SUCCESSFUL FARMING. - Frank and Elmer Gazley, on the Gazley farm in Canyonville precinct, with five horses and two walking plows, have raised this season, 2,780 bushels of wheat and 1,638 bushels of oats, making total of 4,418 bushels of grain, besides outting all the out hay needed for the complished exclusively by their own labor, except in heading and threshing. Who can beat this?

PIONEER SOCIETY.-The next reun ion of the Pioneers of Southern Ore gon will be held in Jacksonville on the 15th mst. These meetings have al ways been very interesting and as the advance of years thins the ranks of those who fought the red-skins for the possession of the happy valley, they become more so. There will be a large tattendance and all visitors will be made welcome, as Jackson county people know how to do the honors.

JUDGE BOISE'S SPEECH.-Last Sat urday Judge R. P. Boise made a pubdic address in the Grange hall in this city, on the subject of transportation. He had a fair audience, composed in the most part of the solid Grangers of the county and their families. His speech consisted of solid facts that were neither new nor originally expressed. but very good. Judge Boise is not an orator and the audience became restive before the confession was reached. If the speech was intended to aid his chances for election to the United States Senate, it was not a success.

The latter work is at the discretion of the Secretary of War, and it is reported he has deemed it necessary to expend the whole \$10,000 on the jetty work, but under what authority he exercises this discretion, we are not aware. With these works in full force and with the present active work on the Coos Bay wagon read, considerable employment is at hand, affording bright prospects for the luture develcoment of the coast counties.
