LOCAL ITEMS.

Coal tar and pine tar for sale at Hamilton's drug store.

We notice the lumber on Mr. Smith's lot near the picture gallery, on Jackson street and for the erection of a new building.

Wednesday morning a two-foot pocket rule was picked up on the hill east of Roseburg. The owner can call and get it.

Blow, oh blow, ye Umpqua breezes; sing, oh sing, ye Umpqua muses, etc.; case the Eldorado water is good for the "blues."

H. P. Whitney, the principal butcher and cattle dealer of Coos Bay came up this week to dispose of a few fat cattle that he had no use for.

A social dance will be given at Marks Hall Thursday evening August 2d. The best of music will be furnished by the Roseburg String Band.

Barker Caro's enterprising clerk is having the old meat shop into a store room, and will soon engage in the green grocery business on his own hook.

Gen. Francis Darr, of New York, was in town Thursday and left Friday morning, after calling upon his old time Cincinnati friend Judge Mosher.

Messrs. Barrows & Getchell, with ten experienced fishermen from Astoria, passed through Roseburg, on their way to the Coquille river to operate the new cannery at that place.

We neglected to state last week that A. F. Shultz had purchased the flouring mill at Canyonville which formerly belonged to S. Marks & Co., and that the reputation of that brand of flour will be fully sustained.

The Overland Monthly for August is on our table. The contents are up to the usual standard of excellence. Subscription \$4.00; single number, 35 cents. Address Samuel Carson, 120 Sutter St., San Francisco.

Z. B. Adams, tourist, was in town this week and remained a couple of days. Everybody knows Zed, as he has traveled this State many years. He now makes his reports to J. C. Johnson & Co., San Francisco.

Friday July 20th, there was born near Cleveland, in this county, to the wife of N. T. Day, a bouncing baby boy. It is needless to say that Nick is the proudest old man to be found anywhere in Southern Oregon.

Harly Stanton is having the postoffice building refitted with new shelving and the walls and ceiling newly painted, and we expect a fine display of new goods. You should call and see him, as a new broom sweeps clean.

The property of H. H. Lane, on Coos Bay, has been sold to the Southern Oregon Improvement Company and the deed has been recorded in Coos county. This is another guarantee that the Coos Bay railroad will soon be built.

Thrupy, of Elk Creek, was shot on Thursday, at Canyonville about 10 A. M. by Wm. Eddings. The wounds are likely to prove fatal. Eddings was brought to Roseburg by Esp. Chas. Beaman, and will have his examination to-day.

The business is increasing here among business men in the matter of developing outlying sources of wealth. It is the old story that needs to be re-stated quite often. Roseburg must use the means at hand if she would retain commercial supremacy without effort the natural advantages of her position will count for naught.

F. A. Smith, the well known photographer of Salem, and a former resident of Roseburg, has established a gallery on Main street, nearly opposite the Plaiddealer office, where he will remain for some time. His prices are reasonable and all who want first class pictures should embrace the opportunity.

Mr. John G. McBride, representing the hardware firm of Huntington, Hopkins & Co. who was in town this week, presented to Mr. Asher Marks, a Smith & Wesson self-cocking pistol, which is as pretty a piece of this kind of hardware as we have seen for many a day. It is too handsome to carry and too valuable to leave at home.

Mailed free, by Drs. STARKEY & PALEN, 1109 Girard street, Philadelphia, their "Treatise on Compound Oxygen, its Action, Nature, and Results. A very remarkable publication." All orders for the Compound Oxygen Home Treatment directed to H. E. Mathews, 606 Montgomery street, San Francisco, will be filled on the same terms as if sent directly to us.

The democracy must be looked to for redress of the wrongs of land monopoly. What is the use to reiterate the stale platitudes, so frequently heard from republican sources, that America is an asylum for the oppressed of all nations, when in fact the conditions existing under our present land monopoly system, come so far from realizing this philanthropic dream.

