

RESOLUTION OF ENDORSEMENT

WHEREAS, THE DOUGLASS INDEPENDENT newspaper published in Roseburg, has been published in this county for the period of three years; and

THE MORE THE BETTER.

The result in the last election has, without doubt, brought many men to their senses, politically. And there were a great many who needed the reproof, which adversity brings, to straighten them up.

THERE WILL BE A ROW.

The election of Garfield and a pro-prudence of one hold-over senator, at least in the Oregon legislature, is certain to give the republicans of Oregon much confidence in their ability to elect the next United States senator to succeed Senator Grover.

The Democratic Times, at Jacksonville, wants to know where the republican majority of June has gone to, and makes the assertion that had Indiana and Ohio gone democratic in October so would have Oregon in November.

The editor has had more time to devote to editorial work this week, owing to the fact that he has on his mind more in the typographical department of the paper and the election is over, and he can say once more what he pleases.

A NEW PARTY NECESSARY. There are democrats who yet believe that the party can succeed in the future; there are more sensible democrats who know that the party's managers are lacking brains, and, under the present management, the party can never gain a substantial, or rather, a national victory.

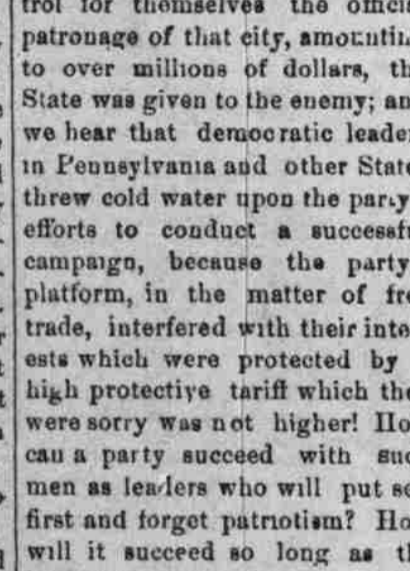

when we think that English failed to "go the republican party one better," it is certain we cannot regard English otherwise than a very "stingy cuss," and one who would have been more anxious to see his party in control at the White House had there been more money in the position.

PLUMMER FRUIT DRYER.

TO ALL FARMERS Preserve Your Fruit and Pay Off Your Mortgages. Read the following testimonials from some of the best citizens of Douglas county who speak from experience only:

DREY CRICK, May 7, 1880. This is to certify that we have a Plummer Fruit Dryer, during last season we dried nearly all kinds of fruit. It will do all that is recommended and more. Our husbands brought the same per pound early in the season and are worth thirteen cents at this date. We do not believe it can be excelled by any other dryer in the State.

WILSON, May 4, 1888. I used a Plummer Fruit Dryer bought of Grubb & Co. last year and dried nearly 10,000 pounds of apples, for which I realized 10 cents per pound. It did better work than was promised and I made more money than I could from any other business. I only ran the machine two months.

Harry Jones says: I have a Plummer Fruit Dryer, and it has done all recommended it would do; and turns out the handsome fruit I ever saw. I shall run it this year to its full extent.

Wm. Boon, of Calapooia says: I hired a machine for \$100 and dried on shares and made more than found promised.

Mr. Tipton, of Mt. Scott, says the Plummer machine is the best I ever saw and it is all that is recommended, and more.
