THE COOS BAY RAILROAD.—To the many inquiries which have been propounded to us as to the prospects of building the railroad from Roseburg to Coos Bay, we have to say that the Oregon Southern Railway and Transportation Company have made a complete survey of the line, and that the San Francisco capitalists who are principally interested have received assurances from the East that the full amount of stock will be taken and the work soon commenced.

THE FIRST SHIPMENT OF EXPRESS FREIGHT from San Francisco to Jacksonville via Crescent City arrived last week. They were out five days and cost 61 cents expressage. We learn that the leading merchants of Jacksonville have ordered their freight by the same route.

Call early, you will lose bargains which are offered at Caro Bros.

DID THEY ALL SEE SNAKES?—This is the question which now agitates the army of old bums who visited a certain saloon in Roseburg on last Tuesday. One of the boys succeeded in capturing a couple of small serpents, which he presented to one of Roseburg's most genial barkeepers, who deposited their snakeships in a bottle and when any of the old regulars would present themselves before the bar would deliberately hand out a glass and the bottle containing the snakes.

LOCAL ITEMS.

Coal tar and pine tar for sale at Hamilton's drug store.

See the price-list in Caro Brothers advertisement.

Roseburg is now favored with a merchant tailoring establishment. We call special attention to the advertisement of T. J. Lynch.

The report comes from all parts of the county that the prospects for good crops were never better.

Hon. John Rowley of Mount Scott was in the city last Wednesday. He reports crop prospects good in that portion of the county.

The Roseburg and Coos Bay stage line is now carrying passengers with comfort and dispatch. The road is in good repair and is improving daily.

The Odd Fellows' celebration to be held in Roseburg on the 26th will be one of the grandest affairs ever witnessed in Douglas county.

F. P. Hogan and J. Creed Flood Jr., have returned from Portland where they have been for the past week purchasing goods.

From the amount of trunks and boxes piled around M. Josephson's store, we conclude that he has received the largest shipment of goods ever brought to Roseburg.

Wm. McMahon who killed his father near Phenix in Jackson county, has been held to answer the charge of manslaughter with bail at \$500.

A lighthouse and fog signal is to be erected at Crescent City. It is a first order light and will require three years for its completion. The cost is estimated at \$300,000.

H. W. Abrams, who killed Dr. Brownlee at Junction last January, was indicted by the grand jury at Eugene City this week, for murder in the first degree.

J. J. Farquar has seed potatoes for sale and will have on hand all kinds of fresh vegetables in their season, at his garden in Roseburg. This office presents its thanks for a supply of early vegetables.

We call special attention to the advertisement of Sir Charles Hally, Knight of the Razor, and from personal experience take pleasure in recommending him as a first class artist.

Mr. James Remington has taken charge of the hotel at Coos City, the terminus of the Coos Bay wagon road. Travelers over the road will now be assured of finding good quarters at the end of the journey.

We owe an apology to the Jacksonville Sentinel for crediting Dr. York's advertisement of his lecture to that paper, which we cheerfully make, as the part of the advertisement wrongfully credited was a "put" from the Times.

Prof. R. A. Cathey's singing class which has been in drill all winter, will give a grand musical entertainment at the Court House, this (Friday) evening, for the benefit of the Professor. It will be a rare treat to all lovers of music.

It is rumored that Senator Jim Fair, of honanza fame, was shot at by his son on last Monday. The trouble grew out of a colloquy upon a divorce proceeding which the Senator was about to institute against his wife.

Henry Villard, President of "the road being built in the Northwest," is now in Portland and it is reported will visit Roseburg during the coming week. We suppose our citizens will give him a proper reception.

We call attention to the new advertisement of F. P. Hogan. Mr. Hogan has purchased a full supply of general merchandise, all new and of the best quality, which he will sell at a small profit. He will keep no books and can therefore afford to sell lower than any other house.

The first shipment of express freight from San Francisco to Jacksonville via Crescent City arrived last week. They were out five days and cost 61 cents expressage. We learn that the leading merchants of Jacksonville have ordered their freight by the same route.

A number of the young gentlemen about town are engaged in practicing with the gloves at the club rooms. We have received some extravagant accounts of their feats of pugilism, but as our informant said that he could out-lie the local of this paper, we dare not publish them.

The most practical exhibition of the desire to assist the public schools, which all profess, is that of John Rowley the builder, who took the contract for building the school house at Mt. Scott precinct for one dollar. The house was finished in every respect according to the specifications and was received by the directors.

Joe Lynch is a first-class tailor, as his work proves. His shop is on Washington street in A. C. Marks' building. It is singular that our citizens should send to Portland or San Francisco to have suits made when they can get them made quite as well and more cheaply at home. Patrons come industriously.

W. S. Ladd, the banker of Portland, received by a late steamer an importation of twenty-nine head of Jersey cattle as well as a lot of thoroughbred sheep and hogs, which will be placed on his farm, on the East side of the Willamette. If all capitalists would follow his example they would add very much to the material wealth of the State.