In a recent article the London Economist estimated the cash value of the British merchant marine at two hundred million pounds sterling, yielding a net annual income of fifteen million pounds. Another very careful statistical publication, Le Coton, of Brussels insists that this estimate is much too low since the United States alone pays \$90,000,000 a year in freights to English ship-owners.

The ladies of Roseburg have at last succeeded in capturing enough men to organize a branch of the Y. M. C. A. A meeting was held last Sunday evening at the Presbyterian Church and the following officers elected: President, B. A. Cather; Vice President, Mrs. S. C. Flint; Secretary, S. C. Flint; Treasurer, Mrs. H. P. Webb. A meeting will be held at the same place next Sunday evening to perfect the organization.

During the last part of last week and the fore part of this week, Senator Dolph Congressman George, Governor Moody, and Surveyor General Tolman, made an extended trip through Jackson county. The Oregonian states that it was "partly for pleasure and partly upon business of a private nature. Congressman George reports that the wheat is nearly all harvested, and the general average of the yield of wheat was eighteen bushels to the acre—a quantity satisfactory to the Jackson county farmers. The quality is equally good. Frosts prove to have been considerably injured by the frost, but are in much better condition and greater quantity than in the vicinity of Portland." Why does he not report upon the wool crop, as his visit has no connection with the land and politics?

Henry Bowen has reopened the blacksmith shop at the old stand on Jackson street and is prepared to do all kinds of work promptly and well.

In last week's issue an injustice was done, inadvertently, to Mr. Sanatory in insinuating that upon his return he would be likely to exaggerate in regard to the number of fish caught by the excursion party of which he was a member. That gentleman informs us that a strict tally was kept of every fish caught and that the exact number was 1921 and 2119 we have forgotten which, and the Messrs. Sheridan, Tolles, Johnny Chase and the rest of the party endorse the statement as being correct. Same will please accept our apology.

Best quality of note paper ten cents per quire and envelopes five cents per bunch of 25, at Hamilton's.

On Monday evening as David Clements, who works at the Cosmopolitan Hotel, was bringing around the hack and team to go to the train the colts took fright and made a lively run down Main street, past the old stage barn, and turned round through the alley toward Jackson street.

When making the turn the high wind wheel struck against a heavy piece of timber with such force that it broke the doubletree and one of the single-trees, and overturned the hack breaking it very badly. The team at this point got loose and made a lively run up Jackson street and were stopped in the vicinity of Thornton's livery stable. Mr. Clements, who up to this time had escaped with slight injury, followed the team and took the lines and attempted to drive the colts back to their stable when they again started to run and drew him down upon the gravel and again got away. Dave in the meantime received some painful bruises and is now carrying a cane on account of a sprained foot. His injuries are not serious and it is to be hoped he will be well in a few days.

AN AMUSING INCIDENT.—Last week just after our paper had been circulated in the city our attention was called to a leading republican with a crowd around him in front of one of the saloons, talking very loud and jesticulating vehemently. In passing that way we stopped to see the cause of his excitement, when he turned upon us with the remark, "democratic lies."

Not knowing the purport of his remarks, we asked for further information. He referred us to our article entitled "Tariff and Wool," in which we referred to the base manner in which M. C. George had went back upon the promise he made during the recent canvass, to maintain a tariff on wool that would keep out of competition the cheap wools of Australia and South America. We assured him that we had heard Mr. George make the promise in the speech he delivered in the court's house at this place during his canvass. He replied, "well, but dot was the first time he run'd; he was not here at all the last time, he was in Washington in Congress." Seeing the error into which his enthusiasm for the great blunder had led him, we remarked, you will admit he made the promise and then went back on it. He replied: "Vell, yes, but den he was elected two years after on an nudder platform and that makes a difference." We passed on feeling completely vanquished.

