LOCAL ITEMS.

Hamilton Platt of the Oregonian news force, called on Thursday.

Lowry Watson Esq. of Coos bay, and Asa Carman of Port Orford, were in town this week.

B. B. Jones of Southport coal mines on Coos bay, was in the city this week, on his way to the Sound and Bellingham bay.

Alf. Croxton has returned to his desk at Marks & Co.'s much improved in health, but refuses to give his experience.

Mrs. Geo. Ross and Mrs. Brown are on a visit to their sister, Mrs. Lou Zigler at the Metropolitan hotel.

Miss Alice Mosher has reopened the school at South Tenmile. The people may be congratulated upon having secured so popular a teacher.

The Roseburg W. C. T. U. holds its next regular meeting at the M. E. Church, on Saturday afternoon, July 21st.

Col. W. J. Martin the old veteran, at his home near Galesville, last week, fell and broke his leg. We are glad to hear that he is doing well.

Wm. Roland, an old pioneer who in the early days was scalped by a grizzly bear near Winchester in this county, died on the 7th of July, at his home on the south Coquille, aged over 80 years.

Louis Belils has fitted up the south side of his store-room with shelves and counters and hereafter his son, lately from California and a disciple of the "art preservative," will vend choice tobacco and cigars.

There will be sold Monday, July 16th, 1883, at one o'clock P. M., by J. S. Purdom, Sheriff, at public auction, the following personal property: One five hoed cultivator; 1 Michigan fanning mill with ten blades; 1 John Deering plow; 1 wheelbarrow; 1 Woods' twine binder.

From a passenger on the Coos bay stage last Thursday we learn that the road is now in first-class condition for teams, and that the stage passes over the road in seventeen hours traveling time. He met several immigrant teams, whose drivers toward that section by the prospect of the early commencement of the railroad.

J. B. Emory an old and respected citizen of Douglas county who has been stopping in Roseburg for the last year, left as Thursday morning for Portland. He will be employed as mail agent on the Columbia river route. He has the best wishes of many friends for his success.

Sol. Caro, the genial drummer of former days was in Roseburg during Wednesday and Thursday of this week. He is agent for the music emporium of Matthias Gray of San Francisco, for the sale of sheet music, music books and musical instruments.

If you have any disease which does not yield readily to medical treatment, don't fail to get the Treatise on Compound Oxygen, that wonderful revitalizing agent and health restorer, and study it carefully. It is sent free by DR. STARKEY & PALER, 1109 and 1111 Girard street, Philadelphia, Penn.

DRAINAGE.

The fact that Roseburg remains healthy during this heated and smoky term is no compliment to her industry and enterprise in the matter of sewerage, but simply goes to show that the healthy conditions of our section have been at least a match for the exhalations arising from stinking back yards and gutters.

BOTTLED WATER.

It is sometimes said that our water works on the hill will be insufficient in case of fire. While we think that the persons who make such remarks will find on occasion that our water works and fire ladders will be equal to any emergency which may arise, we know that it is an aggravation to the thirsty (for water) citizen to pass the quiet hydrants and know that a refreshing stream is struggling to escape only a few feet away.

CONTESTS.

In the timber-land contest of Whitsett vs Roberts the Register and Receiver have decided that the land is fit for cultivation and consequently belongs to Whitsett. In the timber land contest of Tipton vs Hughes, appealed to Commissioner, it has been decided by the Commissioner that the land is fit for cultivation and none of it can be taken as timber land.

HEALTH AND EXCURSIONS.—This is the season when the tired and over-worked, as well as the invalid and the healthy cast wistful glances toward the forest shades and the bracing atmosphere of the old ocean.

RECREATION.—A large crowd of our citizens have gone eastward. They may not escape the smoke but will probably get into a cooler stratum. It would have been no more than fair to have notified the fish and deer of their intentions, but they are forgiven and we hope they will find oceans of fun; no accidents and return with ample flesh and robust health.

GOING OUT.—Our enterprising young merchant, S. F. Flood intends to close out his mercantile business only, on or about the 20th of August next. If all our business men would exhibit Fred's enterprise business would boom.

