ROSEBURG, SATURDAY, FEB 25

That chief of rustlers' John L. Burnes who is agent for the celebrated Davenport Whiskey, will be in Roseburg about the 15th of March.

With the commencement of spring the swallows come—and so do the drummers. They are flocking in—the drummers. Among old acquaintances we notice H. Clark C. H. Cavaline and L. Ackerman. We were pleased to see the boys.

The clerk of the Roseburg school district has called the annual school meeting for the first Monday in March, the business being the election of two directors and a clerk. We hear the names of Wm. I. Friedlander and H C. Stanton mentioned in connection with the position of directors. No better officers could be selected.

The democratic State Convention will be held on the 5th of April. Delegates to the number of 201 will meet in Portland on that day. At the meeting of the State central committee, C. Ball represented Douglas county, and this county was apportioned twelve delegates. The primaries are to be held on the 25th day of March, and the county conventions on the 29th of the same month.

John C. Powers, charged with the murder of Ben. Cornelius last July, says the Telegram, is still an inmate of the county jail, pending the proceedings in his case for a new trial. He occupies an iron cage at night, but in the day time, when able, he is allowed to mingle with the other prisoners. He walks the corridor every day, and looks pale, sad and careworn. To add to his troubles he suffers intense pain from the bullet in his face, and his lips and the lower part of his face have become paralyzed. He has no feeling in the lower part of his face, and his beard is falling out. His confinement has made serious inroads upon his constitution, and the presumption at the present is that Powers is a very sick man.

AGAIN IN TROUBLE.—Wm. Cornelius and Harry Lawrence, who were sentenced two or three years ago from Polk county to 15 years each in the penitentiary, for robberies committed near Independence, and who were subsequently pardoned by Gov. Thayer, have been arrested for a daring robbery committed at the Cascades. They are now in the Portland jail awaiting trial When they get in this time the Governor had better let them stay.

COTTAGE GROVE FIRE.--The following are the losses reported from the fire at Cottage Grove on the 15th inst: E. W. Whipple & Bro's warehouse and grain cleaner $2500, insurance $1000. Lurch Bros.' warehouse and grain cleaner, $3000, insurance $900; Farmers & Lurch Bros., warehouse, $2200, insurance $2100; Lurch Bros.. 1300 bushels of wheat, fully insured. About 6000 bushels of wheat belonging to different parties were burnt, upon which there was no insurance.

SWETT'S BODY.—The Jacksonville Times says the dead body found by Mr Volk's surveying party was that of Swett who is well known in Southern Oregon as a harmless crank that ranged in the mountains. He appeared to be an educated man and it is said possessed considerable wealth at one time; but of late years would at times refuse to make any effort to obtain food. There seems to be no doubt but that he perished from starvation.

SECURED A CONTRACT.—H Carter, of Dexter, Lane county, has a contract to furnish the O. & C.R.R. Co. twelve thousand ties. They will be made at butte Disappointment, then float down the river and banked near Coryell point, three and one-half miles above Eugene.

ETNA MILLS.—CALIFORNIA.

EDITOR INDEPENDENT.—Dear Sir.—I promised to give you some items from this section Times are very dull here, owing to the frozen state of the weather

Snow fell here on the 10th of January and has laid on the ground since, although the most of the time the weather has been fine, except for the cold.

At Callahan's ranch, the thermometer went three degrees below zero and has never been above ten degrees above zero of mornings since. To day we had a strange wind from the south and the miners prick up their ears and say, "rain." The snow is eight feet deep on the Scott and Salmon River Mountains That is light snow for these mountains, but the weather has been so cold that the snow could not fall.

The miners look for a good season's run, as the snow will keep the water up till late in the season.

The farmer have not plowed a furrow yet, the ground is frozen to the depth of five inches, but just as soon as Jack Frost lifts his veil this beautiful valley will put on quite a different appearance.

The whole people are much excited over the railroad question. But we are so far removed from the proposed route of the road that it will be of little benefit to this section.

Since the freeze, the lumber business has been entirely closed: lumber is higher here than in old Douglas—all rough lumber, first grade, is, $12 50 per M., and rustic and flooring, $25 00 por M. and the people don't grumble at high prices at that.

