from end to end about 20 sacks, thereby throwing about 50 bushels of nice clean wheat upon the ground. This we call a mean, low, contemptable trick, and one which would come from the hands of the lowest bastard in the land. He is spotted and should anything similar occur again he will be taken out of the country in no very civil way by persons who have expressed their willingness to do so. A person of such a character and disposition is unfit to be the inhabitant of a civilized community and is a nuisance to any in which he may be found, and the sooner such characters are disposed the better it would be for the community at large.

We take the following from the Louisville Evening Post: "Sunday night a young woman named Sally Duffy, living in the American house on Floyd and Jefferson streets made an anti attempt at suicide. * * * * Well, Sally's "feller," a young man called Simon, went back on her and he an to bestow his attention on another woman in the room a course of proceedings she could not endure. So she went to a neighboring drug store and bought ten grains of morphine, which she took all at once and lay down to die. But as the drug began to do its work she became frightened and sent for Physicians Dr Eggers and Shambrook arrived at about midnight, just as she was lapsing into unconsciousness. By dint of vigorous dosing with emetics they restored her, but all day yesterday she was in such a weak, feeble condition that the doctors was afraid she would cross the dark river in spite of their efforts. To-day, however, she is all right again and vows she will never try again to shuffle off for Simon or anybody else. This Dr. Eggers is John my Shambrooks room mate, and we are happy to note the successful treatment of this patient. UMPQUA GEORGE.

NORTH DEER CREEK.

Mr. Willard Willis and lady have moved to themselves on Roberts creek.

Livingston Bros.'s thresher broke down, but will probably start up to-morrow.

Mrs. J. H. Whitsett goes to Eugene to-morrow morning to witness the wedding of her widowed sister.

Mr. P. Peters has laid up his new J. I. Case thresher for the season, having threshed only about 10,000 bushels of grain this season. He has the best machine ever on Deer creek.

Great credit is due Miss Lucinda Singleton for her good horsemanship in carrying wet sacks to the Dixon fire. Mrs. W. B. Singleton ran all the way from her house, three quarters of a mile to the fire carrying the women's weapon the broom, and a bucket of water.

The grasshoppers have destroyed the whole of W. B. Singleton's garden, he having had the finest garden above Roseburg. It is now looking somewhat like an old corral. Mr. S. also had nine acres of corn, promising from 50 to 75 bushels per acre, almost entirely destroyed by them. He says it begins to look a good deal like starvation on Deer creek now, only for the grasshoppers. Mr. Singleton says they are actualy scratching the dirt off his potatoes and eating them, after taking the vines.

Last Thursday B. B. Dixon set fire to a pile of grubs in his field, it caught the dry grass and soon became unmanageable. W. B. Singleton, wife and children went to his assistance, and it was not until three hours that they got it under control. Mr. Dixon lost about one-fourth of a mile of fence as the result. A portion of the fence was rebuilt next day on the ground of the former, and after Mr. Dixon left it took fire again and burnt several pannels more. Tuesday the fire broke out at the end of the first burnt fence and destroyed 100 pannels more.

UNDERWOOD'S SCHOOL HOUSE.

Farmers are about through threshing around here.

Mrs. Jas. Medley has taken her departure for Missouri.

Mr. H. Cockeram and J. Boone have just returned from the bunch grass country.

Mr. S. Wheeler's place caught fire from some campers leaving their camp fire burning. The fire was whipped out. About 200 rails were destroyed.

The singers that went from here to the Swale were well pleased with the kindness of the people. A basket dinner was given. Music was given on the organ by Miss K. Cockeram, Mrs. Quant and Mrs. McCallock. NEMO.

I Wish Everybody to Know It.

Rev. George H. Thayer, an old citizen of this vicinity, known to every one as a most influential citizen, and Christian Minister of the M. E. Church just this moment stepped in our store to say, "I wish everybody to know that I consider both myself and wife owe our lives to Shiloh's Consumption Cure." It is having a tremendous sale over our counters and is giving perfect satisfaction in all cases of Lung Diseases, such as nothing else has done. Dated Bourbon, Ind., May 14th, '79. Dr. Matchet & Franc. Sold by S. Hamilton, Druggist.

We Challenge The World.
