Thirty six men arrived here a week
ago to do tunnel work on the rail-
road extension. They left for the
front Thursday.
We had the pleasure of meeting with
Mr. Charles Himeel, of Portland, this
week. He was the same happy Charlie
we know years ago.

A grand ball will be given at Mas-
sonic hall this Friday evening. The
music has been secured, and a jolly
good time is anticipated.

Monday night a week ago some one
stepped to leak into the house of T.
S. Roadman. The other evening an
attempt was made at the residence of W. I.
Friedlander at housebreaking too.
This thing is becoming too
common.

The Bismarck restaurant, under the
competent superintendence of Mrs. T. J.
Lynch is daily gaining popularity
with the public as first-class in which
to obtain a fine meal. Chinese are not
employed here, for as the name of the
restaurant implies, everything there is
white.

Brick for the new county jail has
been contracted for, and Thos. Grisdale
will furnish them. The improved iron
columns by the County Court are
now on the way, and will soon arrive
here, hence the advertisement for bids
elsewhere.

It was Harry Lambert who, becoming
tired of single-blessedness, and
realizing it was not good for man to
live alone, took unto himself a wife
last Friday in the person of Mrs. M.
A. Parker. They are living near the
depot and will have charge of the de-
pot restaurant.

The owners of "Honest John"—
since there has been so much said
about betting—stand willing to run
"Silverball" any distance any place—
the owners of "Silverball" to set the
pace from \$100 to \$1,000. We are
authorized to make this statement by
the owners of "Honest John." Now
let us have the race.

Mr. E. C. Dry sent to Myrtle Creek
this week a handsome lot of furniture
for his new saloon there. The furni-
ture will be followed by extra brands
of wines, liquors and cigars. From
present appearances, it would seem
that Ned is determined to take the lead
in his line at Myrtle Creek.

Mr. John McKastell has the honor of
having completed the first contract
signed on the southern extension of
the Oregon and California railroad
south from this place. His contract
was completed on Tuesday last, and
the contractor and his assistants de-
serve the praise of the company for
the prompt and efficient manner they
did their work. The work of clearing
the way has been well done.

On the 10th inst. Treasurer Wright
turned over to the County Clerk 345
county warrants aggregating the sum
of eighteen thousand, six hundred and
thirty-one dollars and forty-two cents
being the largest amount by several
thousands of dollars ever turned over
at one time in Douglas county. There
remained the insignificant sum of \$400
outstanding against the county prior
to the April term of the County Court.

County Clerk Sheridan has about
completed a full record of the deeds
and mortgages of the county—some-
thing long ago needed—and indexed
the same. We have examined the new
records and find that the old records
have not only been vastly improved
by copying, but perfectly indexed. It
should have been done before; but we
suppose former county clerks consid-
ered the task to great.

SUCCESSFUL ROBBERY.—Mr. Bales,
proprietor of the Columbia Hotel,
Walla Walla, was robbed of \$430, gold
coin, on last Thursday night. In the
rear of the large shop, adjoining the
hotel, says the Union, is a small build-
ing containing one room formerly occu-
pied by Mr. Bales and wife as a sleep-
ing apartment. Some time ago they
moved out of this room into the main
hotel, but left a number of old traps in
it. Mr. Bales has always been known
as an eccentric man and he kept up
his record as such when he placed his
money, among the goods that were
piled top-sy-turvy about the room
thinking no one would ever dream
of finding a little sack of wealth
stored in such an out of the way cor-
ner. On last Thursday afternoon he
went as was his usual custom when
paying bills to the deserted house took
down a small satchel and from out the
hidden wealth and paid \$12 for wood.
The next morning he had occasion to
go to the room and found things had
been misplaced since his former entry.
His suspicions being aroused he exam-
ined the purse and found that he had
been robbed of the amount specified
above, although the thieves overlooked
about \$100 that was placed in a box
filled with miscellaneous matter. Mr.
Bales at once suspected the Madras
and Jack Morris as the guilty parties
and had them both arrested yesterday.
They will have their preliminary ex-
amination to-day. Mr. Bales says he
will give \$200 for the arrest and convic-
tion of the party or parties should the
present prosecution fail.

