SATURDAY, DECEMBER 18, 1889. CALAPODIA. Mrs. W. C. Burk has sold \$100 worth of eggs in the last few weeks.

Mr. Harper, father of Hon. Tim Barnard's estate, is paying them a visit. The late rains have sufficiently moistened the soil to assure the progression of the farming business.

Mr. E. Stephens, who has for the past year been residing in Pomeroy, W. T., is expected to return soon, accompanied by his brother William.

Miss Mies and Barnard, two of our handsomest maids, bade farewell to their many friends, and sweethearts, which we presume they are lucky enough to have, and departed to attend school, the former at Oakland and the latter at Wilbur. We can no more than express the wish that these two fair ones will have a pleasant time and master their studies.

Notice. Those of our readers desiring steady and profitable employment, or valuable reading matter cheap for 1889, should send 15 cents to the Frank Leslie Publishing Co, 15 Day Street, New York, for a complete set of their publications and illustrated catalogue containing list of premiums, etc., or \$1.50 for a complete agent's outfit of 13 beautiful chromos and our premium book of valuable information, containing over 500 pages; also Dr. Kendall's eminent treatise on the home and his diseases, with sample copies of our publications, etc. An active agent in every town—twenty to thirty dollars can be made weekly. The illustrated publications, with their new premiums, take at sight. Address Frank Leslie Publishing Company, 15 Day Street, New York.

Bridge Across the Umpqua. A petition is being circulated praying the County Court to construct a bridge across the South Umpqua at this place. In opposition there is also being circulated a remonstrance. The bridge will cost in the neighborhood of \$150,000, and at some future day we propose to have something to say in the matter.

Rebore purchasing goods elsewhere, call on Caro Bros.

SOUTHERN OREGON NOTES.

Road Caro Bros. "Ad." Goods for very little money at Caro Bros. The population of Oregon is 175,345. A fine lot of holiday goods at the Red Front. Fine display of fancy note paper at the Red Front.

Don't forget the lunch at the Emeralds to-night. The best place for Xmas goods is at Fenner's Red Front. Louis Bellis can give you the best bargains in jewelry.

This is fearful weather for Dr. Flood and Fullerton. Genuine mearsham pipes and holders, at the Red Front. Mrs. Fisher's youngest child died Friday morning. It was a boy. Large assortment of albums just received at Fenner's Red Front for Christmas.

Last year Oregon shipped to Great Britain wheat to the value of \$6,000,000. Washington territory has a population of 40,823, and the population of Idaho is 32,611. Cozad, the footracer, was shot by his backer, for throwing of a race at Denver, recently. Mrs. W. S. Humphrey has gone to Salem to attend her mother, who is reported as seriously ill.

The total population of the United States is 49,823,883, or about 20,000,000 more than in 1870, and the population of Oregon is 175,345. Dr. Hamilton is determined to close on his stock of perfumes, toilet soaps, brushes, etc. Call and secure a bargain. Go to a dry goods store when you want dry goods; but remember that Louis Bellis has the best of jewelry for sale. A party down from the Steam Boatmen reports play of water, and Tom. Cretcher and his party busy at work. Mr. Jacob Bitzer has, perhaps, one of the finest beavers ever brought to this market. It is a young steer weighing 1600 pounds, and will be killed for Christmas.

Laurel Lodge No. 1010, A. F. & M. E. Lodge, has elected the following officers for the ensuing year: J. C. Fullerton, W. M.; A. Jones, S. D.; J. R. N. Bell, J. D.; John Best, Treasurer; John Lehmann, T. H. L. Murtion, Secretary.

Mr. Geo. W. Kimball has secured a contract from the government to make maps of old donation claims, and is no longer editor of the Plaindealer. Mr. Kimball was the best editor that paper ever had. Mr. Byars has gone upon another surveying expedition; and Mr. J. W. Strange is now editor of the paper.