Perhaps some of your readers would like to know what we are doing If they would just imagine that they are looking into a wild cat tunnel, on French Creek they can see me getting out quartz, but not "quarts" of gold.

Au revoir.

R. M. GURNEY.

A CARD.

EDITOR INDEPENDENT.—In justice to myself I would say that Mr. Cyrus Smith never came to my place of residence until I had been peremptorily ordered out of the house with my sick child by Mr. Stephen Minard. I sent for Mr. Smith—knowing him to be a gentleman—to aid me in moving. At the time I had but one pound of meat to feed myself and children and if Mr. Minard and Mr Smith came to blows it could not have been caused otherwise than from Mr. Minard's outrageous condnct toward me.

MRS. W. E. STANLEY.
Roseburg, Feb. 22, 1882.

We take pleasure in calling attention to the advertisement in our columns of the mammoth seed house of D. M. Ferry & Co. Detrot. Mich. the most extensive seed dealers in the country whose business has been entirely built up through the quality of the seeds they supply and have thus obtained the confidence and patronage of the public as reliable seedmen. Their annual catalogue for 1882 containing a vast amount of useful information suited to all who have a flower or vegetable garden can be obtained of them free of charge on application.

THE UMATILLA.—A dispatch has been received announcing the arrival, says Telegram, of the collier Umatilla at Astoria. This great steamer is on the way to this city, having on board six powerful locomotives for the O. R. & N. Co. These locomotives were brought overland on their own wheels over the Union and Central Pacific railroads and shipped on the Umatilla at San Francisco. There are 11 of these locomotives in this lot. As soon as these six are discharged here the Umatilla will return and bring up the other five.

HURRAH FOR EVERYBODY.—Last June a man named Nethery, living on the Satsop, in Chehalis county, was severely injured by the falling of a tree and his neighbors furnished his legs and destitute family with provisions, labor and money. Of the latter was $100 to pay for his land, which belonged to the Northern Pacific. On receiving the payment and learning the circumstances the company promptly returned one-half the sum.

The County School Superintendent informs us that quite a number of district clerks have not as yet submitted their annual reports for the year ending March 6th, and also states that, in accordance with the provisions of the school law, he will be compelled to withold the money due any district that does not report by the first Monday in March Let district clerks bear this in mind, and hurry up with their reports.

WHAT MADE THE CHANGE.—Santa Barbara, Cal. March 10th, 1881 -H. H. Warner & Co: Sirs—I have been troubled with liver complaint for the past two years. During that time I tried all the medicines advertised for this disease as well as the medicines prescribed by other physicians but none ever reached my case. At last I used your Safe Kidney and Liver Cure and am now perfectly well. H. M. Van Winkle.

It is wonderful that a subtile miasmatic poison should produce that peculiar system when alternate chills and burning heat freeze and scorch the body at regular intervals and it is no less wonderful that medical skill has been able to reach and expel this poison from the system as Ayer's Ague Cure always does.

"DIXIE" WANTED.--James B. Thompson, sheriff of Walla Walla county, has sent posters through the country offering $200 reward for the recapture of an old man known as "Dixie," who escaped from Walla Walla Jail the 15th inst. Is not this our old 'Dixie" whom our people shipped from Roseburg? It would not surprise us a bit.

Miss Lilian Cannon has been appointed secretary of the Presbyterian Sunday school.

OREGON CITY.

About this interesting little city cluster a thousand recollections of intense interest. It was the first settlement of the far-famed, and rich Willamette valley—with the exception of Astoria, was the first American settlement on this vast Pacific coast, and for a long time the great city of the infant colony and the capitol of the young Territory. It was first settled by the Hudson Bay Company and the old French voyageuers who recognised the beauty of the place, and who utilized the vast water power forever. They erected grist and sawmills and had them in active operation long before the attention of but few people had been directed to Oregon, and before there were many inhabitants except natives here.

Oregon City was the Mecca of the many weary pilgrims, who journeyed thousands of miles across the weary Plains, with their mind's eye fixed upon this little town as the end of their toilsome journey It was the rallying point for a number of years, for all the white settlers, who were compelled to come here for their bread stuffs and their necessary supplies. The Indians also congregated here in large numbers at certain times in each year for the purpose of laying in supplies of fish which were so easily caught about the falls.