FATAL ACCIDENT.—On Saturday last about 3 o'clock in the afternoon, George Britton Bellows, eldest son of A. J. and Almira Bellows, while out hunting with a double-barreled shot gun, in company with his younger brother, a short distance from their residence, on the west bank of the South Umpqua river opposite the City of Roseburg, accidentally discharged both barrels of his gun, the contents striking him in the side of the face and head, killing him instantly. The deceased was in the 14th year of his age and a bright intelligent boy, who had given promise of becoming a good and useful man, but his young life was by this sad accident taken away, and while his mortal remains are laid to rest in the silent grave his spirit has winged its way to a brighter world. The funeral services were held in the Presbyterian church on Sunday by Rev. Smick. The remains were followed from thence to the Odd Fellows Cemetery by a large concourse of friends and there laid to rest until the last great day. The sorely afflicted family have the sympathy of the entire community.

Y. M. C. A. There are many various reasons why the present effort to organize a branch of the Young Men's Christian Association should succeed.

First, because of the advantages which accrue to young men from associating together. There is wisdom in a multitude of counsel, doubly so when we remember that Jesus is our great counselor.

In the second place there has been a great breaking down of the "middle wall of partition" between the Orthodox Evangelical Christian Churches throughout the world during the last few years and all are losing sight of everything which can in the remotest degree hinder the coming of our Lord Jesus Christ into the hearts of the people.

Thirdly, the Gospel must needs receive that united action and unity of effort found in the sum of aggregate christian work, where all branches of the true vine are grafted in Christ our Savior.

This last is the more necessary because of the opposition which Satan and his host array against us. But the strongest argument which can be adduced in affirmation of this proposition to organize a Y. M. C. A. in Roseburg is, that nowhere else in church work do we find that oneness in Jesus Christ's children so essential to the building up and spread of Redeemers Kingdom among men.

God grant that we may act wisely and plant a seed here which will grow into a mighty social and religious tree, sheltering beneath its refreshing shade, every weary, sin-sick soul in Douglas County.

Stage Robber Captured.

On last Tuesday night as the South bound stage was approaching the summit of Grave Creek hill, about one mile south of Henry Smith's, in Josephine county, it was stopped by an armed man who was masked. He relieved the driver of the express box and mail sacks and the passengers of their valuables. The express box contained eighteen hundred and ten dollars, which belonged to the R. R. Co., and was going south to Mr. Hulbert to pay off his surveying party. The amount of treasure taken from the mail and passengers we are unable to learn. Wednesday evening Mr. Fuller, the express agent, and Mr. F. P. Hogan went out on the south bound train to investigate the robbery. They arrived at Glendale late at night and commenced their investigations. Mr. Hogan soon learned that a man by the name of Todd who was suspected of the robbery, had bought a horse from Mr. Anderson who lives this side of Glendale and was traveling north on the line of the railroad. Mr. Hogan took the train and came back as far as Lewisville. After traveling around in the dark he found the track and followed him to Watson Mynatts, some three miles south of Riddle's, where he arrived about five o'clock in the morning. Learning that his man was in bed he waited until he got up and went to wash. When the man placed his hands in the basin he drew his revolver and ordered him to throw up his hands; having laid his weapons aside the robber had no choice, but obeyed. Mr. Hogan then made him get down while young Mr. Mynatt tied him. He found on his person the \$1810, less \$40, which had been paid for the horse. He then brought the prisoner to Riddle and from there on the freight train to Roseburg, arriving here about 3 o'clock in the afternoon, where he was locked up in jail. He is a strong, sinewy built man, lean of flesh, about six feet in height, weight about 175 pounds, dark red hair with red sandy whiskers and moustache, with large whitish blue eyes. There was nothing found with him to indicate that he had got any valuables from the mail or passengers. The reward for this capture will amount to over one thousand dollars, which is a pretty good day's work for Mr. Hogan.

Mr. Hogan took his prisoner to Portland this morning to turn him over to the United States authorities.

FROM OAKLAND.

OAKLAND, July 23, 1883. S. T. Hendricks, of Civil Bend, is here looking at the country.

John Beckley, the wide awake livery man, seems to be doing a lively business.

Hon. Jas. H. Mahoney is again on his trip, and just as pleasant as he used to be.

Grandpa Reed is quite ill but improving under the treatment of Doctor Shambrook.