This is generally pronounced a dull term of court, and one of our business men is of the opinion that the witnesses came straight from home with a five-cent piece, and divided that sum up between them after they got to Roseburg. The Roseburg Social club will give the grand ball of the season at Masonic Hall, on Christmas eve, Dec. 24th. Extensive arrangements are being made to have the ball in every way an enjoyable affair. All should turn out.

The standard poets, juvenile books, photographs and autograph albums, scrap-books, music binders, in colors and plain, at sheriff's sale prices, at Dr. Hamilton's.

A letter from Jack Smith reports the death of his daughter, Emma, of diphtheria, and the serious illness of her other child. He finds Portland very dull and would return to Roseburg if possible.

Notwithstanding the large advance East in the price of window and picture glass, Dr. Hamilton still sells it as low as it has ever been sold in Roseburg. Full stock always on hand—cutting free.

The weather prophet is yet about, "a prognosticator," as Old Vulcan has it. It is about time to say dash the old folks. Who in goddennity name can predict Oregon's weather. Even "Old Probabilities" at Washington has abandoned the undertaking since we have commenced enjoying May weather in December.

During the last year the Edward Todd gold pens have been thoroughly tested in Roseburg, and are pronounced superior to other brands. Dr. Hamilton purchases them as low as any one in the U. S.

All persons knowing themselves indebted to Caro Bros., should call early and settled their accounts. All accounts remaining unsettled, Jan. 1st, 1891, must be placed in the hands of an attorney for collection.

Our "Salem Notes" will be found of interest this week. Our correspondent states that Mrs. Dummaway and her friends comment considerably upon our articles on the woman question. We cannot help it. We have always loved all women, and have not said, in a life-time, one word derogatory of them. We are of that kind that has never experienced a hard feeling against any woman but what the lady admitted we were in the right, nor can it be said we have spoken a word to their detriment. This should be apology sufficient.

PERSONAL.

Henry Meuser, of Jacksonville, is in town. Joseph Carion is the happy father of another baby girl. Col. Stone and Mr. Wm. Call were in town during the week. We had the pleasure of meeting with Hon. Jas. T. Cooper, of Wilbur, the other day.

Mr. John Clark left for Drain on Wednesday. Good luck go with you, old friend. We had a friendly call from Mr. E. R. Muller, the jeweler of Oakland, this week. John Johnson is the boss fisherman. Monday night he caught 100 fine trout with the dip net. Papa Comstock is in town. He has recovered from his late illness, much to the gratification of his many friends.

Capt. Geo. W. Kherl is in town on a leave of absence. Capt. Short will soon take charge of a steamer on the upper Willamette. Garry Young, Esq., of Oakland, was attending to business in Roseburg Tuesday—paying taxes, etc. We were glad to see you, old man. Hon. John C. Drain gave us a call during the week. He was on a private business. Had he been elected to the last legislature, we honestly believe he would have done much towards keeping that erratic body straight.

Last week we omitted to mention the following facts, which we earnestly ask our readers to give their careful consideration, then go and see for themselves, or better still, if you are unable to go yourself, send your orders either by your neighbor or by mail and rest assured you will receive just what you ordered, as the firm is anxious to convert their goods into money as speedily as possible, and for that purpose offer any of the following articles for one dollar: 13 yds. muslin, 11 yds. cotton flannel, 18 yds. calico, 8 yds. bed ticking, 8 yds. shirting, 1 set of drawers, 1 pair blue goods, 8 yds. snowflake dress goods, 8 pair ladies' or children's hose, 5 pair shaker socks, 1 pair best patent overalls, 1 pair of misses' or children's shoes, 1 pair kid gloves, 1 pair buttoned lined. Lisle gaiters, 3 pair suspenders, 1 suit undergarments, 1 set French lace underwear, 1 fine lamp, 1 boy's tooth brush, 1 starch, 1 tin buff, 1 lady's hat, 1 lady's morocco money purse, one-half doz. linen collars, one and one-half doz. hemstitch handkerchiefs, 10 towels, 20 balls knitting cotton, 1 ladies' bralette, 1 set plated gold jewelry, 12 yds. muslin, 1 set French lace underwear, 8 lbs. S. F. red wax, 3 lbs. Young Hyson tea, 5 lbs. best Costa Rica coffee, 5 lbs. grain pepper, 12 lbs. rice, 15 lbs. salsaparilla, 10 lbs. vitrol, 5 lbs. mustard, 1 doz. papers soap warranted full weight, 35 Gravit candles, 8 cans of oysters, 8 cans good yeast powders, and numerous other articles which space forbids mentioning. Do not forget the plate, Caro Bros.