Celebration at Mt. Scott.

The ever "Memorable Fourth" was celebrated in becoming style by the patriotic citizens of this precinct.

The glorious day was ushered in by firing of anvils, and at an early hour a goodly number of people were gathered together in one of the most beautiful places, a natural temple, by the banks of the beautiful North Umpqua.

At the appointed hour the president of the day, Mr. J. J. Thornton called to order. An earnest prayer was delivered by the chaplain. A choir consisting of young ladies and gentlemen of Mount Scott with Miss Flora Watson as organist furnished good music. The Declaration of Independence was read in clear distinct tones by Miss Sarah Wimberly.

Prof. H. L. Benson was then introduced, who delivered an excellent oration, which was full of thought and highly commended. A bountiful dinner was spread upon a table and all invited to partake, and right here let me say that for good cooks and pretty girls Mt. Scott can't be beaten.

In the afternoon various amusements were indulged in, some playing base ball, others more gallantly inclined were boat riding, swinging etc. There were two candy stands and a swing, all liberally patronized. A dancing hall was erected on the grounds and at night those who indulge in dancing "tripped the light fantastic toe" until the approaching morning called them home to their respective duties. Thus passed away our nation's birthday. There were visitors present from various precincts, and none went away regretting having spent the day among the hospitable people of Mt. Scott.

"Death Loves a Shining Mark."

On the evening of the Fourth at ten o'clock and fifteen minutes, all that was mortal of Samuel Ward ceased to be. His death was the result of a hurt received by a horse falling with him while taking a pleasure ride Sunday preceding. Sammie (aged 20 years) was a young man just entering upon the duties of manhood with as flattering prospects for long life and success as any young man in the county.

"Mysterious are thy ways, Oh Lord!" As the sad news passed through the community there was not a heart but was laden with its throb; not a bosom that did not heave a sigh, nor an eye that did not drop a burning tear. At his funeral, which was largely attended, sorrow was depicted on every face, Sammie was a boy of but few words but firm as the rock. He was noted by all who knew him for truthfulness and stability. Although he had a sad accident befall him he was blessed by being permitted to die at home in his father's arms with his mother's lips upon his cheek. The bereft family have the sympathy of the entire community.

THOSE PEARS.

Mr. Louis Langenburg has our thanks for a basketful of excellent pears sent with his compliments to the office. Two pairs is a good hand, but a whole basketful of one spots would make glad the heart of any player at the game of life.

AARON ROSE.—On the 3rd day of July Uncle Aaron Rose, forgetting that he was a somewhat aged man, went into the hayfield near his house to show a younger man how to mow. He convinced the other man that the was no 'mower' to be despised than No. 1 workmen of fewer summers. Returning home, Uncle Aaron proceeded to divest himself of his coat, vest and shoes and dispensed cider to an eager and dry friend of his until a late hour, thereby exposing himself and contracting a severe cold. He was confined to his bed on the 5th and has been ever since, with a severe illness, but we understand that he is now convalescent and will probably be on our streets again in a few days.

SWAMP LAND.—There is a swamp land case now pending in the land office here. This is the first one for some time. The settlers will occasionally go for the Colopel on account of a difference of opinion as to the character of Coquille land. All we have to say is let the deserving man win.

RECREATION.—A large crowd of our citizens have gone eastward. They may not escape the smoke but will probably get into a cooler stratum. It would have been no more than fair to have notified the fish and deer of their intentions, but they are forgiven and we hope they will find oceans of fun; no accidents and return with ample flesh and robust health.

GOING OUT.—Our enterprising young merchant, S. F. Flood intends to close out his mercantile business only, on or about the 20th of August next. If all our business men would exhibit Fred's enterprise business would boom.

Dreadful Accident.

New Westminster (B. C.) Guardian.