W. K. Hanna has been away several days to the seaside in search of health and pleasure.

Hon. Jas. Chenoweth is ever busy as a bee and never fails to make a trade when the other party means business.

Hon. J. C. Hutchinson speaks of erecting a handsome residence upon his town lots near the residence of A. C. Young.

Johnnie Howard speaks of starting east in a few weeks to visit the parental roof. He has many friends who will miss him.

Geo. Barr, a young man of many warm friends, has one of the finest harness shops in the Umpqua country. May success ever perch upon your banner my good friend.

Hon. B. Hermann was over on Monday looking out for legal business. Binger is an old resident of this place, and his many patrons and friends are ever glad to take him by the hand.

Prof. Geo. T. Russell is quite busy preparing his school grounds for the fall term of school, which promises to be largely attended. The new organ placed in the school room adds greatly to his already attractive chapel.

Richard Smith, the popular merchant on the corner of Locust street, has been very sick, but is rapidly recovering under the skill of Dr. Shambrook. The Doctor has been very successful ever since locating in this place.

Uncle Harry Pinkston, one of the old and favorite pioneers of this county, is visiting relatives and friends at this place. He looks as though the edifying fingers of time were touching him lightly. We would welcome him back as a citizen of Douglas.

Rev. Mr. Richardson, of Eugene City, occupied the pulpit here last Sunday evening. He is one of the most forcible speakers to whom we have listened for many months. He has an influence for good wherever he goes, and will be instrumental in having a commodious church house erected at this place. Nothing adds more to a community than good churches and good schools. Oakland has a splendid school and now let her shake off their lethargic slumbers and erect handsome buildings for their members.

FROM RIDDLE.

RIDDLE, July 24, 1883. ED. INDEPENDENT.—Thinking a few items from this place would be of interest to your many readers, I send you a few:

Uncle Billy Riddle is declining fast. William Sanderson has charge of the Riddle Hotel.

We hear rumors of a wedding soon. George goes up the creek very often.

L. B. Riddle has left this burg for the Siskiyou tunnel where he will feed the fanning.

Miss Alice Quinn returned home from Pomeroy, W. T., where she has been visiting a sister.

Mrs. Hotchkiss is closing out her millinery store with the intention of locating in your city.

Mrs. Woodford, of Lealand, is at present in the neighborhood visiting relatives and friends, which she has a host of.

Farmers are nearly done cutting grain, and will commence threshing next week. Wheat will be short; one-third oats and barley an average.

BIDDLETZ.

A Short Stay at the R. R. From.

On Tuesday, July 17th, the pay wagons proceeded from the town of Julia. Tunnel No. 8 is the first place where the R. R. hands thronged around the coin box for their wages.

Wm. Mangon, one of the most efficient of tunnel men, has full control of the work on this tunnel. He thinks the work will be completed sometime in August next. At the south end of this tunnel is located a large camp. Here the headquarters of general time-keeper, E. C. Kane, is located. Mr. K. has held many responsible positions for the Company, and has filled them well. His present position is one of great importance to the R. R. Co., and he is fully competent in every particular for the arduous duties now devolving upon him. His corps of sub-time keepers is well selected and every part of the work is fully reported on the pay-roll by them.

Tunnel No. 9 is now ready for the track and the greater portion of the grade is finished between the two tunnels. South of this tunnel are several camps, but the largest is camp 9. Here you find one dozen saloons and several stores. Baker Bros, of Oakland, have a nice stock of goods here and are doing a thriving business. Hon. G. W. Riddle is also doing well in the merchandise business. Messrs. Cox and Youcum have the boss saloon and keep everything for quenching thirst.

At Julia, Glendale, or Montgomeryville, or whatever you may call it, several familiar faces are to be seen. Our general friend, Horace Hanna, the efficient book-keeper of Abraham, Wheeler & Co., is the same pleasant gentleman we use to know at Oakland, and Wm. Anderson, the invincible stalwart, keeps a very cosy eating house. Wm. evidently understands more about keeping a boarding house than running the Republican machine. You are pleasant, Wm., notwithstanding your stalwartism.