His Plebe. We have been sent the following notice by citizens of Oakland, asking that it may be published. The purpose is, we presume, in the publication, to show the pledge Mr. Smith has given. His word of honor should certainly have been sufficient, and we give the notice place simply on the request of good men of Oakland.

Having understood that certain parties are circulating the report, that I don't want the office of trustee of the city of Oakland, and that if elected I will resign in favor of J. R. Dodge, I wish it to be understood that such report is a dirty lie, and the party who started it, let down his lie. I do want the office, and pledge myself elected not to resign at all, but fill the office to the best of my ability.

At Old State-man's Birthday. Tuesday last was the seventy-fifth anniversary of the birth of General Joseph Lane. His many friends in Roseburg were warm in their congratulations, and in the evening the Silver Cornet Band gave him a serenade at his residence. The General's many friends abroad will be pleased to learn that the gallant old veteran is in the enjoyment of the best of health, and would marry again were it not for the thought that should he wed one more he would give a young and handsome lady the bother of raising a large family of children. General, you have our prayers for many years more of life, and having that, the people of the State will profit in so many more years of your usefulness to them.

The Edison Electric Light. Has this far proved a failure as a practical light for family use, and the owners of gas stocks are the more freely and so renewed dividends are at hand, but the Oregon Kidney Tea has been a success from the first, paying large dividends of restored health to all those afflicted with the backache or any diseases of the kidneys or urinary organs, and carrying confirmation to the pocket's of rival concerns with worthless nostrums to suit. Ask for the Oregon Kidney Tea and take nothing else.

Boom Broke. During the week, owing to an unexpected rise in the stocks in Umpqua, the boom at Patterson's mill broke, and over 200,000 feet of lumber in logs were swept away and went down the river. The logs will not be totally lost to Tipton Bros., since a great number of them were caught in Sauter & Noble's boom, and Sauter & Noble's boom is a float log belonging to the Tipton boys caught in their boom.

Another Affliction. Another letter has reached this place stating that Elias, aged 11 years and the elder daughter of Jacob Smith, died in Portland of diphtheria. Elias was the last child in the family, and her death, being the second, must have a heart-rending effect upon her grief-stricken parents. Mr. Jacob Smith wishes to return to Douglas county, since he has found little or no employment.

McCormick's Almanac. We thank F. L. McCormick, publisher, for McCormick's Almanac for 1891. It is the best almanac issued for Oregon and Washington territory.

NOTES FROM SALEM.

The manner in which the Independent treats the female suffrage question brings forth some caustic criticisms from Salem friends of Sister Dummaway. Jim Tatum is preparing for vigorous mining operations during the coming year. His company is decidedly fortunate in obtaining his services as superintendent.

The Rev. Mr. Rodabaugh has a large mill ready for the Tellurium mine. On account of some misunderstandings with the directors of the work of putting it in operation is delayed. The number of prisoners in the penitentiary has been decreasing for a month past, on account of the number pardoned and time expired being greater than the new recruits. But, hullo!

Messrs. Strong & Cooper, electricians and contractors on construction of telegraph lines, are figuring on a complete telephone system for Salem. Business and professional men are subscribing liberally. Ben. Owens has been in the city a short time fixing up some swamp land records, after which he will turn his attention to carrying out his plan for supplying Portland with an unlimited quantity of pure water. A boarding house keeper at the Willamette University and his wife are accused of treating some small pupils in a brutal manner, and came near being summarily punished by indignant parents. He will be dismissed from the building.