On Saturday last, the young girls, pupils of St. Ann's school, went out, accompanied by several of the good sisters of St. Ann, on a picnic party to the farm of Mr. George Black, in the vicinity of the Coquiltan river. The day was beautiful, and the children enjoyed themselves with all the gladness of childhood. Miss Black entered into their juvenile amusements with the happy sportiveness of early womanhood, and accompanied a number of them to the margin of the river. It would appear that they were permitted to bathe their feet, but did not undress. The water just now, however, is very high and swift; Miss Ward, one of the young ladies, had ventured too far, and sank in deep water; Miss Black, in attempting to save Miss Ward, went down, and never emerged alive. The alarm having been given, Mr. Joseph Wise, who happened to be within hearing, plunged into the river and rescued Miss Ward, but was compelled to seek assistance to recover the body of Miss Black, who was unhappily beyond the reach of human efforts. The distress of every one present is beyond description; the remains were immediately brought to this city and kindly cared for by the Sisters, who did everything possible to lighten the terrible blow. Information was at once dispatched to the bereaved parents, who were quickly beside the bier of their beloved child. She was, indeed, a beautiful creature, "Fair, fair, with golden hair," just blooming into womanhood, and endeared to everyone by her frank, happy disposition, as much as by her sweet face and graceful person. The scene in the convent parlor, where the body was laid in a shroud, was very sad—the child's father and mother, the Sisters, and the school children, standing round in the awful presence of death—it was pitiful. Mr. Black bore his sorrow like a Christian gentleman, and tried to console the Sisters. The grief of her parents is too sacred for discussion here. We need hardly say that no blame is attached to any one; it was one of those accidents entirely beyond human foresight or ordinary precautions. The funeral took place on Monday last from the convent, the procession attending to Holy Trinity Church, where the burial service was impressively read by the Rev. Mr. Sheldon, assisted by Rev. Mr. Ditcham. The procession then proceeded to the Masonic cemetery, where the remains were interred. The grief of all present would have impressed a stranger with the belief that they were all relatives. The parents, who are greatly respected, have the sympathy of all.

FROM OAKLAND.

The thermometer has been dancing to the tune of 98 degrees Fahrenheit for the past few days.

The "Glorious Fourth" was quietly observed, and the evening was made boisterous by the trite performances of a theatrical troupe.

Senator D. W. Stearns, like many other good citizens, is playing the part of the great Cincinnatus of Rome.

Mrs. Lucy Taylor, daughter of Mrs. P. G. Eubanks, took her departure for Harrisburg on Tuesday's train. She has a beautiful boy that is the pride and joy of his parents.

Richard Thomas, whose portly frame carries a soul bigger than his body, is making more substantial improvements around his commodious hotel. May he ever continue as now.

Perry Linville has just returned from east of the mountains, where he and family have resided for some time.

Dr. J. C. Shambrook is again able to attend his patients. His mind is as active as ever, and his numerous patrons are jubilant.

Hon. J. C. Hutchinson is around looking after real estate, and can aid you in selling your property. Jim is really growing taller in appearance. Success my old friend.

Johnny Howard, the favorite of all the boys, is ever on the alert and never fails in making his friends comfortable when they come round. Marrying has done much for you, old boy.

It is whispered that several beautiful Misses are soon to be led to the hy-menal bow, where Venus of old held divine power.

The many friends of Jas. H. Mahoney are sorry to see his manly form so impaired by the relentless hand of disease. May health and happiness soon be his.

Judge Parker, who will soon become an octogenarian, is the same affable gentleman who helped to bear the toils and hardships of the Mexican struggle. Can't "Uncle Sam" recognize his and the rest of those veterans' service which furlied the Star Spangled Banner over the plains of Mexico?

Your correspondent had the pleasure and profit of examining the attractive academy building last Monday. Prof. Geo. T. Russell and his accomplished lady have charge of that splendid building. This community should feel proud of such competent teachers. They are devoting their lives to the noble cause of educating the young. If a young man or young lady wishes to obtain a thorough knowledge of books, and to come under a wholesome discipline both in morals and intellect, Oakland academy is the place.

A. C. Young has been improving his beautiful home for several months and now it is one of the most convenient and attractive domiciles in Oakland.