MYRTLE CREEK.

Everything in full blast harvesting. Johnnie Nichols thinks he has struck it up the creek; it is not gold this time.

H. Dyer has returned from the R. R. front, well satisfied to make his headquarters at Myrtle Creek.

Miss Ellen, daughter of F. M. Gubbert is lying dangerously ill. Her many friends long for her recovery.

W. K. Kernan, the obliging sewing machine agent, passed through our town last Saturday. He is ever the same old boy.

Dr. K. H. Gabbert, the ever pleasant and popular druggist, has everything in the stationery line and a full supply of fancy articles.

Miss Katie Buick, the attentive and accomplished telegraph operator at the depot, is anticipating attending the State University for two or three years. A good idea.

Wm. Ledgerwood says there is nothing like a home with a wife and two boys. He has the finest garden in Myrtle precinct and will be able to supply the home market with Irish spuds.

It is pleasant to see the two septuagenarians, Uncle Wm. Hutson and Dr. E. G. Browning, talking in pleasant conversation. The Dr. is here in professional business. He is one of the most practical physicians in Southern Oregon. May he and Uncle Billy live to be centenarians with no less vigor than now.

JONES' MINERAL WATER!

Testimonials From Prominent Citizens of Roseburg!

For the benefit of those suffering with catarrh I will state that I have been afflicted with that disease for the last three years and after using various remedies without any benefit, was finally induced to try the Eldorado Mineral Water, from the spring of Geo. W. Jones, which I will state has effected a cure, and I have no hesitation in recommending it to those suffering with a like complaint.

J. S. FITZTUGH, County Judge of Douglas county. April 13, 1883.

G. W. JONES, SIR: During last Summer I was suffering with constipated bowels and general ill health. I procured two bottles of mineral water and used it and am entirely cured. I have no hesitation in recommending the water to all who are suffering with like derangement of the bowels and general debility. HENRY BOWEN, City Marshal of Roseburg. April 13, 1883.

GEORGE W. JONES, SIR: Having used the Eldorado Mineral Water for some time, for dyspepsia and catarrh, I feel safe in recommending it to the public as a sure and reliable remedy in those afflictions. W. S. HUMPHREY, City Recorder. Roseburg, April 16, 1883.

This is to certify that during last Fall I was suffering seriously with congestive chills and fever, and was induced to try the Jones Mineral Water and an happy to state that one bottle cured me entirely and I have enjoyed good health ever since. W. G. CLEVELAND, Roseburg, May 5, 1883.

The Eldorado Mineral Water can be purchased at any time at the Drug Store of Dr. S. Hamilton, Roseburg, at 50 cents per quart. TESTIMONIALS.—G. W. Jones, dear sir: Having been troubled with dyspepsia for many years I was advised by W. F. Johnson to use your mineral water. I did to and do unhesitatingly say it did me more good than anything I had ever used. It had an immediate effect. Yours, JOHN HOWARD, Roseburg, April 1, 1883.

This is to certify that I have used successfully the Umpqua mineral water for six months, for nervous dyspepsia and debility of the whole system and I have found great relief and I might say am entirely cured. I have no hesitancy in believing this mineral water to be of great curative value. Respectfully, W. F. JOHNSON, Roseburg, April 2, 1883.

ELDORADO SPRINGS.

To all persons suffering with any nasal catarrh affection of the throat or stomach, I will state that last Fall that myself and members of my family were suffering with catarrh in the head, and myself with an affection of the stomach. That I purchased a spring of the mineral water taken from the spring on the South Umpqua, 3 miles west of Roseburg, of C. M. Jones, Dr. Hamilton agent, and can testify that both myself and family have received great benefits from its use. My son Andrew Willis was suffering very much from nasal catarrh and by the use of this water has entirely recovered and is now well. I can unhesitatingly recommend it as the best medicine I have used in my family for any of the above named complaints. REV. W. A. WILLIS.