The supreme court is now provided with nicely furnished rooms. Twenty two cases are already on the docket for the term commencing the first Monday in January next. Judge T. B. Cozad, clerk, has all in readiness for the term. The stage of water in the Willamette river enables boats to run to Eugene, and large quantities of grain are being shipped from various points. Several steamboats are in the trade moving west by the ship load. The supply of tonnage in sea going vessels is short and Portland warehouses are being crowded.

The "chick" in the Hogg land grant, it is feared, will die by the construction of the Yaguina railroad, but the people along the proposed line will likely make up the value of the land which is withheld by subscription. H. F. Coyle, Esq., late State Printer, and now a resident of Yaguina, is visiting the capital and expects to travel by rail when going home next spring.

Philatelic Society. On Tuesday evening the Philatelic and Literary Society held its second meeting. The night was stormy but a good and select audience filled the court house. The Roseburg Band, composed of Messrs. Langenberg and Frazier, furnished excellent music.

Mr. S. F. Flood delivered a short address. His manner is pleasing and his remarks were well received. Mr. Ball then came forward on the affirmative of the question: "Resolved, That the jury system as it now exists should be abolished." Mr. J. W. Hamilton followed on the negative. Both gentlemen acquitted themselves creditably.

The instrumental music by Miss Cora Jones was especially good. The recitation, "The Old Blue Cloak" by Miss Eliza Bayne, was highly applauded. A song by Mr. Halden, "Call her back and kiss her," elicited rounds of applause, closed the exercises of the evening. The next meeting will be next Tuesday evening, December 21st, with the following program: Music—by the band. Address—subject, "The Wonders and Forces of Organic Life," by W. F. Benjamin. Music. Discussion (the question we are unable to give) between Messrs. E. G. Hursh and A. F. Campbell.

Recitation by Miss Anna Byars. Song by Mr. Halden. Fine Feathers. M. Josephson has just received from San Francisco, direct, the finest stock of ostrich plumes and ostrich tips in all shades and colors, which must be sold during the holidays. The stock is the most complete ever offered for the inspection of the ladies of Roseburg who should call at once and inspect it.

Fellows' Hyphoprophites differ from all hitherto produced, in composition, model of preparation, and in general effects, and is sold in its original form. It was developed from actual personal experiment, embracing many months while the inventor was suffering from pulmonary consumption and nervous debility. The good results following its first use have since been repeated in numerous other cases.

Christmas Presents. Mr. Louis Bellis desires to inform the public that he has an extra lot of fine jewelry, suitable for Christmas presents, and that he will not be understood in his line.

Mothers! Mothers! Mothers! If you are disturbed at night and broken your rest by a sick child suffering excruciating pain, or cutting teeth? If so, go at once and get a bottle of Mrs. Winslow's soothing Syrup. It will relieve your sick child immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and the prescription of one of the oldest female physicians and nurses in the United States. Sold everywhere. Twenty-five cents a bottle.

A cough, cold or sore throat should be stopped. Neglect frequently results in an incurable lung disease of the common cold. Brown's Bronchial Troches are certain to give relief in Asthma, Bronchitis, coughs, catarrhs, consumption, and all other ailments. For thirty years the troches have been recommended by physicians, and always give perfect satisfaction. They are new, untried, but having been tested by wife and constant use for an entire generation, they have attained world-wide fame among the few simple remedies of the age. Public speakers and singers use them to clear and strengthen the voice. Sold at twenty-five cents a box everywhere.

NOTICE OF FINAL SETTLEMENT. Notice is hereby given that Tuesday, January 1, 1891, has been set for the settlement of the final account of A. A. Palmer, Administrator of the estate of Sarah Palmer, deceased. All parties interested will take notice. C. GADDIS, County Judge.