The invincible John Winterburn, sup. of the Bonanza mines, is preparing his furnace for active operations by the 1st of November. He has an inexhaustible quantity of ore. The Bonanza is simply immense, and billions of dollars will be taken from that portion of the mineral kingdom.

Miscellaneous.

Miss Anna Stroud is visiting friends in Roseburg.

The delegation from Floras creek, Curry county, to the U. S. land office this week, consists of C. E. Langlois & brothers, James Carman & brother and numerous witnesses on their land contest which commenced on Thursday.

The youngest child of Prof. H. L. Benson, a babe of eight months, died on last Sunday from inflammation of the bowels. It had about recovered from an attack of measles when it was again taken down.

D. C. McClellan returned this week from a mysterious and solitary trip into the Coast mountains. Mum is the word with Mac and he leaves anxious ones to draw their own conclusions as to the object of his pilgrimage—whether it was coal, gold or gammon. He returned exultant anyhow.

PERSONAL.—Mrs. Flood went to Portland on Thursday to visit her daughter, Mrs. Chapman, who is in delicate health.

SCARCITY.—There is no lumber to be had for love or money in Roseburg. A great many men want to build and some to repair but cannot do so without materials.

Hon. Jas. Chenoweth is the truest man in the community, and one of the most energetic.

At Hamilton's drug store, quicksilver, Sulphur, lime and a cheap grade of coal oil or doctoring sheep.

JONES' MINERAL WATER!

Testimonials From Prominent Citizens of Roseburg!

For the benefit of those suffering with catarrh I will state that I have been afflicted with that disease for the last three years and after using various remedies without any benefit, was finally induced to try the Eldorado Mineral Water, from the spring of Geo. W. Jones, which I will state has effected a cure, and I have no hesitation in recommending it to those suffering with a like complaint.

J. S. FITZHUGH, County Judge of Douglas county, April 13, 1883.

G. W. JONES, SR.: During last Summer I was suffering with constipated bowels and general ill health. I procured two bottles of mineral water and used it and an entirely cured. I have no hesitation in recommending the water to all who are suffering with like derangement of the bowels and general debility.

HENRY BOWEN, City Marshal of Roseburg, April 13, 1883.

GEORGE W. JONES, SR.: Having used the Eldorado Mineral Water for some time, for dyspepsia and catarrh, I feel safe in recommending it to the public as a sure and reliable remedy in those afflictions.

W. S. HUMPHRY, City Recorder, Roseburg, April 16, 1883.

This is to certify that during last Fall I was suffering seriously with congestive chills and fever, and was induced to try the Jones Mineral Water and am happy to state that one bottle cured me entirely and I have enjoyed good health ever since.

W. G. CLEVELAND, Roseburg, May 5, 1883.

The Eldorado Mineral Water can be purchased at any time at the Drug Store of Dr. S. Hamilton, Roseburg, at 50 cents per quart.

TESTIMONIALS.—G. W. Jones, dear sir: Having been troubled with dyspepsia for many years I was advised by W. D. Johnson to use your mineral water. I did so and do unhesitatingly say it did me more good than anything I had ever used. It had an immediate effect. Yours,

JOHN HOWARD, Roseburg, April 1, 1883.

This is to certify that I have used successfully the Umpqua mineral water for six months, for nervous dyspepsia and debility of the whole system and I have found great relief and I might say an entirely cured. I have no hesitation in believing this mineral water to be of great curative value.

Respectfully, W. F. JONSON, Roseburg, April 2, 1883.

ELDORADO SPRINGS.

To all persons suffering with any nasal catarrh affection of the throat or stomach, I will state that last Fall that myself and members of my family were suffering with catarrh in the head and myself with an affection of the stomach. That I purchased a gallon of the mineral water taken from the spring on the South Umpqua, 3 miles west of Roseburg, of G. M. Jones, Dr. Hamilton agent, and can testify that both myself and family have received great benefits from its use. My son Andrew Willis was suffering very much from nasal catarrh and by the use of this water has entirely recovered and is now well. I can unhesitatingly recommend it as the best medicine I have used in my family for any of the above named complaints.