Oregon City as she is, nestled under the bluffs, and by the side of the ever meandering Willamette presents a most picturesque view, as of an old world city under a hill will ever be an object of interest to the tourist as well as to the historian and patriot.

The traveler who passed through the town without stopping can obtain no accurate view as to the size of the city, running along by the river bank of the formidable looking factory and catches but a glimpse of the roaring tumbling falls and the clouds of spray ascending from the cataract. The beauty of the city and falls must be seen from the heights above the railroad track. Here the visitor is surprised by finding regular laid out streets and enclosures, visit the handsome residences of the merchants and retired business men of Oregon City. From the edge of the bluff which rises perpendicularly about seventy five feet above the old part of the city is obtained a splendid prospect. The first object of interest is the falls. Here the water makes a lunge thirty or forty feet not in a single leap like the great Niagara falls but in a succession of falls and cataracts, pitching, tumbling, boiling, roaring and rushing like maddened furies, hastening to destruction.

OAKLAND.

There is considerable sickness in this locality at present.

J. R. Dodge, Esq., has sold his entire town property to Mrs. Ferguson.

The boys are on the alert since the new marshal took charge of the badge.

Joshua Kenaday is quite ill, but his friends are hopeful of his early recovery.

Messrs. Shupe & Sutherlin are the champion checker players of this locality.

The Sabath school is prosperous, under the supervision of Prof. Geo. F Russell.

Hon D. W. Stearns, of Elkton, was in town this week. He reports good crop prospects in his vicinity.

The dance on Wednesday night was an agreeable affair, and every one in attendance were well pleased.

Many worthy citizens of this place are spoken of as possible candidates for office in the coming contest.

The winter term of school under the management of Prof. G. L. Russel, will close on Friday evening. A grand entertainment will conclude the exercises of the term.

The church concert given on Tuesday evening for the benefit of the Episcopal church was a success, and every one attending were well pleased with the exercise.

The new mining company, is daily receiving material to construct a furnace at the mine. Every indication is that the mine will be successfully worked under its present management

The sick children of A. J. Howard, of "Old Town" are improving. Mr. H. has had a hard time of it for the past two weeks. His many friends are glad to learn that all of his children are convalescing

It is with feelings of sorrow, that we announce the death of Mr. Denny of this place which occurred on the evening of the 16th. Mr. Denny was loved and respected by all who knew him and leaves many mourners behind.

Death has at last laid its cold hands on our old friend Dr. Dagon, and carried his spirit to that land from which no one returns. He was found several days after death in his dwelling where he passed away silently and alone without a single friend to give him words of cheer and comfort in his last moments. Dr. Dagon was born in Germany in 1811, came to this State in 1844, where he resided until his death.

MRS. MOLLIE TRIPP DEAD.—The sad news reached this city on Friday night that Mrs. Mollie Tripp was dying, and Mrs. J. D. Bowen immediately started for Hood River to wait upon her daugeter. Mrs. Bowen did not get there in time, for Mrs. Tripp died on Saturday. On Wednesday evening the remains of the deceased were brought to Roseburg accompanied by mother, husband and infant child, and on Thursday were buried in the rites of the church. A large number of friends attended the funeral not one of whom but regretted the death of one who had grown from childhood to womanhood in their midst. Let it be said of her that she was one of those loving dispositions which cling to the object of their affection so long as life lasts. Mr. Tripp and his relatives have the sympathies of this community.

CALAPOOIA.

Our farmers are somewhat melancholy.

James Starr had an uncle to arrive last week from Indiana.

N. B. John T. P—r private secretary is through H—n of Cole's Valley.

Miss Mollie Lehman's school in district No. 60, is progressing nicely with an average attendance of pupils

H Davis, Esq., whose mother has been spending the winter here with her son, has returned to the Willamette valley.

Intelligence has been received that John T. Daniel's family of this section has gone into the boot and shoe business at Almota.