THE WORD "SOZOPONT."—Which has
already become a household word is de-
rived from the Greek, and composed
two words, Sozo and Odontes. "Sozo"
translated means to preserve, and "Odon-
tes" the teeth. "Sozodont" a preserver
of the teeth. And it is true to its name
it beautifies and preserves the teeth
hardens and invigorates the gums and
corrects all infirmities of the breath.
The odor of this pure preparation is so
delightful that it is luscious to apply it.
It is as harmless as water. Sold by
druggists and perfumers. No. 34.

TO THE PUBLIC.—From this time on
meals hours at our restaurants will be
as follows: From 6 till 9 o'clock,
breakfast, at 25 cents per meal; dinner
from 12 till 3 in the afternoon at the
same rate, and supper will be served
from 6 till 9 o'clock. All who come
for meals between the hours above
stated will be charged 50 cents. Mrs.
J. T. Lynch, Blanco restaurant, Mrs.
A. E. Cox.

If you want a set of teeth, remem-
ber that you can have your teeth ex-
tracted and a new set put in the next
day, by Dr. M. W. Davis, who under-
stands the latest improvements in den-
tal science. Satisfaction given or no
pay. Laughing gas given for pain-
less extraction of teeth. Office oppo-
site Post office.

The Seed annual for 1882, just pub-
lished by J. M. Ferry & Co. Detroit,
Michigan, and supplied free on applica-
tion is a most valuable work and
worthy of a place in any library. Not
only are its illustrations of first class
order but its pages are full to repletion
with information of the most valuable
to all who grow anything from the
tiniest flower to the largest garden crop.
Being themselves seed growers on the
largest scale they bring the work a
practical experience hardly equalled by
any others while they are thus enabled
to supply seed of the purest quality and
most vigorous growth to be obtained.
We gladly call attention to their adver-
tisement in our columns elsewhere.

"AFTER SIX YEARS."—San Fran-
cisco, May 30, 1881.—H. H. Warner &

Liver Cure I ascribe the restoration of
my wife to perfect health after six
years of nervous affliction from disas-
tered kidneys and liver. Charles E. Bur-
gans.

A grand May-day ball will be given
in this city on Monday, May 1st, by
Lynch's String Band. It will be a
grand affair, and should be attended by
all. In consequence of the arrange-
ments made for the ball on the 1st of
May, the ball advertised elsewhere for
this Friday evening will be postponed.

The funeral of the late Mr. Addie D.
Perkins is announced to occur at the
Presbyterian church at 11 o'clock to-
morrow, Sunday, Rev. W. A. Smick
officiating. The corpse may be seen at
any time prior to 10:30 at the residence
but the casket will not be opened at the
church. The remains will be placed in
a vault in the Masonic Cemetery im-
mediately following the funeral.

No great is the faith reposed in Ayer's
pills by those who have given them a
trial that the consumption of them al-
most passes belief far exceeding any
precedent. They cleanse the blood, im-
prove the appetite, promote digestion
restore healthy action and regulate
every function. They are pleasant to
take gentle in their operation yet
through searching and powerful in
subduing disease.

RETURNED ON A VISIT.—Mrs. Anna
F. Ross, formerly of this county but
now a resident of Knappa, came up on
the train to visit her father, L. H.
Crow, her mother and brothers last
Monday evening. Her brother, Mr. H.
Crow, brought a carriage for her, and
she was Tuesday conveyed to her old
home near Canyonville, where doubt-
less she received a hearty welcome
from her relatives and many friends of
that section.

Again death has been with us, and
another highly esteemed and loved by
all who knew her has started on the
road which leads to Paradise. Mrs.
Addie D. Perkins, formerly of Stowe,
Vermont, and wife of O. C. Perkins,
Esq. departed this life in this city on
Wednesday last, aged 38 years. In 1875
she and her husband came to Roseburg,
and since that time our people have
known her a lady and a lady whose
home has shown itself plainly from the
windows of her soul. Pure as
snowflake and honest by all, her death
is a universal reason for unshappiness.

A FINE STALLION.—Mr. James Card-
well has a fine buggy horse in town
and he is a fine animal. Mr. Card-
well's horse is named "Alek," cream
colored, as pretty as a picture, 6 years
of age, Vermont and delfman, and too
good a horse to be used to pull a buggy.
The animal has a record of 2:44, and is
injured in every way. 5000 horsemen
should see him—not to buy him, for
we do not believe that "Jim," who
knows and raised the horse, would
sell him at any price. Mr. Card-
well gave us a ride in his buggy, and
we are witten with "Alek." He sped
along in a handsome manner, James
handled his lines well, and like every
heartly man, he likes a handsome
body and a good horse—and so too "Jim"
knows, also, he has a lady at home.