The French Geographical Society has awarded their triennial gold medal to Lieut. Fred. Schwatka for his arctic expedition. It is suggested that if a medal be awarded for enduring cold, the Washington Territory Legislature should furnish one to every man who had his nose frozen in building the Northern Pacific through the mountains last winter.

Everybody should attend the Odd Fellows' celebration on the 26th and witness the grand balloon ascension by Prof. Von Montgofor.

For the best line of family groceries at greatly reduced prices call on Caro Bros.

DIED.—Mrs. Frances Blain, a daughter of Hart Woodruff of this county, died at Salem on Thursday last, from the effects of an amputation of her leg for tumor. She will be buried at the Masonic grave yard to-day, (Saturday) at 10 o'clock A. M.

FROM DAYS CREEK.

Thinking a few items from this locality might be of some interest to your readers I send you the following: The farmers have all finished seeding and are now enjoying the refreshing showers.

Several of the citizens are thinking of taking a trip to Washington Territory.

Nedry Gilmore of Deer creek, who has been in the employ of S. T. Garrison, left for home last Sabbath. O. N. Deas holds prayer meeting at the school-room every Sunday. For the past few days the river has been rising gradually at this place. The mail comes regularly twice a week on Mondays and Fridays. The public school now numbers over fifty pupils. The many pupils and patrons of Prof. Jas. B. Blundell are sorry to hear of his severe illness at his home on Cow Creek. Prof. B. has many warm friends living in Douglas county. The people of this community have one of the finest bridges in the county, across the South Umpqua. It accommodates all those living up Day's Creek and those up the river, besides the traveling public. S. T. Garrison, who was formerly a resident of Roseburg, is now an active granger at the mouth of Day's Creek. He owns the farm from which the creek takes its name. Since locating here he has made some very valuable improvements on his ranch. There are some fine mill sites on the creek. Parties with capital might profitably invest. The mouth of the creek is about eight miles from Canyonville where every one goes to trade. Settlers all along the creek for many miles above where it empties into the Umpqua. David Fate, one of the heroes who carried our national banner into the very heart of Mexico, lives up this stream just twelve miles from Canyonville. He has a delightful home, well improved in every particular. In the year 1847, while hearing arms against a foreign foe, Mr. Fate received an injury upon one of his hands that has maimed him for life. He is now in the decline of life, and should receive a liberal donation from the general government. Congress should have passed laws liberally compensating every soldier who now lives, that went through the perils of the Mexican struggle.

CONSUMPTION.

No longer in the list of incurable diseases. Send to Drs. STARKEY and PALER, 1109 and 1111 Girard street, Philadelphia, Pa. for their treatise on Compound Oxygen, and learn all about the wonderful cures which are being made in this dread disease. All orders for the Compound Oxygen Home Treatment directed to H. E. Matthews, 606 Montgomery street, San Francisco, will be filled on the same terms as if sent directly to us in Philadelphia.

Creed Flood will open his Bar of Fashion next week, one door north of Da Motta's barber shop. It is fitted up in elegant style and will be the most attractive store in Roseburg. He will keep the latest styles of fancy goods and furnishing goods. This enterprise is one which deserves success as it brings within reach what our fashionable people have had to send to Portland for. Call and inspect his goods.

The base-ball season promises to open vigorously this season. On last Saturday two nines from the country were in town getting their outfit. The French settlement club; Wm. Casbeer, Captain; Chas. Fisher, pitcher; and Sam. Wade, catcher. The other, Alexander Flournoy, Captain; R. Green, pitcher, and George Smith catcher. The Roseburg club will have to hurry up or they will be badly whitewashed on the 4th of July.

Professor E. B. McElroy, State Superintendent of Public Instruction, called upon us last Wednesday. He was here particularly in the interest of the District Institute, which will be held at Eugene City on Tuesday, May 1st, and continue until Friday, May 4th. The Institute promises to be very interesting, as the attendance will be large from Lane and Benton counties and from the adjoining district. Our teachers are all too much occupied to attend, as most of the schools have just commenced work, and are therefore unable to spare the time. Prof. Henry Beason will attend and all others who may be able to do so. Who is here Prof. McElroy visited our school and expressed himself satisfied with the manner in which it was conducted. He left on Thursday morning.

HOMICIDE AT ELKTON.

Wednesday evening about six o'clock James Beckley shot and killed Henry Levene, the ball striking him in the face or forehead, killing him instantly. The encounter grew out of a quarrel caused by the deceased corraling stock belonging to Beckley. The deceased used abusive language towards Beckley, and put his hand in his pocket as if intending to draw a weapon, when Beckley drew a derringer and fired. The deceased was a young man, about twenty-seven or twenty-eight years old, lately married. He was raised in this county. He leaves a wife, a number of brothers and one sister, besides a large number of relatives residing in this county. Mr. Beckley is a young man, near the age of the deceased, is a brother of Hon. Henry Beckley of this county, and is married and has several small children. Mr. Beckley came to Roseburg and surrendered himself to Sheriff Purden. A warrant has since been issued from the justice's court at Elkton, where a preliminary trial is now in progress.