John T. Kerley, we understand has purchased the farm of his brother W. Kerley, owned by Daniels once, for the consideration of $3,000; 320 acres of land.

Some one for a little sport favored J T. Spaugh with a valentine headed "a henpecked husband." His wife at first glance dashed it under the forestick of the fire.

Russell Baker who departed from here some days since for Washington Territory has returned better pleased with this country. He traveled as far as Pomery, W. T. Too much cold wind is the worst drawback to that country.

Next week we will furnish the names of some of our office seekers which will appear in the political arena this spring, which will be sauce for the gander as well as the goose.

The masquerade ball last Tuesday evening was a grand success—in fact the most complete affair of the kind ever known in the county. There were 58 different characters represented on the ball-room floor, and dancing was continued until 4 15 next morning. The music was exceedingly fine, and it is no wonder that wings were given to fast and flying feet. The prizes for the finest dressed lady and gentleman characters, were awarded respectively to Mrs. C. Ball and Mr. C. Hadley. We had intended to give a full list of the masqueraders and the characters they assumed, but time and space prevents us from doing so. Another masquerade ball will be given on the 1st of April, and as it will be managed by Messrs. Marks & Chase, it will doubtless prove a grand success.

The remains of the infant of Mr. and Mrs. W. S. Humphrey, were conveyed to Salem on Friday morning. The baby was a beauty, and its death was a sad blow to its parents. The entire community sympathises with them in their bereavement; but God wanted another little angel.

Carr Bros. in receipt of a fresh supply of new goods in order to sell out the old. They are closing out as fast as possible. Go to them for bargains.

And Dr. Raymond is a candidate for county treasurer. He will leave his dental rooms in case of election in charge of a competent dentist.

Langenberg Brothers have just received the finest stock of boots and shoes ever brought to this city. There is a chance for good bargains here.

The leading Scientists of to-day agree that most diseases are caused by disordered kidneys or livers. If therefore the kidneys and liver are kept in perfect order, perfect health will be the result. The truth has only been known a short time and for years people suffered great agony without being able to find relief. The discovery of Warner's Safe Kidney Cure marks a new era in the treatment of these troubles. Made from a simple tropical leaf of rare value it contains just the elements necessary to nourish and invigorate both of these great organs and safely restore and keep them in order. It is a positive remedy for all the diseases that cause pain in the lower part of the body—for torpid liver —headaches—jaundice—dizziness—gravel—fever and ague—malarial fever, and all difficulties of the kidneys liver and urinary organs

It is an excellent and safe remedy for females during pregnancy. It will control menstruation and is invaluable for leucorrhoea or falling of the womb.

As a blood purifier it is unequalled for it cures the organs that makes the blood.

This remedy which has done such wonders is put up in the largest sized bottle of any medicine upon the market and is sold by druggists and all dealers at $1 25 per bottle. For diabetes enquire for Warner's Safe Diabetes Cure. It is a positive remedy.

Ague Cure

Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and certain cure for **Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, and all malarial disorders.** In miasmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extremities, are only premonitions of severer symptoms, which terminate in the ague paroxysm, succeeded by high fever and profuse perspiration.

It is a startling fact, that quinine, arsenic and other poisonous minerals, form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were intended to cure. AYER'S AGUE CURE thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack.

For Liver Complaints, AYER'S AGUE CURE, by direct action on the liver and biliary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition.

We warrant it when taken according to directions.

TO THE TRADE:—Practical experience has demonstrated to us that the trade requires a choice old Bourbon for immediate use. For it is well known that straight whiskey that is absolutely pure requires age, care and attention, and our old Davenport whisky possesses all the above qualities. The grain used in the distillation of our J. H. Davenport whisky is always selected from the finest, richest and best grown in the State of Kentucky. The water is drawn from one of finest limestone springs in the State, the peculiar properties which have gained for Kentucky whiskies such world-wide celebrity. This process makes our J. H Davenport a pure, hand-made, sour mash whiskey, and we claim that for delicacy of flavor, purity and medicinal qualities it stands unexcelled.

Yours truly, SCHULTZ & VONBARGEN.

From and after this date Wm. Heffron, of Roseburg, will keep the celebrated Davenport, pure straight whisky exclusively.