"Davenport" with the best blood
and push coming into the territory
we find San Francisco first in the field
to bid for Arizona trade. The enter-
prising firm of Schultz & Borgen, of
Louisville and San Francisco, are on
the ground looking for their interests
and have already secured special rates
for freights direct from Louisville,
Kentucky, and from San Francisco to
Arizona.—Tucson Star. Mr. John L.
Burns is now in Santa Rosa and doing
good work and before leaving he will
establish a sound trade in his line for
the great city of the west. Mr. Burns'
fame precedes a commercial trader a
courteous gentleman and a young
man of undoubted integrity, and all
will find in coming in contact with him.
Mr. Burns has appointed Wm. Heffron
his agent for the Territory.

Dieb.—George Lester Nairy, son of
J. J. Nairy, U. S. Signal Service offi-
cer, and wife, departed this life on
Sunday last, and on the Monday follow-
ing, his remains were conveyed to the
Masonic cemetery, and there inter-
red, aged, two years, eight months and
twenty-five days. The child was
beautiful in life, and in death its fea-
tures bore the expression spoken of by
his Saviour who said: "Of such is the
Kingdom of heaven." Indeed that of
the dead was a beautiful face, and it
seemed heartless to hide forever that
which would have been an object of
admiration even in old age. But God
knows best. It is said that in Heaven
there blooms none but beautiful flow-
ers. Perhaps He thought He needed
one more bright little daisy-flower to
complete his crown of immortals, and
He sent an Angel down from Heaven
to gather that one from earth. He de-
ath all things well, and the little boy
and the innocent in that way assisted in
the Father's bosom.

FATAL JUMP.—On Sunday evening
last Harry Fredrickson, one of the crew
of the Storm King, lying in the rear
of Smith's Point near Astoria jumped
overboard with the evident and firm
intention of swimming to a floating boat
which was passing at the time. The
mate ordered the second mate and me
to lower ship's boat which was hang-
ing at the davits and pick the man up,
then seized a rifle and declared he
would shoot the man in the fishing
boat if they picked up the man who
was swimming to them. When the
ship's boat was about 50 feet from him
and was seen no more. His drown-
ing had created some excitement
in Astoria and it is thought the men
in the fishing boat might have saved
him. It was reported the man was
shanghaied aboard by this is denied
by Capt. Reed who says he signed ar-
ticles in the Custom house when sober

and he paid \$30 advance and \$40 blood
money for him. Big Harry, as he was
called, was well known in Astoria
having fished several seasons for the
Hams. The Storm King has been
repaired for sea two weeks but was
delayed for want of a crew.

Hon. H. Abraham slipped and fell
upon the sidewalk and sustained se-
vere injuries. He was conveyed by
wagon to W. I. Friedlander's drug store,
and his wife telegraphed for, and on the
same evening that lady reached the
bedside of her suffering husband. We
are pleased to say that the injuries
sustained by Mr. Abraham while pain-
ful are not serious.

The leading Scientists of to-day
agree that most diseases are caused by
disordered kidneys or livers. If there-
fore the kidneys and liver are kept in
perfect order, perfect health will be
the result. The truth has only been
known a short time and for years peo-
ple suffered great agony without being
able to find relief. The discovery of
Warner's Safe Kidney Cure marks a
new era in the treatment of these
troublesome affections. A simple, natu-
ral, and of rare value it contains just
the elements necessary to nourish and
invigorate both of these great organs
and safely restore them to their natu-
ral state. It is a positive remedy for
all the diseases that cause pain in the
lower part of the body—for torpid liver
—headaches—jaundice—dyspepsia—
gravel—fever and ague—material fe-
ver, and all difficulties of the kidneys
liver and urinary organs.
It is an excellent and safe remedy
for females during pregnancy. It will
control menstruation and is invaluable
for leucorrhoea or falling of the womb.
As a blood purifier it is unequalled
for it cures the organs that makes the
blood.

This remedy which has done such
wonders is put up in the largest sized
bottle and all medicines up in the mar-
ket and is sold by druggists and all
dealers at \$1.25 per bottle. For diabe-
